## Independent Auditor's Report

To the Trustees of  
Gables Engineering, Inc. 401(K) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of Gables Engineering, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 1 – Description of Plan**

The following description of Gables Engineering, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan established by Gables Engineering, Inc. (the "Plan Sponsor" and "Company") under the provisions of Section 401(a) of the United States Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: 18
- Service: 1 month
- Status Exclusions:
  - a. Leased employees
  - b. Members of collective bargaining agreement

Upon satisfying the eligibility requirements, employees may participate in the Plan immediately upon eligibility.

**Contributions**

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. For any calendar year, a participant's elective deferrals may not exceed a specific dollar amount [\$23,000 in 2024 and if over 50 years of age, the participant may contribute an additional \$7,500 in 2024 as determined by the Internal Revenue Service ("IRS")]. At the discretion of the Plan Administrator, participants may be permitted to deposit or "roll over" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 1 – Description of Plan--Continued**

The following contribution types are allowed by the Plan:

- Rollover contributions
- Employer safe harbor
- Employer profit sharing
- Employer matching
- Elective deferrals
- Roth deferrals

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the plan exempt from certain compliance testing requirements. The Company makes a matching contribution equal to 100% of a participant's deferrals up to a maximum amount of 6% of a participants' compensation deferrals.

The Company may make discretionary profit sharing contributions which will be allocated in accordance with the Plan document provisions. To receive the discretionary contribution, participants must be employed on the last day of the Plan year and have completed a year of service (1,000 hours) during the Plan year. No discretionary contributions were made during the year ended December 31, 2024.

**Participant Accounts**

Each participant's account is credited with the participant's elective contributions and allocations of (a) the Company's matching and discretionary contributions and (b) investment earnings and charged with an allocation of administrative expenses if the expenses are not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. Participants are always 100% vested in their safe harbor matching contributions and discretionary contributions upon enrollment in the Plan.

**Investment Options**

Upon enrollment in the Plan, a participant may direct elective deferrals and employer matching contributions in any of the investment options offered by the Plan. Participants may change their investment options at their discretion.

**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 1 – Description of Plan--Continued**

**Notes Receivable from Participants**

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years. If the purpose of the loan is to acquire or construct the primary residence of the Participant, the period of repayment may exceed five years, but in no event shall it exceed the usual repayment period required by commercial lenders for similar loans. Interest rates ranged from 4.25% to 9.50% on outstanding notes receivable from participants as of December 31, 2024, and 2023.

**Benefits Paid to Participants**

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- Rollover source withdrawal at any time
- In service
- Hardship
- Involuntary cash-outs

**Plan Expenses**

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

**Expenses Paid by the Company**

Administrative Plan related expenses, such as professional fees, amounting to approximately \$96,000 were paid by the Company in 2024 on behalf of the Plan.

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 1 – Description of Plan--Continued**

**Termination of the Plan**

On July 23, 2025, the Company was acquired by Heico Electronic Technologies Corp, (the "Acquirer"). In connection with the transaction, the Plan was approved for termination effective July 22, 2025 (See Note 10). As a result of the termination, no further contributions were made to the Plan, and all participants became fully vested in their account balances as of the termination date. The termination was executed in a manner intended to comply with all regulatory requirements, and asset distributions are expected to be completed as soon as administratively feasible.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. The collective investment trust fund - Galliard Stable Return Fund C as of December 31, 2024 and 2023, respectively, is stated at net asset value ("NAV") as defined in Accounting Standards Codification ("ASC") 820. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 2 – Summary of Significant Accounting Policies--Continued**

**Contributions**

Contributions from Plan participants and employer contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

**Payment of Benefits**

Benefits are recorded when paid.

**Subsequent Events**

Subsequent events were evaluated through October 8, 2025, which is the date the financial statements were available to be issued.

**Note 4 – Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 4 – Fair Value Measurement--Continued**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds and Money Market Fund*

Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan at year-end are open-end funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Account*

Self-directed brokerage accounts consist primarily of common stock, preferred stock, mutual funds, exchange-traded funds (ETFs), and money market mutual funds. These investments are traded in active markets and are valued at quoted market prices on the last business day of the period.

Common and preferred stocks, as well as ETFs, are valued at the closing price reported in the active market in which the securities are traded. Money market mutual funds are valued using amortized cost, as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates fair value. Mutual funds are valued at their net asset value ("NAV") as reported by the fund.

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 4 – Fair Value Measurement--Continued**

Common Collective Trust Funds

The Galliard Stable Return Fund C is composed primarily of fully benefit-responsive investment contracts and is reported at fair value using the NAV as a practical expedient. These collective investment trusts calculate NAV per share in a manner consistent with the measurement principles of ASC 946, Financial Services – Investment Companies.

Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets, which include the fully benefit responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>2024</u>	<u>2023</u>
<b>Level 1</b>		
Money market fund	\$ 6,960,679	\$ 5,828,508
Mutual funds	34,678,874	32,531,030
Self directed brokerage accounts	47,973,667	37,944,234
<b>Level 2</b>	-	-
<b>Level 3</b>	-	-
<b>Total investments in the fair value hierarchy</b>	<u>89,613,220</u>	<u>76,303,772</u>
<b>Investments measured at net asset value (a)</b>	<u>3,592,181</u>	<u>4,658,349</u>
<b>Total investments at fair value</b>	<u>\$ 93,205,401</u>	<u>\$ 80,962,121</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. ASC 820-10-20 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

**Note 5 – Galliard Stable Return Fund C**

The Galliard Stable Return Fund C (the “Fund”) is a common collective trust fund sponsored by SEI Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s constant NAV of \$1 per unit. Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit; although there is no guarantee that the Fund will be able to maintain its value.

**Note 6 – Transactions with Parties-in-Interest**

Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2024, the Plan made direct payments of approximately \$41,000 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

**GABLES ENGINEERING, INC. 401(k) PLAN**  
**Notes to Financial Statements--Continued**  
**December 31, 2024 and 2023**

**Note 7 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 8 – Tax Status**

The IRS issued an opinion letter dated September 21, 2020, indicating that the prototype plan document adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2021.

**Note 9 – Concentrations**

One of the Plan's investment options represents approximately 40% and 36% of the Plan's total investments as of December 31, 2024 and 2023, respectively.

**Termination of the Plan**

On July 23, 2025, the Company was acquired by Heico Electronic Technologies Corp. In connection with the transaction, the Plan was approved for termination effective July 22, 2025. As a result, participant accounts became fully vested in accordance with the Plan's terms and ERISA. The Plan ceased accepting new contributions as of July 22, 2025. Participants were offered the option to roll over their account balances (including eligible rollovers to other qualified plans, IRAs or the acquirer's Plan). Distributions will be made as soon as administratively feasible following receipt of all required approvals and completion of termination procedures.

**SECURE 2.0 Act**

The Setting Every Community Up for Retirement Enhancement Act ("SECURE 2.0 Act") was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2025 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.
