INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Piece Management, Inc
Employee Stock Ownership Plan
New Hyde Park, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Piece Management, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Piece Management, Inc. Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2a.
- The information in the financial statements related to assets held by Alerus Financial and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Piece Management, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2a of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2a, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Piece Management, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of Piece Management, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Piece Management, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investments for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, in information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Piece Management, Inc., (the “Company”) established the Plan effective January 1, 2013, The Plan is an employee stock ownership plan (the “ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the “IRC”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On June 13, 2014 the ESOP acquired 3,000 shares of the Company’s common stock in a leveraged transaction for \$4,000,000 (\$1,333 per share), comprised of a \$200,000 pre-transaction cash contribution made by the Company, and a \$3,800,000 loan. On December 31, 2019 the ESOP acquired an additional 4,000 shares of the Company’s common stock in a leveraged transaction for \$8,000,000 (\$2,000 per share), comprised of a \$2,000,000 cash payment and a \$5,000,000 bank loan and a \$1,000,000 personal note (*see Note 6*). The resulting 7,000 shares represents 70% of the outstanding common stock of the Company.

The loans are collateralized by the unallocated shares of common stock and are guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year’s payments plus all future years’ principal and interest payments. Principal and interest payments during the year ended December 31, 2024 resulted in 165 shares being allocated to participants.

b. Eligibility

Employees of the Company, not covered by a collective bargaining agreement, that reached the age of 19, and received credit for one year of service, are eligible to participate in the Plan. A year consists of 1,000 hours, including paid time off for vacations, holidays, illness, disability, or temporary military duty.

c. Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan’s dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

d. Payment of Benefits

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash. Under the provisions of the Plan, the company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are not subject to trading limitations.

1. Description of Plan (Continued)

e. Voting Rights

Participants in the Plan direct the Trustee as to how to vote the shares of the Company stock held by the ESOP account with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all Company assets. The Trustee will vote shares according to participants instructions. On all other matters, the Trustee is entitled to vote for all shares of Company stock held by the ESOP account, whether allocated to participants or unallocated.

f. Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

g. Vesting

Participants in the Plan are subject to a 6-year vesting schedule as follows:

Years of Service	% of Vesting
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

h. Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants are not readily tradable on an established market, or is subject to trading limitations, including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

i. Diversification

Diversification is offered to participants close to retirement age, so they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are age 55 or older and have completed at least ten years of service in the ESOP following the effective date of the Plan (January 1, 2013), may elect to diversify a portion of your account balance attributable to Company Stock. The Trustee may offer alternative investments under the Plan or in another qualified plan maintained by the Company in lieu of distributing it directly to a participant. The diversification period lasts for six years. In years 1 through 5, participants are permitted to diversify up to 25% of their cumulative Company stock account shares less the number of shares they have already diversified. In the sixth year, participants may elect to diversify up to 50% (less amounts they have already diversified).

j. Forfeitures

Employees who terminate employment with the Company before they become 100% vested will receive the vested portion of their account. Forfeited shares will be reallocated to the accounts of remaining Plan participants at the end of the Plan year. Forfeitures are allocated to active participants in the same way Company contributions are.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis of accounting differs from accounting principles generally accepted in the United States of America in that contributions receivable and distributions payable are not recorded until paid. This basis of accounting was also used by the trustee to prepare the plan's annual 5500 tax return for the year.

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from the collateral and become allocated generally in the period in which debt service is actually paid.

d. Investment Valuation and Income Recognition

The shares of the Company common stock are reported at fair value (*see Note 4*). Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Payments of Benefits

Benefits are recorded when paid.

f. Subsequent Events

The Plan has evaluated subsequent events through September 22, 2025, the date the financial statements were available to be issued. No significant material subsequent events have been identified that would require adjustment in the accompanying financial statements.

g. Plan Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Administrative expenses of \$67,132 were paid by the Plan.

3. Investments

The Plan's investments, at December 31, 2024 and 2023, are presented in the following table:

	2024		2023	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Piece Management, Inc Common Stock:				
Number of Shares	<u>4,973</u>	<u>2,027</u>	<u>4,808</u>	<u>2,192</u>
Cost Basis	<u>\$ 8,363,417</u>	<u>\$3,636,573</u>	<u>\$13,469,355</u>	<u>\$7,501,126</u>

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures*, provides the inputs to valuation techniques used to measure fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets of liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Total Assets at Fair Value	<u>\$262,245</u>	<u>\$ -</u>	<u>\$14,500,000</u>	<u>\$14,762,245</u>

The Piece Management, Inc Employee Stock Ownership Plan common stock held by the Plan is reported as fair value based upon an appraisal. This appraisal was based upon a combination of income and market valuation techniques consistent with prior years as illustrated in the following:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Piece Management, Inc common stock	\$17,200,000	Income	EBITDA Net Income Weighted average cost Discount rate Discount for lack of marketability
		Market	Public comparable Revenue multiple EBITDA multiple Discount for lack of marketability

The valuation process involves the selection of an appraiser under contract for a term of three years with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimates per share value that a participant will receive upon distribution.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	<u>\$17,314,135</u>	<u>\$14,762,245</u>

6. Loans Payable

Loans payable consist of the following:

	2024	2023
In 2019, the Plan entered into a \$5,000,000 term loan agreement with Valley National Bank. The proceeds of the loan were used to purchase 2,500 shares of Piece Management, Inc common stock. The agreement provides for the loan to be repaid \$250,000 per annum over 20 years.	\$3,500,000	\$3,750,000
In 2019, the Plan entered into a \$1,000,000 term loan agreement with the seller/shareholder. The proceeds of the loan were used to purchase 500 shares of Piece Management, Inc common stock. The agreement provides for the loan to be repaid \$50,000 per annum over 20 years.	<u>700,000</u>	<u>750,000</u>
	<u>\$4,200,000</u>	<u>\$4,500,000</u>

Future principal debt repayments are estimated to be as follows:

2029	300,000
2030 and Thereafter	<u>2,700,000</u>
	<u>\$4,200,000</u>

7. Tax Status

The Plan has received a determination letter from the IRS dated January 1, 2013, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes the Plan is correctly designed and is being operated in compliance with the applicable requirements of the Internal Revenue code.

7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that at December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Generally, tax authorities can examine tax returns filed for the past three years. Currently, there are no ongoing tax examinations or pending examinations that the Plan is aware of.

8. Related Party and Party in Interest Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. Alerus Financial N.A. is the independent trustee of the Plan, BSI, A Menke Company, is the Plan administrator. Such service providers are parties in interest under ERISA.

9. Risks, Uncertainties and Concentration of Risk

The Plan investments consist of primarily of the Company's stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.
