INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Emporia Wholesale Coffee Company
Profit Sharing Plan and Trust
Emporia, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Emporia Wholesale Coffee Company 401(k) Plan (the Plan), an employee benefit plan subjected to the Employee Retirement Income Security Act of 1974 (ERISA) as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023 stating that the qualified investment information, as described in the Notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

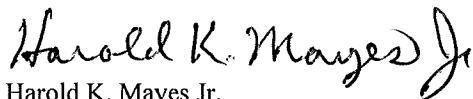

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of “Schedule H, Line 4i - Schedule of Assets (Held at End of Year)”, is presented for the purpose of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to the related certified investments information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE A – DESCRIPTION OF PLAN

The following description of the Emporia Wholesale Coffee Company (the Company) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan documents, as amended, for a more complete description of the Plan’s provisions. The following describes the provisions of the Plan in effect on December 31, 2024, is for informational purposes only and does not bind the Plan.

General - The Plan is a defined contribution plan covering all employees of the Company who have completed at least 3 months of eligible service, as defined in the Plan document, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan also allows the employees of S & J Transportation Co. to participate in the plan provided the employee meets the eligibility requirements.

Employee Contributions – Participants are permitted to contribute a portion of their annual compensation as defined in the Plan document, without limitation (other than those imposed by the Internal Revenue Code) upon completion of three months of service and effective with a plan entry date. Eligible employees are automatically enrolled in the Plan with a 5% deferral rate unless the employee elects a lesser rate (including zero) under the salary reduction agreement. Additionally, each plan participant’s salary deferral percentage will automatically escalate by 1% every July 1st, up to a maximum of 15% deferral rate unless the participant indicated otherwise in writing. Participants may contribute to the Plan on a tax-deferred basis or on a post-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty funds as investment options. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.

Employer Contributions – The Company has a discretionary matching policy. The Company made matching contributions totaling \$95,062 and \$84,771 for the years ended December 31, 2024 and 2023 respectively. At the end of the Plan year, the Company, at the discretion of the Company’s Board of Directors, also may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant’s eligible compensation to the total eligible compensation of all qualified participants. The Company made a \$100,000 discretionary profit-sharing contribution in December 31, 2024 and 2023.

Participant Accounts - Each participant’s account is credited with the participant’s voluntary contribution, any employer discretionary profit-sharing contribution, applicable employer matching contributions, and Plan earnings (losses). Participant accounts may also be charged with an allocation of administrative expenses and expenses directly attributable to an individual participant’s account. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are fully vested in their employee contributions plus actual earnings (losses) thereon. Vesting in the Company’s matching and discretionary contribution portion of their account plus or minus actual earnings (losses) thereon is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Loans – Under the terms of the Plan, participants may not borrow from their accounts.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE A – DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits – Upon termination of employment, death, disability or retirement, a participant will receive his or her benefits in a single cash payment if the account balance is less than \$7,000. If the account is more than \$7,000, the employee may elect to either have the balance distributed, rolled over, or to postpone distribution until the employee reaches their normal retirement age. Benefits are recorded when paid.

Forfeited Accounts – At December 31, 2024 and 2023, non-participant directed assets consist of forfeited non-vested accounts totaling \$2,274 and \$3,615 respectively. These amounts may be used to pay plan administrative expenses and reduce future employer contributions.

Certified Investments – Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by The Matrix Trust Company (the custodian of the Plan).

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan’s management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan’s investments are stated at fair market value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

NOTE C – INVESTMENTS

All investment accounts are participant-directed accounts. The Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$872,631 and \$1,073,461 for December 2024 and 2023 respectively.

The following table presents the value of investments that represent 5% or more of the Plan’s net assets available for benefits as of December 31:

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

REGISTERED INVESTMENT COMPANIES (MUTUAL FUNDS) – Valued at the net asset value (NAV) of shares held by the plan at year end. The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

STABLE VALUE CONTRACT – Valued at the estimated contract value discounted for current market interest rates.

Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE F – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust, as amended, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States of America (GAAP) requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2019.

NOTE G – EXPENSES ABSORBED BY PLAN SPONSOR

The Plan's sponsor, Emporia Wholesale Coffee Company, absorbs some of the administrative expenses including the costs of liability insurance, bond premiums, and audit fees. Investment related expenses are included in the net appreciation of the fair value of investments.

NOTE H – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of money market mutual funds managed by Matrix Trust Company. Matrix Trust Company is the custodian of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions. Additional party-in-interest transactions include: audit fees to Agler & Gaedert Chartered, UBS Financial Services, Inc. for investment advice and TPP Retirement Plan Specialist, LLC for third party administration.

NOTE I – RISKS AND UNCERTAINTIES

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Plan investments are not insured by FDIC or similar coverage.

NOTE J – STABLE VALUE CONTRACT WITH MET LIFE INSURANCE

The Plan has entered into a traditional fully benefit-responsive Stable Value investment contract with Met Life Insurance Company (Met Life) totaling \$801,392 for 2024 and \$794,832 for 2023. Met Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The investment contract does permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Met Life, represents contributions made under the contract, plus earnings, less participants' withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable or occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount difference from contract value. Such events include (1) an uncured violation of the Plan's investments guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.
