## Independent Auditor's Report

To the Plan Administrator  
Milton Hershey School Group Supplemental Retirement Annuity Plan  
Hershey, Pennsylvania

### *Disclaimer of Opinion*

We were engaged to audit the financial statements of the Milton Hershey School Group Supplemental Retirement Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

### *Basis for Disclaimer of Opinion*

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

***Other Matter - Supplemental Schedule Required by ERISA***

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

### 1. Description of the Plan

The following description of the Milton Hershey School (the School or the Plan Sponsor) Group Supplemental Retirement Annuity Plan (the Plan or GSRA Plan) provides only general information. Participants should refer to the plan document for a more detailed description of the Plan's provisions.

#### *General*

The GSRA Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code of 1986, as amended (the Code or IRC). The GSRA Plan was established on January 1, 1984. The GSRA Plan is an arrangement allowed under Section 403(b) of the Code, where employees of the school enter into compensation reduction agreements that permit a portion of the employee's compensation to be applied on a before tax basis to investments owned by the employee, rather than being paid directly to the employee by the School. These amounts, together with contributions provided by the school and any earnings, are not subject to federal income tax until they are paid to the employee (or beneficiary) in the form of benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective August 1, 2021, the Plan was amended to execute the acceptance of the Catherine Hershey Schools for Early Learning (CHS) as a participating employer adopting the provisions established by the Milton Hershey School Group Supplemental Retirement Annuity Plan, as to its employees hired on or after such date.

#### *Administration*

The Plan is administered by the ERISA Administrative Committee of the School. Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), and TIAA Trust, N.A. were appointed as the custodians and the investment managers of the funds (the Asset Custodians). TIAA serves as the recordkeeper.

#### *Eligibility*

Employees are eligible to participate and to make voluntary contributions to the Plan as of their employment commencement date. Required contributions to the Plan begin when they reach age 18 and have completed 1,000 hours of service during the 12-month period following their date of hire, or in any subsequent calendar year. Employees eligible to participate in the Plan include all employees of the School and all employees of CHS except for leased employees and independent contractors, as defined in the Plan, non-resident aliens, and student employees who are enrolled in the School who are not receiving taxable wages.

#### *Contributions*

For employees hired prior to July 1, 2018, required contributions under the GSRA Plan are made by the employee and the School, based on a percentage of eligible compensation as follows:

By the School	By the Employee
2.1%	2.1%

---

# Milton Hershey School Group Supplemental Retirement Annuity Plan

## Notes to Financial Statements

---

Employees hired or rehired on or after July 1, 2018, are not required to contribute the required 2.1% contribution to the plan.

In addition to the required contribution, a voluntary employee contribution for any participant may be made in accordance with Sections 415 and 403(b) of IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2024, the Plan was amended to allow for Roth contributions, but was further amended to prohibit the rollover of In-Plan Roth contributions.

In addition, supplemental retiree health insurance contributions shall be made by the Plan Sponsor for the benefit of each eligible employee who is credited with a year of service for such plan year and who is employed as an eligible employee on the last day of the plan year. The formula for such contributions is set as the following:

	Eligible employees (except members of Bakery, Confectionery, Tobacco Workers and Grain Millers Local 464 (Houseparents))	Eligible employees who are members of Bakery, Confectionery, Tobacco Workers and Grain Millers Local 464 (Houseparents)
Annual contributions prior to age 28	The greater of: a. $((\text{Employee Age}-20) \times \$26.50) + (\text{Years of Services} \times \$93.00)$ , or Years of service $\times \$93.00$	The greater of: b. $((\text{Employee Age}-27) \times \$13.25) + (\text{Years of Services} \times \$46.50)$ Years of service $\times \$46.50$
Annual contributions on or after age 28	$((\text{Employee Age}-27) \times \$26.50) + (\text{Years of Service} \times \$93.00)$	$((\text{Employee Age}-27) \times \$13.25) + (\text{Years of Service} \times \$46.50)$

*Nonelective Contributions* - CHS employees are not eligible to receive the retiree health insurance contribution. They are considered excluded employees for this contribution source.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and the respective School's or CHS's contribution plus an allocation of plan earnings (losses), net of fees, and fund value increases or decreases. Plan earnings (losses) and fund value changes are allocated based on the proportion of a participant's account balance to all account balances. The benefit to which a participant is entitled is the participant's vested account balance.

### ***Vesting***

All contributions made to the Plan by the participants, CHS, and the School are nonforfeitable and fully vested at all times.

### *Loans*

#### *Plan Loans*

Prior to January 16, 2020, Plan Loans were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Account balance was reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Plan loan defaults are held in a TIAA Traditional Annuity Account determined to be benefit responsive and recorded at contract value. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of changes in net assets available for benefits until a distribution event occurs.

As of December 31, 2024 and 2023, participants had outstanding plan loan balances due to TIAA of \$489,396 and \$557,595, respectively. During 2024 and 2023, \$28,517 and \$121,454, respectively, were recorded as defaulted plan loans and have been recorded as benefit payments in the accompanying statements of changes in net assets available for benefits.

#### *Notes Receivable from Participants*

Effective January 16, 2020, participant loans (as defined as notes receivable from participants on the statements of net assets available for benefits) became the only loans available to participants through TIAA, subject to certain limitations.

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period, subject to certain other exceptions as defined by the Plan's loan policy. The loans bear interest at the Federal Reserve Board Bank Prime Rate plus 1%, for the applicable month as determined by TIAA. The notes are repaid ratably through ACH set up by the participant over a period of five years or less, unless used to purchase a principal residence up to ten years. Participant loans are issued directly from the participant's account, unlike plan loans that are issued directly from funds owned by TIAA. A maximum of two loans are permitted for each participant. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

#### *Payment of Benefits*

Upon termination of service, retirement (age 65), death, or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. A participant may not take a distribution, except for an in-service withdrawal, if they are employed in the controlled group or a predecessor employer, i.e. The Hershey Company. The controlled group employers include Milton Hershey School, Catherine Hershey School, M.S. Hershey Foundation and Hershey Entertainment & Resorts. A participant is eligible for all withdrawals when they are not working in any of the controlled groups or predecessor employer. Distribution options include lump sum payments, partial payments, or installments. The Plan also provides for an additional retirement transition benefit whereby a participant is permitted to receive a one-time lump sum payment of up to 10% of the portion of his account that is invested

## Notes to Financial Statements

---

in the TIAA or CREF contracts on the annuity starting date, provided that the one-time lump sum payment from each TIAA or CREF contract does not exceed 10% of the respective account being converted to retirement income. A married participant must obtain spousal consent in order to elect this option.

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected.

In addition, participants may elect in-service withdrawals of their voluntary or required contribution account balances, but not from their Retiree Health Insurance Contributions, after reaching age 59½, or in the event of proven financial hardship. Hardship distributions are only permitted from the participant deferral portion of the participant's account balance.

### ***Plan Termination***

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In event of termination of the Plan, each participant will receive the entire amount in their account at the time of termination as all participants are fully vested.

## **2. Summary of Significant Accounting Policies**

### ***Annual Reporting Requirements***

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure and audit requirements under ERISA effective for tax years 2009. Prior to January 1, 2009, TIAA and CREF maintained records at a contract, not Plan, level. Neither the Plan Sponsor nor TIAA and CREF have been able to produce sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### ***Use of Estimates***

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## Notes to Financial Statements

---

### *Investment Valuation*

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's ERISA Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note 4 for further information related to fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits includes both unrealized gains and losses on investments held by the Plan at year end, as well as realized gains and losses on investments sold during the year.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Administrative Expenses*

All administrative expenses of maintaining the Plan are paid by the School and CHS, except for investment fees, which are netted against investment income and applied to participant accounts, and liquidity restrictions fees. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses.

### *Contributions Receivable*

Participant contributions are recognized in the period during which the School makes the respective payroll deduction from the participant's compensation. School or CHS contributions are recorded in the period in which the participant's compensation has been paid in accordance with the terms in the Plan document.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

## **3. TIAA Traditional Annuity Account**

As discussed in Note 4, fixed annuity contracts consist of investment options available to participants known as the TIAA Traditional Annuity Contracts (Annuity). Annuity contracts are established between the participants and Teachers Insurance and Annuity Association (TIAA), an insurance company registered in the State of New York. This investment option is offered in a variety of formats, including Retirement Annuities (RA), Retirement Choice (RC), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), Group Retirement Annuities (GRA), and Retirement Choice Plus (RCP).

# Milton Hershey School Group Supplemental Retirement Annuity Plan

## Notes to Financial Statements

---

When participants choose to invest a portion of their contributions in the TIAA Traditional Annuity Account during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity Account also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed beyond the period for which they are declared.

GRAs, RAs, and RCs are not considered to be fully benefit-responsive investment contracts as defined by Accounting Standards Codification (ASC) 962, because this provision is considered to restrict participants' "reasonable access" to their contract balances. RA account balances may only be withdrawn over ten annual payments. RC accounts allow withdrawals over 84 months or a lump-sum withdrawal with a 2.5% surrender charge. GRA accounts allow lump-sum withdrawals after 120 days after termination with a 2.5% surrender charge. All other GRA withdrawals may be withdrawn over ten annual installments.

SRAs, GSRAs, and RCPs are considered fully benefit-responsive investment contracts, because they are fully liquid and immediately cashable once a participant terminates employment with the Employer (unless they are pledged as collateral on Contract Loans) and are, therefore, reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals.

In January 2022, the plan began offering Retirement Choice Plus (RCP) annuities. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. For certain RCP contracts, 90-day equity wash applies if competing funds exist (e.g., money market, short-term bond or self-directed brokerage accounts). Transfers from TIAA Traditional can only be made to noncompeting funds. Amounts must remain in noncompeting funds for 90 days before transferring to competing funds, including transferring back to TIAA Traditional.

During the year ended December 31, 2024, the crediting rates of the RCP annuity contract range as follows:

Investment Option	Range (%)
RCP	3.15-6.00

Certain events might limit the ability of the Plan to transact at contract value. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the Internal Revenue Code
2. Plan termination or merger
3. Changes to the Plan's prohibition on competing investment options
4. Bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations

# Milton Hershey School Group Supplemental Retirement Annuity Plan

## Notes to Financial Statements

---

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with TIAA and that also would limit the ability of the Plan to transact at contract value with the participants.

During 2024 and 2023, the Plan received plan servicing credits of \$118,992 and \$104,053, respectively, which were placed into the TIAA Traditional Annuity Benefit-Responsive Account. Plan servicing credits are credited to the Plan by TIAA based on the difference between actual plan costs and fees charged. These credits were allocated to active participants on a per capita basis.

### 4. Fair Value Measurements

ASC 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Variable Annuity Accounts (excluding the TIAA Real Estate Account)* - The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based

# Milton Hershey School Group Supplemental Retirement Annuity Plan

## Notes to Financial Statements

on each account's daily NAV, which is considered by plan management to be the best approximation of fair value. CREF accounts are classified within Level 1 of the fair value hierarchy. Data for NAVs are available daily to plan administrators and client investors on TIAA CREF's website as well as a nationally recognized securities exchange and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

*TIAA Real Estate (Pooled Separate Account)* - The value of the pooled separate account is determined at the close of each business day at unit value, which is based on the fair value of the underlying assets, which may consist of real estate properties, mutual funds, and securities. The unit value of the PSA is published on NASDAQ; however, the PSA is not publicly traded. The value of the underlying real estate properties is determined by an external appraisal on a periodic basis, which are estimates based on professional opinions. The value of the underlying investments in the registered investment companies and securities are based on the daily value of the underlying registered investment companies and securities on an open market. There are restrictions on the trading and withdrawals of funds from this investment; generally transfers out can be executed on any business day but may be limited to once per calendar quarter. Other limited exceptions may also apply.

*TIAA Traditional Annuity (Fixed Annuity Contracts)* - The non-fully benefit-responsive (NFBR) fixed annuity contracts, composed entirely of the TIAA Traditional Annuity Contracts, are reported at fair value. Fair value is determined using a discounted cash flow model. The TIAA Traditional Annuity Contracts are not available for sale or transfer on any security exchange. The fixed annuity contracts are subject to various restrictions. See Note 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

### 5. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

### 6. Tax Status

The IRS will provide determination letters to 403(b) plans beginning in June 2023 in accordance with IRS Revenue Procedures 2022-40. The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

### 7. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by TIAA and CREF. Participant loan and distribution processing fees are paid to TIAA by participants. The Plan also receives revenue service credits from TIAA. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

### 8. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

Subsequent to year end, the Plan adopted a provision under the Secure 2.0 Act, to increase the catch-up contribution limit for employees who have attained age 60-63 to the greater of (1) \$10,000 or (2) 150% of the regular catch-up contribution, effective January 1, 2025.
