Independent Auditor's Report

Plan Administrator and Participants
Life Care Companies LLC Retirement and 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Life Care Companies LLC Retirement and 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, part IV, line 4a—schedule of delinquent participant contributions, year ended December 31, 2024 and Schedule H, part IV, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Life Care Companies LLC Retirement and 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Life Care Companies LLC Retirement and 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was most recently amended and restated effective July 2022.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees of Life Care Companies LLC and its subsidiaries, including Life Care Services LLC, Care Purchasing Services LLC, LCS Development LLC, The Chestnut Partnership, LCS-Westminster Partnership IV LLP, Heritage Retirement Facilities LLC, LCS Community Employment LLC, and LCS Dallas Operations LLC (collectively, the Employer), except members of a collective bargaining unit and certain nonresident aliens. Employees are eligible to make salary deferral contributions to the Plan on the earliest date after having attained age 21 and meeting the service period requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and investment options: Each year, participants may contribute up to the lesser of the defined contribution dollar limit (as defined by Code section 415 (d)) or 75% of the participant's annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants in the Plan are eligible to receive discretionary matching employer contributions and qualified nonelective employer contributions if they were an active participant at any time during the Plan year and had retired, died or become disabled during the Plan year. Participants in the Plan and employees of all other employers are eligible to receive matching and qualified nonelective employer contributions if they are active participants at any time during the Plan year.

For employees of LCS-Westminster Partnership IV LLP and Heritage Retirement Facilities LLC, the Employer provides a matching contribution equal to 50% of the participant's eligible contributions, subject to a maximum of 3% of eligible compensation for active employees contributing to the Plan. For all other employees, the Employer provides a matching contribution equal to 100% of the participant's eligible contributions that are not over 3%, plus 50% of elective deferral contributions that are over 3% but are not over 5% of eligible compensation.

Employer matching contributions totaled \$10,398,225 for the year ending December 31, 2024. The Employer may make discretionary and qualified nonelective contributions to the Plan in an amount determined by the Employer for a particular Plan year. For the year ended December 31, 2024, discretionary contributions totaled \$0. Participants direct the investment of both their contributions and employer contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer's matching contribution and an allocation of: (a) the Employer's discretionary and qualified nonelective contribution and (b) Plan earnings, and is charged with loan administration fees if applicable. The Employer allocates discretionary and qualified nonelective contributions to the separate accounts of each participant based upon the participant's share of total compensation paid during the Plan year to all eligible participants' compensation in the Plan. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Life Care Companies LLC Retirement and 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching, discretionary and qualified nonelective contributions plus earnings thereon is based on continuous years of service. For employees of Heritage Retirement Facilities LLC and LCS-Westminster Partnership IV LLP, contributions become 20% vested after two years of credited service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. Vesting in the Employers qualified matching contributions for all other employees is immediate.

Forfeited accounts: At December 31, 2024 and 2023, forfeitures for nonvested account balances totaled approximately \$600 and \$2,000, respectively. These forfeitures may be used first to pay administrative expenses and then may be used to reduce future employer contributions. During the year ended December 31, 2024, the Plan used approximately \$0 to pay administrative expenses and approximately \$94,000 to reduce employer contributions.

Payment of benefits: Participants or their beneficiaries are eligible for benefits upon retirement, termination, death or disability. A participant may, if the value of the participant's vested balance is under \$5,000, roll over the amount into another qualified plan or receive a lump-sum payment. If the participant's balance is \$1,000 or more but less than \$5,000 and the participant makes no election upon termination, the balance may be rolled into a separate IRA account. If the vested balance is \$5,000 or more, the participant may elect to roll over the amount into another qualified plan, receive a lump-sum payment or annuity or remain in the Plan.

Notes receivable from participants: Participants may request to borrow from the Plan for a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance as of the last valuation date. The trustees of the Plan may approve the transactions. Notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The notes receivable outstanding at December 31, 2024, mature January 2025 through December 2029 and bear interest at 4.25% to 9.50%. The notes receivable outstanding at December 31, 2023, bore interest at 4.25% to 9.50%.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions: Contributions from Plan participants and the related matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Life Care Companies LLC Retirement and 401(k) Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses have been recorded as of December 2024 and 2023.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 7, 2025, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. Participants with loan balances are charged a loan administration fee. Certain other administrative expenses are paid directly by the Employer and may be reduced by plan forfeitures.

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodian

The following is a summary of the Plan asset and investment income information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments at fair value:		
Common/collective trusts	\$ 185,836,974	\$ 159,104,576
Pooled separate accounts	1,460,038	1,940,935
Mutual funds	103,427,625	89,043,355
Deferred income annuity	110,296	143,984
Notes receivable from participants	4,251,008	3,544,538

The custodian also certified to the completeness and accuracy of \$313,777 of interest income on notes receivable from participants, \$1,201,668 of dividends, and \$34,436,715 of net appreciation in value of investments. All amounts include activity on investments bought, sold and held during the year ended December 31, 2024.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Life Care Companies LLC Retirement and 401(k) Savings Plan

Notes to Financial Statements

Note 6. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States Of America require the plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits or any tax periods in progress.

Note 7. Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts and a common collective trust fund managed by Principal, the Plan custodian. These transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and required the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Note 9. Fair Value Measurements (Continued)

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2024 compared to December 31, 2023.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Deferred income annuity: The Principal Pension Builder is an investment option which allows participants to purchase deferred income annuities issued by Principal Life Trust Company. These assets can be transferred in the future to other investment options within the Plan or surrendered. Transactions that occur prior to the commencement of guaranteed income payments are realized at the lower of contract value (or return of premium) or an adjusted contract value that takes into account the current rates of interest available in the marketplace as well as mortality factors. The fair value of the annuity is the value paid when funds are withdrawn prior to the income start date. The annuity is reported at fair value. Contract values approximated fair values at December 31, 2024 and 2023. The annuity is classified within Level 3 of the valuation hierarchy.

Pooled separate accounts: Pooled separate accounts invest primarily in domestic and international stocks, commercial paper and mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Common collective trust funds: Common collective trust funds invest in collective trust funds as well as a variety of separate accounts and mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each collective investment trust account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table presents additional information about assets measured at fair value on a recurring basis for which the Plan has utilized Level 3 inputs to determine fair value:

Purchases	\$ 6,540
Issuances	-
Transfers into Level 3	-
Transfers out of Level 3	-

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Pooled separate accounts (a)	\$ 1,460,038	\$ 1,940,935	\$ -	(a)	None

Total	<u>\$ 187,297,012</u>	<u>\$ 161,045,511</u>			

(a) Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.

Note 10. Prohibited Transactions

During 2024, the Employer inadvertently failed to deposit \$819 of participant contributions within the required timeframe as stated by the United States DOL regulations. The Employer filed Form 5330 and reimbursed the Plan for lost interest in 2024. The excise tax payments will be made from the Employer's assets and not from assets of the Plan.
