INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the Dechert LLP Pension Plan No. 2 for Partners (the "Plan")

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Dechert LLP Pension Plan No. 2 for Partners, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of the Dechert LLP Pension Plan No. 2 for Partners performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Dechert LLP Pension Plan No. 2 for Partners and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Pension Plan No. 2 for Partners to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Dechert LLP Pension Plan No. 2 for Partners. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Pension Plan No. 2 for Partners to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

1. General Description of Plan

The following brief description of the Dechert LLP Pension Plan No. 2 for Partners (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan requiring participation by all eligible partners and certain officers of Dechert LLP (the “Firm”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is a money purchase pension plan qualified under section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”) and is, therefore, exempt from federal income taxes under the provisions of section 501(a) of the Code. The Plan has satisfied the minimum funding requirements of ERISA. Effective January 1, 2012, the Firm amended and restated the Plan document. Fidelity Management Trust Company is the trustee as defined by the Plan.

Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated May 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Firm’s counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Eligibility

Except as otherwise provided, all partners and certain officers of the Firm who are U.S. citizens or resident aliens earning U.S. taxable income shall become a participant on the first day of the first calendar month beginning on or after (i) the date on which that partner has been elected to the partnership, or (ii) the effective date of the officer’s employment with the Firm in the capacity of an officer; provided that the partner or officer has either: (1) attained age 21 and one Year of Service, or (2) attained age 40, whichever is earlier. Effective January 1, 2016, no partner who is a United States citizen shall be eligible to commence participation in the Plan while a resident in the Firm’s London, England office.

Contributions

For each Plan year, the Firm shall contribute to the Plan, from net income, the following amounts:

For each participant designated by the Firm as an equity partner for all or any part of the Plan year and who has earned income for the year, the sum of \$17,500.

For each participant designated by the Firm as an income partner for the Plan year and who has earned income for the year, the applicable amount indicated below:

- if the participant is under age 40 on December 31 of the relevant year, the sum of \$10,000;
- if the participant is between the ages of 40 and 49 on December 31 of the relevant year, the sum of \$12,000; or
- if the participant is age 50 or older on December 31 of the relevant year, the sum of \$14,000.

DECHERT LLP
Pension Plan No. 2 For Partners
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

Effective January 1, 2015, and as detailed in the Plan document, for each participant designated in the Plan document as an Officer for the Plan year and who has compensation for the relevant year, the sum of \$10,000.

In the case of a participant who retires at or after age 60 and on a date other than the last day of the Plan year, the Firm's contribution shall be the fullest amount determined under the Plan.

In the case of a participant not described above who is eligible to participate actively in the Plan for less than 12 full months of a Plan year, the Firm's contribution shall be the amount determined above, multiplied by a fraction the numerator of which is the number of completed months of active participation and the denominator of which is 12.

Participants may also rollover amounts representing distributions from other tax-qualified retirement plans.

Participant Accounts

The trustee makes investment funds available to participants, and invests all contributions and rollovers made to the participant's account in one or more of these investment funds at the participant's direction. Each participant's account is credited with allocations of: (a) the Firm's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Employer Contributions

Participants with three or more years of service will have a 100% vested interest in their account. Also, participants who, while employed by the Firm, reach normal retirement age (62), die, or incur a disability will be 100% vested in their account regardless of his or her years of service.

Forfeitures

The unvested account of any participant who terminates his or her service shall be forfeited at such time as the Plan Administrator shall determine, but not later than December 31st of the Plan year following the Plan year of termination. Such accounts will be invested as the participant directs, in accordance with the Plan document, prior to the date that such account is forfeited. Forfeitures shall be applied so as to reduce the contributions due from the Firm for the Plan year in which the forfeiture occurs.

Total unallocated forfeitures, which will be used to reduce future employer contributions, were \$4,539 and \$498 as of December 31, 2024 and 2023, respectively. Firm contributions for 2024 were reduced by \$139,935 of previously forfeited amounts.

Payment and Forms of Benefits

A participant's vested account balance is distributable to the participant or a beneficiary upon retirement, death or withdrawal from the Firm for any reason as soon as administratively feasible after the valuation date preceding the date of distribution. Benefits may be in the form of an annuity, installments, a cash lump sum, transfer to a tax-qualified plan that permits rollovers, an Individual Retirement Account, or deferred and held in the trust until the participant elects to receive payments, or up until the participant must take a required minimum distribution.

Plan Termination

The Firm reserves the right at any time to modify, suspend, amend or terminate the Plan. However, the Firm has no power to do so in such manner as will cause or permit any part of the Plan assets to be used or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries. In the event of Plan termination, participants will become 100% vested in their accounts. The Firm has no current intent to suspend or terminate the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee, custodians and investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

At the discretion of the Firm, the Plan may pay the fees charged by accountants, actuaries, attorneys, consultants or other advisors of the Plan, provided that such fees represent reasonable compensation for such services rendered. Certain expenses of maintaining the Plan are paid directly by the Firm and are excluded from these financial statements. Quarterly recordkeeping fees and other account maintenance fees are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and collective trusts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Firm has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments and interest and dividends, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The information for all mutual funds and collective trusts listed in the schedule of assets (held at end of year) as of December 31, 2024 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DECHERT LLP
Pension Plan No. 2 For Partners
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

Following is a description of the valuation methodologies used for assets of the Plan measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at the net asset value of units of the collective trusts held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Collective trusts (*)	\$ 33,397,913	\$ -	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2023:

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) of the Plan as of December 31, 2024 and 2023.

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

The objective of the stable value collective trust is to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The objectives of the collective trusts invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the collective trusts invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These collective trust funds are redeemable at net asset value under agreements with the underlying funds. However, it is possible that these redemption rights may be restricted by the funds in the future in accordance with underlying fund agreements. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds, and consequently, the fair value of the Plan's interest in the funds. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's investments.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are units of mutual funds managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, transactions in these securities qualify as party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the Dechert LLP Pension Plan No. 2 for Partners (the "Plan")

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Dechert LLP Pension Plan No. 2 for Partners, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of the Dechert LLP Pension Plan No. 2 for Partners performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Dechert LLP Pension Plan No. 2 for Partners and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Pension Plan No. 2 for Partners to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Dechert LLP Pension Plan No. 2 for Partners. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Dechert LLP Pension Plan No. 2 for Partners to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pension Plan No. 2 For Partners
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

1. General Description of Plan

The following brief description of the Dechert LLP Pension Plan No. 2 for Partners (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan requiring participation by all eligible partners and certain officers of Dechert LLP (the “Firm”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is a money purchase pension plan qualified under section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”) and is, therefore, exempt from federal income taxes under the provisions of section 501(a) of the Code. The Plan has satisfied the minimum funding requirements of ERISA. Effective January 1, 2012, the Firm amended and restated the Plan document. Fidelity Management Trust Company is the trustee as defined by the Plan.

Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated May 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Firm’s counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Eligibility

Except as otherwise provided, all partners and certain officers of the Firm who are U.S. citizens or resident aliens earning U.S. taxable income shall become a participant on the first day of the first calendar month beginning on or after (i) the date on which that partner has been elected to the partnership, or (ii) the effective date of the officer’s employment with the Firm in the capacity of an officer; provided that the partner or officer has either: (1) attained age 21 and one Year of Service, or (2) attained age 40, whichever is earlier. Effective January 1, 2016, no partner who is a United States citizen shall be eligible to commence participation in the Plan while a resident in the Firm’s London, England office.

Contributions

For each Plan year, the Firm shall contribute to the Plan, from net income, the following amounts:

For each participant designated by the Firm as an equity partner for all or any part of the Plan year and who has earned income for the year, the sum of \$17,500.

For each participant designated by the Firm as an income partner for the Plan year and who has earned income for the year, the applicable amount indicated below:

- if the participant is under age 40 on December 31 of the relevant year, the sum of \$10,000;
- if the participant is between the ages of 40 and 49 on December 31 of the relevant year, the sum of \$12,000; or
- if the participant is age 50 or older on December 31 of the relevant year, the sum of \$14,000.

DECHERT LLP
Pension Plan No. 2 For Partners
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

Effective January 1, 2015, and as detailed in the Plan document, for each participant designated in the Plan document as an Officer for the Plan year and who has compensation for the relevant year, the sum of \$10,000.

In the case of a participant who retires at or after age 60 and on a date other than the last day of the Plan year, the Firm's contribution shall be the fullest amount determined under the Plan.

In the case of a participant not described above who is eligible to participate actively in the Plan for less than 12 full months of a Plan year, the Firm's contribution shall be the amount determined above, multiplied by a fraction the numerator of which is the number of completed months of active participation and the denominator of which is 12.

Participants may also rollover amounts representing distributions from other tax-qualified retirement plans.

Participant Accounts

The trustee makes investment funds available to participants, and invests all contributions and rollovers made to the participant's account in one or more of these investment funds at the participant's direction. Each participant's account is credited with allocations of: (a) the Firm's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Employer Contributions

Participants with three or more years of service will have a 100% vested interest in their account. Also, participants who, while employed by the Firm, reach normal retirement age (62), die, or incur a disability will be 100% vested in their account regardless of his or her years of service.

Forfeitures

The unvested account of any participant who terminates his or her service shall be forfeited at such time as the Plan Administrator shall determine, but not later than December 31st of the Plan year following the Plan year of termination. Such accounts will be invested as the participant directs, in accordance with the Plan document, prior to the date that such account is forfeited. Forfeitures shall be applied so as to reduce the contributions due from the Firm for the Plan year in which the forfeiture occurs.

Total unallocated forfeitures, which will be used to reduce future employer contributions, were \$4,539 and \$498 as of December 31, 2024 and 2023, respectively. Firm contributions for 2024 were reduced by \$139,935 of previously forfeited amounts.

Payment and Forms of Benefits

A participant's vested account balance is distributable to the participant or a beneficiary upon retirement, death or withdrawal from the Firm for any reason as soon as administratively feasible after the valuation date preceding the date of distribution. Benefits may be in the form of an annuity, installments, a cash lump sum, transfer to a tax-qualified plan that permits rollovers, an Individual Retirement Account, or deferred and held in the trust until the participant elects to receive payments, or up until the participant must take a required minimum distribution.

Plan Termination

The Firm reserves the right at any time to modify, suspend, amend or terminate the Plan. However, the Firm has no power to do so in such manner as will cause or permit any part of the Plan assets to be used or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries. In the event of Plan termination, participants will become 100% vested in their accounts. The Firm has no current intent to suspend or terminate the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee, custodians and investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

At the discretion of the Firm, the Plan may pay the fees charged by accountants, actuaries, attorneys, consultants or other advisors of the Plan, provided that such fees represent reasonable compensation for such services rendered. Certain expenses of maintaining the Plan are paid directly by the Firm and are excluded from these financial statements. Quarterly recordkeeping fees and other account maintenance fees are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and collective trusts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Firm has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments and interest and dividends, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The information for all mutual funds and collective trusts listed in the schedule of assets (held at end of year) as of December 31, 2024 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

Following is a description of the valuation methodologies used for assets of the Plan measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at the net asset value of units of the collective trusts held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2023:

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) of the Plan as of December 31, 2024 and 2023.

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

The objective of the stable value collective trust is to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The objectives of the collective trusts invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the collective trusts invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These collective trust funds are redeemable at net asset value under agreements with the underlying funds. However, it is possible that these redemption rights may be restricted by the funds in the future in accordance with underlying fund agreements. Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds, and consequently, the fair value of the Plan's interest in the funds. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's investments.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are units of mutual funds managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, transactions in these securities qualify as party-in-interest transactions.
