Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RUBINO & COMPANYY

(2) EIN: 52-1186096

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X

STRENGTH IN NUMBERS

INDEPENDENT AUDITORS' REPORT

To the Trustee
Forum One Communications Corporation
Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Forum One Communications Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Forum One Communications Corporation Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Forum One Communications Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Forum One Communications Corporation Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Forum One Communications Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Forum One Communications Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FORUM ONE COMMUNICATIONS CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

1. The Plan

Forum One Communications Corporation (Company) established the Forum One Communications Corporation Employee Stock Ownership Plan (Plan) effective January 1, 2011. The Plan is administered through the Forum One Communications Corporation Employee Stock Ownership Trust. The Plan is designed to comply with Section 4975(e)(7) of the Internal Revenue Code (Code) and the regulations thereunder and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees who are employed on the last day of the plan year and have accumulated 1,000 or more hours of service during the plan year are eligible to participate in the Plan. Participants and interested parties should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

In January 2021, the Plan purchased 3,000,000 shares of the Company's common stock for \$4,740,000, with \$1,600,000 paid from Plan assets and with the remaining \$3,140,000 financed through a note payable. The stock was purchased at a price of \$1.58 per share (Note 6).

The borrowing is collateralized by the unallocated shares of common stock and the lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the Plan. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated common stock (allocated), and (b) common stock not yet allocated to employees (unallocated).

Contributions

The Plan is a trustee directed, defined contribution plan. Employer contributions are made to the Plan in amounts determined by the Company's Board of Directors, provided that such contributions do not exceed the maximum amounts excludable from participants' taxable income under the Code. Contributions may be in cash or stock. No participant is required or permitted to make contributions to the Plan or Trust.

Participant Accounts

Allocations of employer contributions to accounts of eligible participants are based on the ratio of each eligible participants' compensation, as defined by the plan, to the total for all eligible participants. The net increase or decrease in plan assets available for benefits attributable to items other than the employer contribution is allocated to participant accounts based on their pro rata share of net assets available for benefit as of the beginning of the year.

FORUM ONE COMMUNICATIONS CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

1. The Plan (continued)

Employees are immediately vested in their accounts plus earnings thereon. A participant is entitled to a cash distribution of its vested interest, in the event of termination of employment, retirement, death or disability.

Benefits

Benefits are paid in the year following the close of the plan year in which the latest of any of the following events occur: the attainment by the participant of age 65; the participant's separation of service from the Company; or the tenth anniversary of the date in which the participant commenced participation in the Plan. Participants with account balances greater than \$10,000 will receive a distribution in installments over a five-year period. Participants with account balances less than \$10,000 will receive a lump sum distribution.

Dividends

Annually, the Board of Directors determines whether dividends will be paid on the outstanding shares of the Company's stock. The amount allocated to the Plan is based on the percentage of total outstanding shares held within the plan at the beginning of the plan year. Dividends on allocated shares are allocated to participants proportionately based on their shares held at the beginning of the plan year. Dividends on unallocated shares are allocated proportionately based on each participants' eligible compensation. Dividends declared but not paid at year end are included in other receivables in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results, including realization of investments, could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Investments in Forum One Communications Corporation common stock are carried at estimated fair value as determined by an outside independent appraiser. See Note 3 for a discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Net depreciation for the year includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (continued)

Cash

The Plan maintains deposits with federally insured financial institutions. Balances, at times, exceed federally insured limits. Management, however, does not consider this a significant concentration of credit risk.

Payments and Benefits

Upon termination of service, a participant is entitled to the benefit that can be provided from the participant's account. Benefits are recorded when paid.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

Management has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in *shares of common stock of the Company* are valued based upon an annual appraisal of the fair value per share by an outside independent appraiser. The appraisal is based upon a combination of the market and income valuation techniques. The appraiser takes into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

3. Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported as of the end of the reporting period. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of levels 1, 2 or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Level 3</u>
<u>2024</u>	
Forum One Communications Corporation common stock	<u>\$ 8,511,397</u>
<u>2023</u>	
Forum One Communications Corporation common stock	<u>\$ 9,425,844</u>

The following table sets forth a summary of changes in the fair value of the Plan's level 3 amounts for the year ended December 31, 2024:

Balance, beginning of year	\$ 9,425,844
Unrealized and realized losses, net	<u>(914,447)</u>
Balance, end of year	<u>\$ 8,511,397</u>

Losses included in changes in net assets for the year above are reported as net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

4. Investments

Plan investments are comprised of Forum One Communications Corporation common stock. The following presents Plan investments at December 31, 2024 and 2023:

2024	<u>Current Value</u>	<u>Cost</u>
<u>Description</u>		
Forum One Communications Corporation common stock 7,034,212 shares at current value of \$1.21	<u>\$ 8,511,397</u>	<u>\$ -</u>
2023	<u>Current Value</u>	<u>Cost</u>
<u>Description</u>		
Forum One Communications Corporation common stock 7,034,212 shares at current value of \$1.34	<u>\$ 9,425,844</u>	<u>\$ -</u>

5. Employer Contributions

Plan contributions are at the discretion of the Board of Directors. For the year ended December 31, 2024, the employer contribution was equal to 3% of eligible compensation, plus the repayment of the loan payable. The contributions are funded by the following March 15th.

6. Share Purchase Agreement and Loan Payable

In January 2021, the Plan agreed to purchase 3,000,000 shares from other stockholders of the Company at the share price of \$1.58 (the share valuation as of December 31, 2020), for a total purchase price of \$4,740,000. The stock purchase includes a cash payment of \$1,600,000 and a note payable for \$3,140,000 issued by the Company.

The note payable bears interest at 1.35% per annum and is to be repaid over 20 annual payments, commencing in December 2021, with an original maturity date of December 2040. Unallocated shares are collateral for the note payable. Shares are released from collateral and allocated to participants as payments of principal and interest are made. In accordance with Section 54.4975-7(b)(8)(i) of the Treasury Regulations, a number of shares will be released each year based on the remaining unreleased shares prorated by the ratio of the current year note payable payment and the total remaining note payable balance plus the current year payment. The annual employer contribution can be used to cover the annual note payable payment as required.

6. Share Purchase Agreement and Loan Payable (continued)

During the year ended December 31, 2022, the Plan made additional discretionary payments of principal and interest on the note to reduce future required payments and shorten the term of the loan to December 2033.

Future principal payments as of December 31, 2024, are as follows:

Year ending December 31, 2025	\$	320,050
2026		163,393
2027		165,599
2028		167,798
2029		170,100
2030 and thereafter		<u>633,007</u>
	\$	<u>1,619,947</u>

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (Code) and is exempt from federal income taxes under Section 510(a) of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods currently in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2021.

9. Related Party and Party In Interest Transactions

The Plan's assets, which consist principally of the Company's common stock, are held by the trustee of the Plan and are valued at fair value based on an independent appraisal. These are related party and party-in-interest transactions.

Company contributions are held and managed by the trustee, who invests cash received and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. However, no such officer or employee receives compensation from the Plan.

10. Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
