## Independent Auditor's Report

LEDVANCE LLC Benefits Administrative and Investment Committee  
LEDVANCE LLC 401(k) Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LEDVANCE LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## LEDVANCE LLC 401(k) Savings Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

Effective June 1, 2016, the LEDVANCE LLC 401(k) Savings Plan (the Plan) was established for eligible employees of LEDVANCE LLC (the Company or the Plan Sponsor) in preparation for the March 3, 2017, spin-off of the Lamps Business Unit from OSRAM Sylvania Inc. (OSI). At the time of establishment of the Plan, its provisions including participant eligibility, contributions and vesting were substantially similar to the provisions of the OSI 401(k) Savings Plan (the OSI Plan). On June 1, 2016, the account balances and related assets for those participants formerly employed by OSI were transferred from the OSI Plan to the Plan.

The Company was sold to a Chinese consortium on March 3, 2017. There were no changes to the Plan as a result of the change in ownership of the Plan Sponsor.

The following description of the Plan provides general information about the Plan's provisions. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Company.

**General:** The Plan is a defined contribution plan established through a spin-off of the Lamps Business Unit of OSI as of June 1, 2016. Each Lamp Business Employee on June 1, 2016, who was a participant of the OSI Plan on May 31, 2016, became a participant of the Plan on June 1, 2016. Full-time employees are eligible to join starting with their first date of employment. Temporary employees become eligible for the Plan at the end of their first anniversary year or in the calendar year in which they earn 1,000 hours, whichever is later. Employees are automatically enrolled at 6% in the Plan immediately upon becoming eligible. An employee's initial 6% automatic enrollment percentage shall increase annually each January 1 by 1% of compensation up to a maximum of 10% provided a member is enrolled in the first nine months of the plan year. Should a member be enrolled in the last three months of the year, the auto escalation will take place beginning on the second January 1 following automatic enrollment. Leased employees, flexible employees, nonresident aliens and residents of Puerto Rico are not eligible to participate in the Plan.

The Benefits Administrative and Investment Committee is responsible for the general administration of the Plan and for selection and oversight of investments held by the Plan. The Bank of New York Mellon/BNY Mellon, N.A. (the Trustee) is the trustee of the Plan. Alight is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions:** Participants may contribute from 2% to 25%, in 1% increments, of their annual eligible compensation, as defined by the Plan document. When automatically enrolled, a participant's contribution is set at 6% of eligible compensation on a pre-tax basis and will increase by 1% each year up until reaching 10%. The default investment option is the applicable Life Cycle Portfolio determined based on a participant's year of birth. Participants who are automatically enrolled may change their contribution amounts and investment elections. The Plan allows participants age 50 or older to make additional tax-deferred contributions. Participant contributions are subject to certain statutory limits. Participants can also elect to make after-tax contributions to the Plan. The Company matches 50% of participant contributions if hired prior to January 1, 2007, and 100% of participant contributions if hired after January 1, 2007, on the first 6% of a participant's compensation contributed to the Plan. The Company also makes certain service-based contributions to participants hired prior to January 1, 2007, based on their years of service. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Effective October 11, 2017, the Plan was amended to include a provision to contribute a non-elective non-matching employer contribution to certain non-union, non-highly compensated employees.

#### Note 1. Description of the Plan (Continued)

**Investment options:** A participant may direct his or her contributions to any of the available investment options, in increments of at least 1%, within the Plan. Each participant has the ability to change his or her investment allocations at any time.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of the elected investment options. Allocations of administrative expenses are based on the participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Rollovers:** With the approval of the Plan Sponsor, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified status of the Plan. Participants are fully vested in these amounts.

**Vesting:** Effective January 1, 2018, the Plan was amended to provide immediate full vesting for all eligible employees in all employer contributions, plus actual earnings thereon.

**Notes receivable from participants:** Participants may borrow from their accounts in increments of \$1. The minimum amount of any loan is \$1,000, and the maximum amount is equal to the lesser of \$50,000 or 50% of a participant's vested account balance. The \$50,000 limit is reduced by a participant's highest outstanding loan balance during the preceding 12-month period. Loans are funded from each of the investment funds in which the participant has an available balance, with the exception of the self-directed brokerage account. Loan terms range from one to four years or up to 30 years for the purchase of a principal residence. A participant may not have more than two loans outstanding at any time. A loan bears interest at a rate commensurate with local prevailing rates at the date of issuance as determined from time to time by the Benefits Administrative and Investment Committee. Principal and interest are paid ratably through regular payroll deduction or direct payment after a participant terminates employment with the Company. At December 31, 2024, these rates range from 3.25% to 8.50% on outstanding notes receivable from participants and the loans mature through 2053.

**Payment of benefits:** The Plan can disburse funds upon a participant's separation from service with the Company or its affiliates as a result of the following: retirement, death, total or permanent disability, permanent layoff, or termination of employment with the Company. The Plan provides that such payments can take one of three forms: a lump-sum payment, partial lump-sum payments and/or installment payments (except that a participant who is transferred to an affiliated company that is not located in the U.S. retains the distribution options the participant had under the Siemens Savings Plan in effect on December 31, 2009). However, any vested benefit of \$1,000 or less at the time of termination will automatically be paid out as a lump sum.

**Withdrawals during employment:** In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

**Administrative expenses:** Certain administrative functions are performed by officers or employees of the Company. No such officer or employee shall receive compensation from the Plan, except as ERISA may permit. Administrative expenses including trustee fees, investment advisory fees, recordkeeping fees, and investment administration fees are paid by the Plan. Investment administrative costs associated with participant loan requests are deducted from participant accounts.

### Notes to Financial Statements

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Notes receivable from participants:** Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2024 and 2023, there was no allowance for credit losses.

**Investment valuation and income recognition:** Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion and disclosures related to fair value measurements.

The Benefits Administrative and Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the Trustee and issuers that is used to determine the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of investments, which consists of the realized gains or losses and the unrealized appreciation on those investments.

**Payment of benefits:** Benefits are recorded when paid.

**Administrative expenses:** Certain expenses, primarily related to the set-up and maintenance of participant loans, are paid by the Plan via a reduction of participant accounts. Investment-related expenses are included in net appreciation of fair value of investments. Administrative expenses including trustee fees, investment advisory fees, recordkeeping fees, and investment administration fees are paid by the Plan. Total administrative expenses paid by the Plan were \$738,995 during the year ended December 31, 2024.

**Income taxes:** U.S. GAAP requires management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax position that more likely than not would be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2021.

### Notes to Financial Statements

---

#### Note 3. Party-in-Interest Transactions

Certain Plan assets are invested in funds managed by the Trustee, and certain Plan assets are invested in funds managed by an affiliate of the Company's recordkeeper. These transactions qualify as party-in-interest transactions. The Plan issues notes receivable from participants, which are secured by the balances in the participants' accounts, which also constitute party-in-interest transactions.

#### Note 4. Plan Termination

Although it has not expressed an intention to do so, the Company reserves the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the right of each affected participant to the amounts of his or her accounts at such time shall become fully vested and non-forfeitable.

#### Note 5. Tax Status

The Plan has received a determination letter from the IRS dated March 16, 2018, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator and management of the Company believe that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

#### Note 6. Information Prepared and Certified by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of our knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2024	2023
Investments at fair value:		
Common/collective trusts	\$ 93,800,472	\$ 90,298,449
Mutual funds	86,138,599	87,505,915
Self-directed brokerage account	5,601,760	4,539,605
	<u>\$ 185,540,831</u>	<u>\$ 182,343,969</u>
Receivables:		
Notes receivable from participants	<u>\$ 984,797</u>	<u>\$ 889,299</u>

The Trustee also certified to the completeness and accuracy of \$19,274,562 of net appreciation in fair value of investments, \$55,085 of interest income on notes receivable from participants, and \$1,021,673 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2024.

#### Note 7. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

**Level 2:** Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

**Level 3:** Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets and liabilities measured at fair value by the Plan:

**Common/collective trusts:** Valued as determined by the Trustee of the common/collective trusts based on their net asset value (NAV) and supported by the value of the underlying securities and by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

**Mutual funds:** Mutual funds are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Self-directed brokerage account:** The brokerage link is a self-directed brokerage account through which participants are able to invest in mutual funds, common stock and a money market account which are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

#### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
