## Report of Independent Auditors

The Plan Participants and Plan Administrator  
Patients Medical Center 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Patients Medical Center 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Shape the future  
with confidence**

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future  
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Shape the future  
with confidence**

**Other Matter**

*Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Patients Medical Center 401(k) Plan

## Notes to Financial Statements

December 31, 2024

### **1. Description of the Plan**

The following description of Patients Medical Center 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator, PMC Hospital, LLC (Medical Center).

#### **General**

The Plan is a defined contribution plan sponsored by the Medical Center for the benefit of its employees who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Wilmington Trust Company serves as trustee of the Plan. John Hancock Life Insurance Company (USA) (John Hancock) serves as plan custodian and record-keeper. The Plan adopted a volume submitter adoption agreement in connection with a defined contribution prototype plan document sponsored by Nova 401k Associates.

In March 2020, the U.S. government passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. In response to the CARES Act, the Plan added a new withdrawal option of up to \$100,000 through December 31, 2020, without the 10% early withdrawal penalty, to be repaid over three years.

#### **Contributions**

The Plan permits eligible employees, through a salary deferral election, to have the Medical Center make annual contributions of up to 100% of eligible compensation. Participants age 50 and over are allowed to contribute an additional amount as pretax catch-up contributions to the Plan, as specified in the Internal Revenue Code (the Code). Employee rollover contributions are also permitted. Matching contributions are discretionary as determined by the Medical Center's Board of Directors. For 2024, the Medical Center contributed 50% of the first 6% of compensation, as defined by the Plan, that a participant contributes to the Plan. Contributions are subject to certain limitations.

## Patients Medical Center 401(k) Plan

### Notes to Financial Statements (continued)

#### **1. Description of the Plan (continued)**

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rates set at 3% of eligible compensation and their contributions invested in a default investment that the Plan's officials have selected until changed by the participant. The automatic enrollment feature takes effect on the first pay date following the participant's date of hire. The automatic percentage increases 1% annually until the percentage reaches 4%.

Participants direct the investment of their contributions, as well as the Medical Center's contribution, into various investment options offered by the Plan and may change the allocation on a daily basis. The Plan offers various pooled separate accounts as investment options for participants.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Medical Center's contribution, and plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Medical Center's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after three years of continuous service.

The non-vested balance is forfeited upon termination of service. Forfeitures are used to first pay administrative expenses and then used to reduce Medical Center contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,037 and \$34,067, respectively. In 2024, \$48,650 was used from forfeited non-vested accounts to reduce Medical Center contributions, and none was used to pay administrative expenses.

#### **1. Description of the Plan (continued)**

##### **Payment of Benefits**

Upon termination of service due to death, disability, retirement, or termination of employment, a participant's vested benefits are paid out as a lump-sum distribution or direct rollover. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the plan document. Certain in-service withdrawals are permitted upon the attainment of age 59½.

Additionally, qualifying participants were allowed to withdraw up to \$100,000 through December 31, 2020, with no early withdrawal penalty, in accordance with the CARES Act. The withdrawal is to be repaid by the participant within a three-year period and is recorded as a rollover contribution.

##### **Administrative Expenses**

Administrative expenses may be paid by the Medical Center or the Plan at the Medical Center's discretion.

##### **Plan Termination**

Although it has not expressed an intention to do so, the Medical Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

#### **2. Summary of Significant Accounting Policies**

#### **2. Summary of Significant Accounting Policies (continued)**

##### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at net asset value as provided by John Hancock. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought, sold, and held during the year.

#### **3. Investments**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by John Hancock.

#### 4. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - Quoted prices for similar assets and liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in markets that are not active
  - Observable inputs other than quoted prices that are used in the valuation of the asset or liability (i.e., interest rate and yield curve quotes at commonly quoted intervals)
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

As all investments held by the Plan are pooled separate accounts measured at net asset value, no fair value hierarchy table has been presented.

(a) This category includes a pooled separate account that is a blend of equity mutual funds with portfolios that are made up of a mix of value and growth stocks.

(b) This category includes a pooled separate account portfolio comprising short-term, or less than one year, securities representing high-quality, liquid debt, and monetary instruments.

(c) This category includes a pooled separate account that is designed to protect capital with low-risk investments.

#### 4. Fair Value Measurements (continued)

- (d) This category includes a pooled separate account that allocates its investments among a diversified mix of debt and equity securities.
- (e) This category includes a pooled separate account that allocates its investments among a target-risk portfolio consisting of various underlying funds.
- (f) This category includes a pooled separate account that allocates its investments among an aggressive target-risk portfolio consisting of various underlying funds.

#### 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported on the statements of net assets available for benefits.

#### 6. Related-Party and Party-in-Interest Transactions

Related-party transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of pooled separate accounts managed by John Hancock, which is the custodian as defined by the plan agreement. Therefore, these transactions qualify as party-in-interest transactions. The Medical Center provides certain administrative services at no cost to the Plan.

## Patients Medical Center 401(k) Plan

### Notes to Financial Statements (continued)

#### **7. Income Tax Status**

The underlying preapproved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS preapproved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **8. Subsequent Events**

Management has evaluated subsequent events for the Plan through October 8, 2025, the date the accompanying financial statements were available to be issued.
