The Plan Administrator  
Sirtex Medical Inc. 401(k) Profit Sharing Plan  
Woburn, Massachusetts

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed the audits of the financial statements of the Sirtex Medical Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Notes to Financial Statements*

### **Note 1 - Description of Plan**

The following description of the Sirtex Medical Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution profit sharing plan and includes all employees of Sirtex Medical, Inc., Sirtex Medical US Holdings, Inc. and Sirtex Wilmington, LLC (collectively the “Employer” or the “Company”). An employee shall become eligible to participate in the Plan upon completion of three months of service and having attained the age of twenty-one (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

#### **Participant Contributions**

Participants may elect to defer a portion of their annual compensation to the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

#### **Employer Contributions**

##### **Safe Harbor Matching Contributions**

The Employer shall make a safe harbor matching contribution to the Plan, subject to certain limitations. The contribution is an amount equal to 100% of participant contributions not to exceed 4% of eligible compensation. The Employer safe harbor matching contribution for the year ended December 31, 2024 amounted to \$1,410,489.

##### **Discretionary Profit Sharing Contributions**

The Employer, at its discretion, may contribute a profit sharing contribution each plan year. A participant becomes eligible for the discretionary profit sharing contribution on the earliest semi-yearly date (January 1 or July 1) after which the participant completed one year of service. Allocations are based on the ratio of a participant’s compensation to total compensation of all eligible participants. For the year ended December 31, 2024, the Employer did not approve a discretionary profit sharing contribution.

### *Note 1 - Description of Plan (Continued)*

#### ***Participant Accounts***

Each participant's account is credited with the Participant's contribution and allocations of the Employer's contributions and Plan earnings/losses and reduced by direct loan fees and benefit disbursement processing fees. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balance.

#### ***Vesting***

Participants are immediately vested in all contributions, including rollovers, and the earnings thereon.

#### ***Payment of Benefits***

In-service withdrawals are permitted from all vested accounts upon the attainment of age 59½. Participants are entitled to their total vested account balance upon death, disability, retirement or termination of employment. A participant may elect to receive a lump-sum amount equal to the value of his or her accounts or in the form of the following: annuity or joint and survivor life annuity. If a participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to the participant.

#### ***Notes Receivable from Participants***

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their employee elective contribution accounts. Participants may not have more than one loan outstanding at any one time. Loans may range from one to five years (up to ten years for the purchase of a primary residence). The loans are secured by the vested balance in the Participant's account and bear interest based on fixed interest rates currently being charged by commercial lenders for loans of comparable rates. Principal and interest are either paid directly to the custodian by the Participant or ratably through payroll deductions.

#### ***Forfeitures***

A forfeiture of matching contributions that relates to excess amounts shall be determined once during each Plan year. Forfeited non-vested account balances are used to reduce Employer contributions or pay eligible administrative expenses of the Plan in the year the forfeiture occurs. For each of the years ended December 31, 2024 and 2023, there was no forfeiture balance available.

### **Note 1 - Description of Plan (Continued)**

#### ***Plan Administration***

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participant accounts are charged directly for loan fees and benefit disbursement processing fees; however, the majority of expenses incurred in the administration of the Plan are charged to and paid by the Employer. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") is the trustee and custodian of the Plan.

### **Note 2 - Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual method of accounting which is in conformity with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Benefits Paid***

Benefits are recorded when paid.

#### ***Contributions***

Contributions from Plan participants and the Employer are recorded in the year in which the contributions are withheld from compensation.

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies (Continued)**

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

#### ***Unit Values***

Individual participant accounts for the pooled separate investment and collective investment trust accounts are maintained on a unit value basis. Participants do not have beneficial ownership in their specific underlying securities or other assets in the investments but do have an interest therein represented by units valued daily. The investments earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each investment are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

#### ***Subsequent Events***

The Employer has evaluated subsequent events through October 8, 2025, the date that the financial statements were available to be issued. No significant matters for disclosure were identified during this evaluation.

### **Note 3 - Information Certified by the Trustee and Custodian**

Plan investments are held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") in mutual funds, collective investment trusts, pooled separate accounts, and a guaranteed interest account. Principal is the trustee and custodian of the Plan and has certified to the fair and contract value of investments as of December 31, 2024 and 2023 and investment transactions for the year ended December 31, 2024. Investment transactions include interest and dividends and net appreciation in fair value of investments. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Principal.

## *Notes to Financial Statements*

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### ***Mutual Funds***

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### ***Pooled Separate Accounts***

The pooled separate accounts generally invest in domestic and foreign equities, as well as real estate investment trusts ("REITs"). The fair value of the Plan's interest in the pooled separate accounts is based on the fund's daily NAV, as a practical expedient, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on Principal's website.

## Notes to Financial Statements

### Note 4 - Fair Value Measurements (Continued)

#### Collective Investment Trusts

Collective investment trusts are recorded at fair value, valued at the trust's net asset value ("NAV") per unit, as determined by the trustee on the appropriate date ("Valuation Dates"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The Principal Lifetime Hybrid Funds' NAV are determined daily and with daily purchases and redemptions from the trust allowed. At December 31, 2024 and 2023, there are no unfunded commitments.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2024</i>

- (a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

### *Note 5 - Fully Benefit-Responsive Investment Contracts*

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

#### *Guaranteed Interest Account*

The Plan has a fully benefit-responsive investment contract which is reported at contract value. Principal maintains that this guaranteed income fund is a general account. Also, in the event of discontinuance of the fund, Principal would payout full contract value within 90 days. The account is credited with interest, which rate is set by Principal, on the underlying investments and charged for participant withdrawals and administrative expenses. During 2024, the interest rate under the guaranteed interest account ranged from 4.7% to 4.75%. Principal is contractually obligated to repay the principal and accumulated interest which is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawal and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

## *Notes to Financial Statements*

### **Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)**

#### ***Guaranteed Interest Account (Continued)***

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

At December 31, 2024 and 2023, the fully benefit-responsive investment contract at contract value amounted to \$591,462 and \$673,789, respectively.

### **Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant account balances become fully vested and any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

### **Note 7 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

# SIRTEX MEDICAL INC. 401(k) PROFIT SHARING PLAN

## Notes to Financial Statements

### Note 8 - Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Principal, the trustee and custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2024, fees paid to Principal amounted to \$116,907. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

### Note 9 - Tax Status

The Plan adopted the Principal Life Insurance Company Non-Standardized Pre-Approved Profit Sharing Plan with CODA document that received a favorable opinion letter on June 30, 2020. The Plan has been amended since receiving this letter, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
