Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **TORRILLO & ASSOCIATES, LLC**

(2) EIN: **83-0414789**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the Dechert LLP Partners Defined Benefit Plan I (the "Plan")

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Dechert LLP Partners Defined Benefit Plan I, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of the Dechert LLP Partners Defined Benefit Plan I performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Dechert LLP Partners Defined Benefit Plan I and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Notes 1, 3, 4 and 9 to the financial statements, the Firm terminated the Plan effective May 31, 2025, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Partners Defined Benefit Plan I to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Dechert LLP Partners Defined Benefit Plan I. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Partners Defined Benefit Plan I to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECHERT LLP
Partners Defined Benefit Plan I
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

1. General Description of Plan

The following brief description of the Dechert LLP Partners Defined Benefit Plan I (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

Dechert LLP (the “Firm”) adopted the Plan effective January 1, 2017. The Plan is a noncontributory defined benefit plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Matrix Trust Company is the trustee of the Plan.

During 2024, the Plan was amended in order to close participation to new participants effective December 31, 2024, and to end Plan year allocations at the close of business on December 31, 2024 (see Note 8).

The Firm terminated the Plan effective May 31, 2025 (see Notes 3, 4 and 9), resulting in immediate vesting of all participants’ benefits.

Tax Status

The Internal Revenue Service advised, by letter dated March 18, 2019, that the Plan is qualified under section 401(a) of the Internal Revenue Code (the “Code”) and therefore the related trust is exempt from federal income taxes under the provisions of section 501(a) of the Code. The Plan Administrator and the Firm’s counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Eligibility

All partners and certain officers of the Firm enter the Plan on the January 1 or July 1 coincident with, or next following, the date on which an individual first becomes an eligible employee, as defined in the Plan document. Only active equity partners on the Plan’s adoption date were eligible to participate for the 2017 Plan Year. Other partners and certain officers were first eligible to participate on January 1, 2018.

Except as otherwise provided, partners and certain officers of the Firm who are U.S. citizens or are permanent residents participate in the Plan. Effective January 1, 2018, a partner assigned to the London office is not eligible to participate unless such partner attained age 62 prior to December 31, 2017. The following are not eligible to participate in the Plan: leased employees, employees of affiliated employers that are not employers, employees who are nonresident aliens with no earned income from sources within the United States, and employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining.

Pension Benefits

A participant’s accrued benefit is maintained in a notional record-keeping account. A participant’s record-keeping account consists of the sum of the allocation credits and the adjustments to reflect the Plan’s investment experience, fees and expenses, and any distributions made to, or on behalf of, the participant.

DECHERT LLP
Partners Defined Benefit Plan I
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

Investment experience is generally credited to accounts on the last day of each month to reflect actual investment experience from the prior month.

Allocation credits for equity partners are determined based on a participant's draw level, as defined in the Plan document, and are allocated on a monthly basis. Other partners and certain officers earn allocation credits of 1/12 of \$10,000 for each month in which 190 hours of service, as defined in the Plan document, are credited.

Vesting

Participants with three or more years of service, as defined in the Plan, and participants who have attained age 62 while employed by the Firm have a 100% vested interest in their accrued benefits. As part of the Plan termination, all participants became fully vested (see Notes 3, 4 and 9).

Payment of Benefits

At the date of commencement of benefits, a participant's record-keeping account shall not be less than the sum of allocation credits since becoming a participant, as detailed in the Plan document. The normal form of payment is a life annuity for a single participant and a qualified 50% joint and survivor annuity for a married participant, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. In lieu of the normal form of payment, a participant may elect a single lump sum payment or a 75% joint and survivor benefit. Participants may receive their benefit upon the earlier of their termination of employment from the Firm or the last day of any month coincident with or following the participant attainment of age 62 while still employed by the Firm.

Pre-Retirement Death Benefit

A surviving spouse may receive the qualified preretirement survivor annuity or a lump sum should the participant die before commencement of benefits. Beneficiaries who are not surviving spouses receive a single lump sum payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 6 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

The contributions of the Firm satisfy the minimum funding requirements of ERISA and the Pension Protection Act of 2006 ("PPA") and are designed to meet the minimum funding standards of the Code and the requirements of ERISA. Participant and rollover contributions are not allowed.

DECHERT LLP
Partners Defined Benefit Plan I
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

Expenses

At the discretion of the Firm, the Plan may pay the fees charged by accountants, actuaries, attorneys, consultants or other advisors of the Plan, provided that such fees represent reasonable compensation for such services rendered. Expenses that are paid directly by the Firm are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Plan Termination

The Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. When a plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be nonforfeitable. The Firm terminated the Plan effective May 31, 2025, (see Notes 1, 4 and 9). The Firm began providing participants with the formal "Notice of Intent to Terminate" beginning March 21, 2025. As part of the termination, all participants, who were not already vested, became fully vested in their accrued benefit. The Plan termination did not impact the amount of benefits that participants were due under the Plan. Benefits will be settled primarily through lump-sum payments. Substantially all payments are expected to be made by December 31, 2025.

In order to terminate the Plan in accordance with Internal Revenue Service and Pension Benefit Guarantee Corporation ("PBGC") (a U.S. government agency) requirements, the Firm is required to fully fund the Plan on a termination basis and will commit to contribute the additional assets necessary to do so. The amount necessary to do so is not yet known, but is currently estimated to be \$0.

The Firm will file a Form 501, Post Distribution Certificate, with the PBGC after the Plan liquidation is completed. The PBGC may audit a sample of plans terminating and the Firm is required to maintain and preserve Plan records relating to the termination for six years after the Form 501 is filed with the PBGC.

4. Actuarial Present Value of Accumulated Plan Benefits

The Plan requests an actuarial valuation of the present value of accumulated Plan benefits on an annual basis, which satisfies the requirements of ERISA. As of January 1, 2024, the actuarial present value of accumulated Plan benefits is as follows:

Actuarial present value of accumulated Plan benefits	
Vested benefits:	
Participants currently receiving benefits	\$ -
Other participants	37,623,462
	<u>37,623,462</u>
Non-vested benefits	1,012,946
Total actuarial present value of accumulated Plan benefits	<u>\$ 38,636,408</u>

The changes in the actuarial present value of accumulated Plan benefits for the year ended January 1, 2024 are as follows:

Actuarial present value of accumulated Plan benefits, beginning of period	<u>\$ 30,865,328</u>
Increase (decrease) during the year attributed to:	
Benefits accumulated	6,491,246
Actuarial (gains)/losses	(123,750)
Interest, updated for impact of investment return	3,783,533
Benefits paid	<u>(2,379,949)</u>
Net increase	<u>7,771,080</u>
Actuarial present value of accumulated Plan benefits, end of period	<u>\$ 38,636,408</u>

Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by consulting actuaries, October Three Consulting, and is the amount that results from determining the value of the participants' notional record-keeping accounts at the valuation date. The value of a participant's notional account is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed and all participants are assumed to retire at age 62, the Plan's normal retirement age.

The significant actuarial assumptions used in the valuation for funding purposes as of January 1, 2024 were: (a) life expectancy of participants (for actuarial accrued liability) follows the IRS 2024 Static Mortality Table with separate tables for annuitants and non-annuitants; (b) retirement age assumptions (the assumed average retirement age was 62); (c) effective interest rate of 4.95% and (d) interest crediting rate of 2.75%.

The foregoing assumptions are based on the presumption that the Plan will continue. As detailed in Notes 1, 3 and 9 to the financial statements, the Firm terminated the Plan effective May 31, 2025, which indicates that the Plan is not a going concern. Subsequent to January 1, 2024, as a result of the Plan termination, different actuarial assumptions and other factors may be applicable in determining the actuarial present value of accumulated plan benefits.

5. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements, the ERISA-required supplemental schedule of assets (held at end of year) and the ERISA-required supplemental schedule of reportable transactions was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Matrix Trust Company ("Matrix"), a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Noninterest-bearing cash and investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments and interest and dividend income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- The information for all investments listed in the schedule of assets (held at end of year) as of December 31, 2024 and the schedule of reportable transactions for the year ended December 31, 2024, as shown in the ERISA-required supplemental schedules.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Partners Defined Benefit Plan I
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

<i>Mutual funds (registered investment companies):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Interest-bearing cash:</i>	The carrying value of interest-bearing cash approximates fair value as maturities are less than three months.
<i>Exchange traded funds:</i>	Valued using quoted prices listed on nationally recognized securities exchanges.
<i>Collective trust:</i>	Valued at the net asset value (NAV) or equivalent based on units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All investments of the Plan are valued using the net asset value per share practical expedient.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 43,130,576	\$ 43,130,576	\$ -	\$ -
Interest-bearing cash	438,269	438,269	-	-
Total	<u>\$ 43,568,845</u>	<u>\$ 43,568,845</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 26,373,001	\$ 26,373,001	\$ -	\$ -
Interest-bearing cash	4,602	4,602	-	-
Exchange traded funds	5,788,930	5,788,930	-	-
Collective trust (*)	6,221,016	-	-	-
Total	<u>\$ 38,387,549</u>	<u>\$ 32,166,533</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2024 and 2023:

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2024</u>	<u>Fair Value</u> <u>December</u> <u>31, 2023</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust	\$ -	\$ 6,221,016	\$ -	Daily	Daily

The Plan sold its position in the collective trust during the year ended December 31, 2024. The objectives of the collective trust invested in equity investments was long-term capital growth, while seeking to limit volatility and reduce losses when markets decline. The collective trust was redeemable at net asset value under agreements with the underlying collective trust.

7. Related-Party and Party in Interest Transactions

During 2024 and 2023, certain Plan investments are units of mutual funds and a collective trust managed by affiliates of AllianceBernstein. AllianceBernstein performs investment advisory services to the Plan; therefore, transactions in these securities qualify as party-in-interest transactions.

8. Plan Amendments

During 2024, the Plan was amended in order to close participation to new participants effective December 31, 2024, and to end Plan year allocations at the close of business on December 31, 2024.

9. Subsequent Events

The Plan was amended to terminate the Plan effective May 31, 2025, to adopt required amendments pursuant to statutory changes and to make other general administrative changes.

The Firm has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the second month prior to the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.02%	4.02%
Second segment rate (years 5 to 19):	4.87%	4.73%	4.73%
Third segment rate (years 20 and after):	5.59%	4.75%	4.75%
Effective interest rate (current year):	4.95%	4.63%	N/A

Interest crediting rate: 2.75%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to a cumulative minimum interest crediting rate. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum interest crediting rate affects the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

EIN / PN 23-1425587 / 010

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table with combined tables for annuitants and non-annuitants, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$0 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.
