INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
RE/MAX, LLC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of RE/MAX, LLC 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RE/MAX, LLC 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of RE/MAX, LLC 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RE/MAX, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RE/MAX, LLC 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RE/MAX, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RE/MAX, LLC 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

RE/MAX, LLC (the "Company", "Employer", or "Plan Sponsor") established the RE/MAX, LLC 401(k) Retirement Savings Plan (the "Plan") on January 1, 1996, amended effective April 1, 2021, which includes formal adoption of Coronavirus Aid, Relief, and Economic Security Act provisions related to distributions and notes receivable. The following description of the Plan provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualifying employees of the Company and its subsidiaries, except excluded employees as defined in the plan document and below. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 (ERISA), and the Internal Revenue Code, as amended (IRC). In addition, the Plan's financial statements and supplemental schedule have been prepared in compliance with accounting principles generally accepted in the United States of America (U.S. GAAP) and with ERISA.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

State Street Bank and Trust Company is the Plan's directed trustee (the "Trustee"). Transamerica Retirement Solutions, LLC ("Transamerica") is the Plan's record keeper, is responsible for maintaining participants' accounts and executing participant-initiated transactions and prepares statements and reports on behalf of the Trustee.

Eligibility

Full-time employees, age 18 years or older, are eligible immediately upon hire to participate in the Plan on the first day of the month coinciding with or subsequent to the date of hire. Part-time, temporary, and seasonal employees are eligible upon completion of 1,000 hours of service in either the plan year of hire or the subsequent plan year with entry into the Plan on the first day of the month following completion of the service requirement. Non-resident aliens, employees of a controlled or affiliated service group who do not affirmatively adopt the Plan, residents of Puerto Rico, and independent contractors are not eligible to participate in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may make before-tax or after-tax Roth contributions up to 60% of their annual compensation, subject to certain IRC limitations. Participant contributions to the Plan are made through regular payroll deductions. The Plan also allows catch-up contributions for participants aged 50 or over based on IRC limitations.

Newly eligible participants are enrolled at 6% of eligible compensation. Participants subject to the automatic enrollment feature can change their deferral percentage or opt-out at any time.

The Company may contribute into the Plan a discretionary Employer matching contribution, as determined by the Company quarterly. In order to receive the quarterly discretionary Employer matching contribution, participants must be employed on the last day of the quarter. For 2024, the discretionary Employer matching contribution was 50% of elective deferrals made by eligible and contributing participants.

The Company may also contribute a discretionary Employer nonelective contribution allocated to each eligible participant on a per capita basis. In order to receive the discretionary Employer nonelective contribution, participants must be employed on the last day of the Plan year. There were no discretionary Employer nonelective contributions made to the Plan for the year ended December 31, 2024.

Participants may also transfer or rollover amounts from other qualified retirement plans into the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions, and (b) Plan earnings. Participant accounts are charged with Plan losses and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance in the form of a note. The maximum term of the note (or "loan") is five years, unless used for the purchase of a residence, which can have a term of ten years. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator and are fixed for the term of the loan. A participant may have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding participant loans ranges from 4.25% to 9.50% for the year ended December 31, 2024, and have maturity dates through June 2034.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are 100% vested in their pre-tax, after-tax Roth and rollover contributions, and allocated earnings or losses thereon. Effective April 1, 2020, the Plan was amended to change the vesting schedule for discretionary Employer matching and nonelective contributions to vest ratably over three years of service, as defined, for all employees hired on or after April 1, 2020. Employees hired prior to April 1, 2020, will continue to be 100% vested in discretionary Employer matching and nonelective contributions.

Forfeited accounts

Any forfeited non-vested amounts may be used to reduce future Employer contributions or pay Plan expenses. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$95,423 and \$88,901, respectively. During 2024, available forfeitures of \$93,802 and \$22,067 were applied to reduce Employer contributions and pay administrative expenses, respectively.

Payment of benefits

Upon death, disability, attaining retirement age, or termination of service, a participant may receive a lump-sum payment in the amount equal to the participant's vested account balance. Upon a distributable event, if a participant's balance is greater than \$1,000 but less than \$5,000, an automatic rollover into a qualified Individual Retirement Account will be made, if the participant does not request a distribution. Balances of \$1,000 or less upon a distributable event are disbursed as a lump-sum payment.

The Plan allows participants to receive hardship withdrawals to satisfy certain immediate and heavy financial needs. Certain other in-service and early retirement withdrawals are also allowed by the Plan if certain criteria are met.

Effective March 1, 2024, the Plan's involuntary cash out and automatic rollover provision amount was increased from \$5,000 to \$7,000.

Administrative expenses

Participants are responsible for certain administrative costs of the Plan, including loan and distribution fees, recordkeeping service fees, accounting services, custodial services and investment advisory services. Those expenses are recorded when due. The Company has elected to pay for certain administrative and accounting expenses of the Plan and these are excluded from these financial statements. The Plan is not required to reimburse the Company for expenses paid on its behalf. Investment related expenses are included in net appreciation of the fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. GAAP.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit and changes therein.

Investment valuations and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer contributions, if any, are recorded in the year earned to coincide with the year in which the Company records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and other income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs for the assets or liabilities and significant to the fair value measurement.

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash, interest bearing: Valued at cost, which equals fair value.

Mutual funds: Investments are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end and are actively traded.

Collective trusts: Units held in a collective trust are valued using NAV as a practical expedient to fair value, as provided by the managers of the funds. The NAV practical expedient is based on the value of the underlying net assets owned by the applicable fund, less its liabilities, divided by the number of shares outstanding. The collective trusts have a daily redemption frequency and no unfunded commitments.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Cash, interest bearing	\$ 95,466	\$ -	\$ -	\$ 95,466
Mutual funds	67,440,048	-	-	67,440,048
	\$ 67,535,514	\$ -	\$ -	67,535,514
Investments measured at net asset value*				7,924,426
				\$ 75,459,940

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Cash, interest bearing	\$ 88,901	\$ -	\$ -	\$ 88,901
Mutual funds	59,148,764	-	-	59,148,764
	\$ 59,237,665	\$ -	\$ -	59,237,665
Investments measured at net asset value*				8,177,903
				\$ 67,415,568

*Certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

RE/MAX, LLC 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

The Company may, at its discretion, pay Plan expenses. Such transactions are considered party-in-interest.

The Plan's recordkeeper retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Plan investments generate revenue credits from which the Recordkeeper determines the amount it expects to receive in connection with the Plan's investment holdings for the costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's ERISA Budget Account which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA. For the year ended December 31, 2024, the Plan did not use any funds from the ERISA Budget Account. As of December 31, 2024 and 2023, the ERISA Budget account had a balance of \$43 and \$0, respectively. Plan administrative expenses in excess of revenue credits available in the Plan's ERISA Budget Account are paid by the Company.

6. TAX STATUS

The Plan adopted an amended and updated Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Transamerica Retirement Solutions, LLC, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, and which states that the form of the Plan complies with applicable sections of the IRC and is available for use by employers for the benefit of their employees. The Plan Sponsor believes that the Plan, as amended, is currently designed and is being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any interest to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts.
