### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Miller Welding & Machine Company 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Miller Welding & Machine Company 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Miller Welding & Machine Company 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller Welding & Machine Company 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Miller Welding & Machine Company 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller Welding & Machine Company 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule of Assets held at year end are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**MILLER WELDING & MACHINE COMPANY**  
**401 (K) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

*A. BASIS OF ACCOUNTING:*

The accompanying financial statements of the Miller Welding & Machine Company 401(K) Profit Sharing Plan (Plan) have been prepared substantially on the accrual basis of accounting.

*B. ESTIMATES:*

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*C. INVESTMENT VALUATION AND INCOME RECOGNITION:*

The Plan's investments are stated at fair values measured by quoted prices in an active market or actual market values.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*D. FAIR VALUE MEASUREMENTS:*

Accounting Standards Codification Section 820 (formerly known as FAS 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):**

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Typically categorized in this level are certain fixed income securities, international equity securities, swaps and forward contracts.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured to fair value.

Mutual Funds (Level 1): Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan administration believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 25,575,841	\$ -	\$ -
<b>TOTAL</b>	<b>\$ 25,575,841</b>	<b>\$ -</b>	<b>\$ -</b>

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):**

The following table sets forth by level, within the fair value hierarchy, the net appreciation (depreciation) in fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Net appreciation in fair value	\$ <u>1,121,431</u>	\$ _____	\$ _____ -	\$ <u>1,121,431</u>

**2. DESCRIPTION OF PLAN:**

The following description of the Miller Welding & Machine Company 401(K) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Participation** - The Plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty and one half or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration and Recordkeeping** - Empower Retirement is the Trustee and Recordkeeper.

**Funding Policy** - The Plan is funded by Participant salary deferrals and Plan Sponsor contributions. Plan Sponsor contributions can be Safe Harbor if statutory limitations are met and proper election is made. Safe Harbor matching contributions relieve the Plan of the requirement for nondiscrimination testing. An additional Plan Sponsor contribution may be made in any year if the Plan Sponsor elects. The Plan Sponsor made a safe harbor contribution for the 2024 Plan year of \$604,425 and the 2023 Plan year of \$666,344. Participants may contribute a portion of their pre-tax annual wages to the Plan not to exceed \$23,000 and \$22,500, the limitation for 2024 and 2023 as set by the Internal Revenue Service.

## 2. DESCRIPTION OF PLAN (CONTINUED):

**Participant Accounts** - Individual accounts are maintained for each Plan participant to reflect the participant's contributions and related employer safe harbor contribution if such a contribution is elected by the Plan Sponsor. Income and loss are allocated to the participants' accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. Participants withdrawing from the Plan receive their balance by a lump-sum distribution which is subject to 20% income tax withholding. Withdrawing participants can also elect to have their funds rolled over to another qualified plan with no income tax consequences.

**Vesting** - Vesting in the Company profit-sharing contribution portion of participant accounts prior to January 2008, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after seven years of credited service for those contributions. Subsequent to January 2008, when the Plan was amended and restated, participants are fully vested in employer Safe Harbor contributions and are always fully vested in their own salary deferrals.

**Payment of Benefits** - The Plan only provides for lump-sum distributions. Upon termination of employment due to death or disability, the participant or their designated beneficiary will be entitled to their account balance based on the Plan's vesting schedule. Upon termination of employment for any other reason, plan participants will be entitled to their vested balance at the next valuation date following the date of termination.

Benefits are recorded when paid.

**Administrative Expenses** - All reasonable expenses of administration including recordkeeping, trustee, audit and other fees, may be paid by the Plan. If expenses are paid using the Plan's assets, then the expenses will be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

**Forfeited Accounts** - At December 31, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$15,265 and \$108,763, respectively. The Plan provisions for these accounts is to apply them to reduce administrative expenses of the Plan. Any remaining amounts are accumulated and can be used to supplement employer profit sharing contributions. In 2024, \$150,306 of forfeitures were applied to reduce employer contributions. In 2023, \$359 of forfeitures were applied to reduce employer contributions.

**Plan Amendment** - Effective January 1, 2008, the Plan was amended and completely restated to adopt a non-standardized deferred savings plan.

The restated Plan allows eligible employees to defer up to 100% of their compensation on a tax deferred basis into the Plan. Employee deferrals cannot exceed annual statutory limits.

## 2. DESCRIPTION OF PLAN (CONTINUED):

Effective January 1, 2008, the Plan may elect to make matching contributions and/or non-elective discretionary contributions.

The Plan was also amended and restated in 2009 to comply with federal requirements pursuant to EGGTRA. However, none of the provisions in the Plan were substantially different from the amended and restated Plan effective January 1, 2008.

Effective September 15, 2015, the plan was amended to allow the addition of Roth Deferrals and In-Plan Roth Rollovers.

Effective April 1, 2018, the plan was amended to allow pre-tax and Roth rollover contributions and for pre-tax rollover money to be converted to Roth. The amendment also limits rollover-in types to 401(k) plans only and states that employees who are not yet eligible for the plan are not eligible for rollover contributions. Only direct rollovers are permitted.

Effective December 1, 2020, the plan was amended to allow in-service withdrawals for fully vested participants. This also includes balances in the Roth elective deferral accounts.

Also, effective January 1, 2020 the Plan now has an automatic enrollment feature. All eligible employees of the Plan Sponsor will be enrolled in the Plan at the contribution rate of 3%. Plan sponsor employees have the option to complete a form to opt out of this automatic enrollment.

Effective November 1, 2024, the Plan was amended to permit In-Plan Roth Rollovers and transfers.

## 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED):

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2024</u>	<u>2023</u>
<b>INVESTMENTS, AT FAIR VALUE:</b>		
Mutual funds and fixed interest funds	\$ 27,317,993	\$ 26,026,768
Interest bearing cash	15,265	108,763
Investment income (loss)	\$ 1,121,431	\$ 2,040,692

This information was summarized by the information provided by Empower Retirement, the trustee of the Plan, and furnished to the Plan administrator.

The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

**4. GROUP ANNUITY CONTRACT WITH MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY:**

During the year ended December 31, 2020, the Plan entered into a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company. The values at year end for the years ended December 31, 2024 and 2023 were \$1,742,152 and \$1,979,959. The contributions to this investment are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.150%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan documents (including partial or complete Plan termination or merger with another Plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other plan sponsor events (for example divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without the consent of the issuer.

**5. PLAN TERMINATION:**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**6. TAX STATUS:**

The Plan obtained its latest determination letter on July 13, 2021 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrators believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRC, and therefore, believe that the Plan is qualified properly as tax-exempt.

Generally accepted accounting principles provide a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. The Plan recognizes a tax benefit only if it is more likely than not to be sustained upon examination. The Plan recognizes interest and penalties accrued related to unrecognized tax benefits in selling and administrative expenses. Plan management believes that the Plan has no material uncertain tax positions for any tax years subject to examination and has not recorded a liability for unrecognized tax benefits as of December 31, 2024 and 2023.

**7. EXPENSES OF THE PLAN:**

The Plan Sponsor may pay administrative expenses in whole or in part. All expenses not paid by the Plan Sponsor shall be paid by the Plan.

**8. TRANSACTIONS WITH PARTIES IN INTEREST:**

Miller Welding & Machine Company, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged. The Plan sponsor also pays substantially all administrative fees for the Plan. Other parties in interest include the plan auditors, Smith, Lewis, Chess & Company, LLP, and plan trustee Empower Retirement.

**9. CONCENTRATION OF RISK:**

The following funds comprise greater than 5% of net assets available for benefits at December 31, 2024:

Fixed Interest Fund	\$ 1,742,152
MassMutual Select TRP Retirement 2025	\$ 1,463,826

T Rowe Ret 2050 Adv	\$ 2,437,438
T Rowe Ret 2055 Adv	\$ 1,709,635

**10. RELATED PARTY TRANSACTIONS:**

Certain Plan investments are shares of mutual funds managed by Empower Retirement. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$114,529 and \$97,526 as of December 31, 2024 and 2023, respectively.

**11. RISKS AND UNCERTAINTIES:**

The Plan provides for various investment options in any combination of mutual funds. Each of these funds may invest in a combination of stocks, bonds, fixed-income securities, mutual funds and other investment securities in accordance with the objective of the fund. Investment securities are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**12. SUBSEQUENT EVENTS:**

Plan management has evaluated subsequent events through the date the financial statements were available to be issued.
