Independent Auditor's Report

To the Plan Administrator  
IT Solutions Consulting Inc. Medical Plan

*Opinion*

We have audited the financial statements of IT Solutions Consulting Inc. Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024 and the period from November 1, 2023 to December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 and the period from November 1, 2023 to December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

*Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Supplemental Schedules Required by ERISA*

The supplemental Schedule of Assets (Held at End of Year) Schedule H, Line 4i and Schedule H, Part IV, Line 4j - Schedule of Reportable Transactions as of and for the year December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## IT Solutions Consulting Inc Medical Plan

### Notes to Financial Statements December 31, 2024

#### Note 1 - Description of Plan

The following description of the IT Solutions Consulting Inc. Medical Plan (the "Plan") provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan constitutes an employee welfare benefit plan under the applicable section of the Employee Retirement Income Security Act of 1974 ("ERISA") and it sponsored by IT Solutions Consulting, Inc (the "Company" and the "Plan Sponsor"). The Plan provides health benefits to eligible employees of the Company and covered dependents. The plan also provides continuation of benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

Effective November 1, 2023, the Company established the IT Solutions Consulting Inc Health Benefit Trust (the "Trust") to facilitate the collection of Plan contributions, remittance to Plan service providers, and payment of other Plan expenses.

##### **Self-insured benefits**

The Plan provides medical benefits. The claims for self-insured benefits are processed by the Plan's third-party claims processor under administrative services only ("ASO") arrangements. The claims processor pays claims directly to or on behalf of participants and is then reimbursed by either the Plan's Trust or the general assets of the Company. Despite the Plan's utilization of a third-party claims' processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

##### **Stop loss coverage**

The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). This amount is included in the premiums paid for stop loss coverage on the accompanying statement of changes in net assets available for benefits, which is also inclusive of the ASO fees paid to the claims processor.

##### **Contributions**

The Plan is contributory, funded by participant and Company contributions, as applicable. Total contributions are based upon rates determined by the Plan Sponsor and the respective Plan service provider. The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions.

#### Note 2 - Summary of accounting policies

##### **Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

##### **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

##### **Funding policy**

The Plan's funding policy is for the Company to contribute an amount to cover all known liabilities.

## IT Solutions Consulting Inc Medical Plan

### Notes to Financial Statements December 31, 2024

#### **Due to custodian**

As medical claims invoices are received, the funding status of the trust is reviewed for sufficient funding by the Plan's custodian. When the trust does not have sufficient funding, the custodian will advance funding in the form of a non-interest-bearing loan until the stop loss reimbursements are received. As the stop loss claims are received, the trust will be replenished and the loan will be relieved.

#### **Payment of benefits**

Premiums paid by either the Company or the Trust for stop loss coverage are recorded as premiums paid for stop loss coverage in the accompanying statement of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as claims payable in the accompanying statements of net assets available for benefits.

#### **Administrative expenses**

The Plan incurs administrative costs specific to the operations of the Plan.

#### **Concentration of credit risk**

The Plan maintains its cash in a bank deposit account which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such account. The Committee believes the Plan is not exposed to any significant credit risk on cash.

#### **Subsequent events**

Management has evaluated subsequent events for the Plan through October 9, 2025, the date the financial statements were available to be issued.

#### **Note 3 - Claims incurred by not reported**

Plan obligations at December 31, 2024 and 2023 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. At December 31, 2024 and 2023, claims incurred but not reported totaled \$295,583 and \$0, respectively.

At December 31, 2024, the Plan's benefit obligations exceeded net assets available for benefits by \$339,931. The Company will fund any shortfall of Plan assets.

#### **Note 4 - Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## IT Solutions Consulting Inc Medical Plan

### Notes to Financial Statements December 31, 2024

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Interest-bearing cash:* Valued at amortized cost which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, the Plan held no investments as of December 31, 2023.

	2024	
	Level 2	Total
Interest-bearing cash	\$ 319,719	\$ 319,719
Total investments at fair value	\$ 319,719	\$ 319,719

#### Note 5 - Related party transactions and party-in-interest transactions

As described in Note 1, the Plan has an arrangement with a service provider to process claims. These transactions are party-in-interest transactions under ERISA.

As described in Note 2, the custodian of the plan holds a non-interest-bearing loan to fund the trust for \$295,010 on December 31, 2024.

#### Note 6 - Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner

toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

**Note 7 - Tax status**

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 8 - Reconciliation of financial statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the accompanying financial statements at December 31, 2024 and 2023 to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ (44,348)	\$ 101,483
Benefit obligations currently payable	<u>(295,583)</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u><u>\$ (339,931)</u></u>	<u><u>\$ 101,483</u></u>

The following is a reconciliation of claims paid to participants per the financial statements for the year ended December 31, 2024 and the period to Form 5500:

Claims paid, net per the financial statements	\$ 2,033,851
Add amounts currently payable at December 31, 2024	295,583
Less amounts currently payable at December 31, 2023	<u>-</u>
Benefits paid to participants per Form 5500	<u><u>\$ 2,329,434</u></u>

Claims that have been processed and approved for payment at year-end, but not paid are not considered liabilities under GAAP and, therefore, are not presented as liabilities or claims in the accompanying financial statements but are recorded on Form 5500 as a liability.
