Independent Auditor's Report

To the Plan Administrator
Big G Express Employee Stock Ownership and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of Big G Express Employee Stock Ownership and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Big G Express Employee Stock Ownership and 401(k) Plan 's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Big G Express Employee Stock Ownership and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Big G Express Employee Stock Ownership and 401(k) Plan 's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Big G Express Employee Stock Ownership and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Big G Express Employee Stock Ownership and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIG G EXPRESS EMPLOYEE STOCK OWNERSHIP AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Big G Express Employee Stock Ownership and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was restated and amended in its entirety by Big G Holdings, Inc. (Plan Sponsor) effective January 1, 2014. The Plan was originally organized by Big G Express, Inc. (Express) effective January 1, 2009.

On October 29, 2009, the Plan purchased 100% of the outstanding common stock of Big G Holdings, Inc. (Holdings), which assumed the role of Plan Sponsor, and of Big G Enterprises, Inc. (Enterprises) in a leveraged buyout. The Plan now holds the stock in a trust established under the Plan. Both Express and Enterprises also became wholly-owned subsidiaries of Holdings on that date (collectively, the Employer).

The Board of Directors of the Plan Sponsor approved the merger of the assets and liabilities of the Big G Express, Inc. 401(k) Plan (the 401(k) Plan) into and with the Plan, effective January 1, 2015.

The Plan currently consists of the following two components: 1) a stock bonus plan qualified under Internal Revenue Code (IRC) Section 401(a) which is designed to invest primarily in qualifying employer securities (the ESOP component), and 2) a qualified cash or deferred arrangement described in IRC Section 401(k) (the 401(k) component). The ESOP component of the Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Sections 4975(e)(7) and the regulations thereunder of the IRC. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's stock purchase was financed with a \$14,242,000 note payable to Holdings (see Note 6) and a \$1,700,000 cash contribution from Express. On December 21, 2023, Holdings redeemed 33,162 shares from participants for \$2,514,674 and re-leveraged the shares with an internal ESOP note payable. The notes are to be repaid by fully deductible Plan Sponsor contributions to the Plan. These contributions are allocated to the Plan participants based primarily on the ratio of their respective compensation to the total compensation of all eligible participants and their years of employment with the Plan Sponsor and its subsidiaries. The notes are collateralized by the unallocated shares of common stock of the Plan Sponsor and is guaranteed by the Plan Sponsor. The Plan Sponsor, in its role as lender, has no rights regarding shares that were allocated in the ESOP. Accordingly, the Plan's financial statements present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated) and common stock not yet allocated to employees (unallocated).

The Plan is administered by the Benefits Committee as appointed by the Employer's Board of Directors. The trust department of an independent third-party bank serves as the Plan's ESOP Trustee.

Eligibility: All employees of the Plan Sponsor and its subsidiaries who have one year of eligibility service (1,000 hours), provided they are not leased employees, nonresident aliens, or employees covered under a collective bargaining arrangement, are generally eligible to participate in the ESOP component of the Plan.

All employees of the Plan Sponsor and its subsidiaries who have one year of eligibility service (1,000 hours) and are age 21 or older are generally eligible to participate in the 401(k) component of the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions: The Plan Sponsor is obligated to make contributions in cash to the ESOP component of the Plan which, when aggregated with the Plan's dividends and interest earnings, if any, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. The Plan Sponsor's ESOP contributions are allocated to participants based on each participant's allocation points. As defined in the Plan Agreement, a participant earns one allocation point for each \$200 of eligible compensation plus ten points for each Year of Vesting Service (excluding years prior to January 1, 2009). Participants who do not have at least 1,000 hours of service during a Plan year or are not employed at the end of a Plan year are generally not eligible for an allocation of Plan Sponsor contributions for such year.

The Benefits Committee directs the investment of Plan Sponsor contributions made to the ESOP component of the participants' accounts.

Each year, participants may authorize the Employer to contribute to the 401(k) component of the Plan up to 15% of their eligible annual compensation, subject to the maximum annual amount permitted under Section 402(g) of the IRC. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans and certain Individual Retirement Accounts (IRA) as defined in the Plan Agreement. Contributions are subject to certain limitations under the IRC.

The Employer may elect to make discretionary matching and profit-sharing contributions to the 401(k) component of the Plan. In 2024, the Employer made matching contributions equal to 10% of deferrals that each participant contributed to the Plan. Profit-sharing contributions are allocated to participants based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants. No Employer profit-sharing contributions were made to the Plan in 2024.

Participants direct the investment of their contributions, as well as those made by the Employer to the 401(k) component of their accounts, into various investment options offered by the Plan. A corporate officer serves as the Trustee for the 401(k) component of the Plan.

Participant Accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant.

Each participant's ESOP component of their account is credited as of the last day of each Plan year with an allocation of shares of the Plan Sponsor's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to Plan's net assets of the ESOP component, as defined in the Plan Agreement.

Each participant's 401(k) component of their account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and the earnings of their 401(k) component's investments. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, subject to certain restrictions as specified below under *Benefits – ESOP Component* of the Plan.

Voting Rights: The ESOP Trustee votes all of the Plan Sponsor's stock held by it as part of the Plan assets as directed by the Plan Sponsor, provided that the participant or participant's beneficiary is entitled to direct the ESOP Trustee as to the manner in which voting rights on shares of the Plan Sponsor's stock which are allocated to the participant's account are to be exercised with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets, or such similar transaction.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

The Plan Administrator has the sole responsibility for determining when a corporate matter has arisen that involves the voting of the Plan Sponsor's stock. If the participant does not exercise his or her right to vote the Plan Sponsor's stock, the ESOP Trustee will vote such shares along with any unallocated shares and shares held in the Plan's suspense account on behalf of the collective best interest of Plan participants and beneficiaries, subject to the ESOP Trustee's fiduciary duties under ERISA.

Vesting and Forfeitures - ESOP Component of the Plan: If a participant's employment with the Employer ends for any reason other than retirement, permanent disability, or death, he or she will vest in the ESOP component of the Plan based on total years of service with the Employer. A participant becomes 100% vested after three years of service. Although participants become vested in their account balances, the timing of the payment of their benefits is subject to certain restrictions as specified below under *Benefits – ESOP Component of the Plan*.

Plan forfeitures are allocated to each participant's account the earlier of the Plan year in which the participant is fully paid out or after a former participant incurs a five consecutive year break-in-service based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year or may be used to pay Plan expenses. There were \$99,652 of forfeitures reallocated to participants in 2024.

Vesting and Forfeitures - 401(k) Component of the Plan: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after three years of service.

At December 31, 2024 and 2023, forfeited nonvested accounts of terminated participants totaled \$42,282 and \$39,683, respectively. These accounts will be used to reduce future Employer contributions, pay Plan expenses, and/or be allocated or reinstated to the accounts of eligible participants, as defined in the Plan Agreement. There were no forfeited nonvested accounts used to reduce future Employer contributions in 2024.

Benefits - ESOP Component of the Plan: Participant account balances in the ESOP component of the Plan are subject to special rules relating to the timing of distributions. No ESOP distributions will be made from the Plan until a participant becomes disabled, retires, dies (in which case, the payment shall be made to his or her beneficiary or, if none, his or her legal representatives), elects diversification, or otherwise terminates employment with the Employer. Except as noted below, distributions are made in lump-sum cash payments.

For participants who terminate for reasons other than death, disability or retirement at age 65, benefit amounts relating to the ESOP component of the Plan will remain in the participant's account until the later of five years after termination or the year following the Plan year in which the note payable (see Note 6) is repaid to the Plan Sponsor. Accounts less than or equal to \$1,000 will be distributed in a single lump-sum cash payment. Participants with accounts greater than \$1,000, but less than or equal to \$5,000, can elect to have their vested account balances paid in a single lump-sum or transferred to another qualified plan. Participants with account balances greater than \$5,000 may elect to have their vested balance distributed in annual installments over five years, but no more than 10 years. To the extent there is sufficient cash available, all of the vested Company stock in a participant's account will be liquidated as of the December 31 accounting date immediately preceding the liquidation.

If there is not sufficient cash to liquidate all Company stock of all terminated participants, the Committee will direct the Trustee to liquidate the account of the participant who terminated employment earliest, followed by the next termination, and so on, until the cash is exhausted. Liquidation amounts not eligible to be distributed will be transferred to the respective participant's ESOP Diversification Account within the 401(k) component of the Plan. During 2024, \$1,314,560 was transferred from the ESOP component to the 401(k) component of the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Benefits - 401(k) Component of the Plan: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant receives a lump-sum amount equal to the vested interest of his or her account if the value of the vested account is not greater than \$1,000 in his or her 401(k) component of the Plan. If the participant's vested account balance is greater than \$1,000, the participant may elect to have the benefit paid in a lump-sum or partial distribution, or have the payment deferred until the age of 65. Upon death or disability, the vested amount of the participant's account is paid in a lump-sum. Rollover accounts may be withdrawn at any time, as provided in the Plan Agreement. Hardship and in-service withdrawals as well as, required minimum distributions, rollover contribution accounts, and automatic distributions to former participants, as defined in the Plan Agreement, are also permitted within the 401(k) component of the Plan.

Put Option: Under federal income tax regulations, the Plan Sponsor's stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Plan Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification: Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Participants may move part of the value of their investment in the Plan Sponsor's common stock into investments that are more diversified. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. The election to diversify is made subsequent to year-end based upon the shares of common stock of the Plan Sponsor in the participant's account at year-end. Participants who elect to diversify have their allocation of shares liquidated to cash which is then transferred into the 401(k) component of the Plan on behalf of the respective participant (into an account called "ESOP Diversification Account" which is subject to the respective participant's investment direction).

Plan Termination: The Plan Sponsor reserves the right to terminate the Plan at any time, subject to the provisions of the Plan Agreement and ERISA. Upon termination of the Plan, the Plan Sponsor's Board of Directors and the Benefits Committee should direct the ESOP Trustee to pay all liabilities and expenses of the trust fund and to sell shares of the Plan Sponsor's financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or beneficiary at the time prescribed by the Plan Agreement and the IRC.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Allocations: The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: 1) the participant directed 401(k) component of the Plan; 2) the accounts of participants with rights in the Plan Sponsor's allocated stock (allocated); and 3) Plan Sponsor's stock not yet allocated to participants (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash: The Plan maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, custodian, and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Plan Sponsor or the Plan, at the Plan Sponsor's discretion. The Plan Sponsor has historically paid the operating expenses for the Plan except for the interest related to the note payable. Investment expenses related to the 401(k) component of the Plan are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated June 9, 2015, that the Plan and related trusts are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trusts are tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 9, 2025, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common Stock of Big G Holdings, Inc.: Valued at aggregate fair value as determined annually by the Trustee based on a report from an independent valuation specialist. The independent valuation specialist utilized a weighted valuation considering the Discounted Cash Flow and Guideline Public Company valuation methods based on the Employer’s historical data, with certain adjustments related to lack of marketability.

Collective Trust Funds: Valued at the unit price reported by the sponsoring bank or trust company. The underlying investments owned by the funds can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed investment contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Board of Directors of the Plan Sponsor, the Benefits Committee and the Plan’s ESOP Trustee believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of these assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan’s assets that are measured at fair value on a recurring basis as of December 31, 2024 and 2023:

2024	Level 2	Level 3	Total
Common stock of Big G Holdings, Inc.		\$82,424,337	\$82,424,337
Collective trust funds	<u>\$11,880,242</u>	<u> </u>	<u>11,880,242</u>
Total Investments at Fair Value	<u>\$11,880,242</u>	<u>\$82,424,337</u>	<u>\$94,304,579</u>
 2023			
Common stock of Big G Holdings, Inc.		\$82,541,473	\$82,541,473
Collective trust funds	<u>\$11,112,619</u>	<u> </u>	<u>11,112,619</u>
Total Investments at Fair Value	<u>\$11,112,619</u>	<u>\$82,541,473</u>	<u>\$93,654,092</u>

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a summary of the changes in the fair value of the Plan's Level 3 asset for the year ended December 31, 2024:

	Common Stock of Big G Holdings, Inc.
Balance at beginning of year	\$82,541,473
Unrealized appreciation in estimated fair value	3,860,944
Purchase of 46,000 shares of treasury stock	<u>(3,978,080)</u>
Balance at end of year	<u>\$82,424,337</u>

Quantitative fair value disclosures about significant unobservable inputs used in the fair value measurement for the Plan Sponsor's common stock have been omitted as the Plan previously adopted ASU No. 2013-09, *Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04*, which allows for the indefinite deferral of those disclosure requirements.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED INFORMATION)

Certain Plan information related to investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the Plan's custodian, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - INVESTMENT IN PLAN SPONSOR COMMON STOCK

The Plan's investment in the Plan Sponsor's common stock at December 31, 2024 and 2023, was as follows:

	2024		2023	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of Shares	653,281	255,176	653,286	301,171
Cost	<u>\$10,414,606</u>	<u>\$ 4,068,022</u>	<u>\$10,414,685</u>	<u>\$ 4,801,275</u>
Fair Value	<u>\$59,272,184</u>	<u>\$23,152,153</u>	<u>\$56,496,202</u>	<u>\$26,045,271</u>

The net appreciation of the Plan Sponsor's common stock was \$3,860,944 for the year ended December 31, 2024.

NOTE 6 - NOTES PAYABLE

On October 29, 2009, the Plan entered into a \$14,242,000 term loan agreement with the Plan Sponsor. The note originally did not bear interest. The note was retroactively amended in 2015 to bear interest at 1.00%. The note matures in December 2029. The proceeds of the loan were used to purchase 893,363 shares of the common stock of the Plan Sponsor. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is 5% of the original unallocated shares of 893,363. This resulted in 44,668 shares being released and allocated for the Plan year ended December 31, 2024.

On December 21, 2023, Holdings redeemed 33,162 shares from participants for \$2,514,674 and re-leveraged the shares with an internal ESOP note payable. The note bears interest at 1.00% and matures in December 2048. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is 4% of the original unallocated shares of 33,162. This resulted in 1,326 shares being released and allocated for the Plan year ended December 31, 2024.

Aggregate annual principal maturities of the note payable at December 31, 2024, are as follows:

Payable In	Principal
2025	\$ 842,138
2026	850,559
2027	859,065
2028	867,655
2029	876,332
Thereafter	<u>1,967,083</u>
	<u>\$6,262,832</u>

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a periodic basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Complete or partial Plan termination or merger with another plan
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

NOTE 8 - PLAN AMENDMENTS

In September 2024, the Plan Agreement was amended to reflect changes made under the law pursuant to The Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 and the SECURE 2.0 Act of 2022 as required by the respective due dates of the Acts. In addition, for the 401(k) component of the Plan, the amendment added a safe-harbor matching contribution equal to 100% of the first 1% of eligible compensation that each participant contributes to the Plan plus 50% on the next 6% that a participant contributes to the Plan, an auto enroll provision and updated vesting provisions for contributions to 100% vested after 2 years of service. The 401(k) component provision changes are effective January 1, 2025.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan has arrangements with several third-party service providers. The Plan pays certain expenses related to the Plan's operation, administration, and investment activity. The Plan's expenses may be paid directly to the respective service provider or indirectly through the Plan's investments returns. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan's assets include the Employer's common stock. Transactions in this investment qualify as exempt party-in-interest transactions.

The Plan may receive revenue-sharing compensation from certain Plan investment options. This revenue, if any, is used to offset certain recordkeeping and administration services to the Plan and/or allocated to participant accounts as additional earnings.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including an investment in the Employer's common stock, which are exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with the investment securities and to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in the value of the investment securities, including the Employer's common stock, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
