REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Atlanta Braves 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Atlanta Braves 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Atlanta Braves 401(k) Plan (the “Plan”) provides only general information. More complete information regarding the Plan provisions may be found in the Plan document.

General

Effective September 18, 2023, the Plan was adopted and assets totaling \$61,617,904 were transferred to the Plan from the Liberty Media 401(k) Savings Plan. The Plan is a defined contribution plan that covers substantially all employees of Braves Holdings, LLC (the “Company” or the “Plan Sponsor”). The Plan provides for participant-directed investments and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Fidelity Management Trust Company (the “Trustee”) is the trustee for the Plan.

Eligibility

Substantially all employees of the Company, or an affiliate that adopts the Plan for the benefit of its employees, with the Company’s consent, who have attained age eighteen are eligible to participate in the Plan.

Contributions

Participants of the Plan may contribute up to 75% of pre-tax annual compensation, as defined. In addition to pre-tax deferrals, participants are allowed to make Roth 401(k) deferrals to the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor matching contribution equal to 100% of the first 6% of eligible compensation and a discretionary matching contribution which was equal to 100% of the first 4% of eligible compensation for the period from January 1, 2024 through December 31, 2024. The Company may also make an additional discretionary nonelective contribution. The Company did not elect to make a discretionary nonelective matching contribution for the period from January 1, 2024 through December 31, 2024.

Participants of the Plan may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective. The Plan also offers a self-directed brokerage account option.

All Plan contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts

Each participant’s account is credited with (a) participant and Company contributions, (b) an allocation of investment earnings (losses) and is charged with (c) withdrawals and (d) certain participant-requested service expenses and expenses related to having a self-directed brokerage account, if applicable. Allocations are based on a participant’s compensation or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Atlanta Braves 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Vesting

Participants of the Plan are immediately and fully vested in their own contributions, including rollover contributions, as well as the Company's discretionary matching contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary nonelective employer contributions is based on years of service. Participants become 33% vested after one year of service, with ratable increases until fully vested after three years of service based on hours of service as defined in the Plan document.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
At least 1 but less than 2	33%
At least 2 but less than 3	66%
3 years or more	100%

Payment of Benefits

Upon termination of service, a participant's vested account balance will be paid in a single sum. If a participant's vested Plan account balance (excluding amounts credited for rollover contributions) is \$7,000 or less on the date of distribution, the Plan administrator can force out the distribution. If the participant's account exceeds \$1,000 and the participant does not elect to have the distribution paid to an eligible retirement plan in a direct rollover or receive the distribution directly, the Plan Administrator will direct the Trustee to pay the distribution in a direct rollover to an individual retirement account, unless the benefit is payable to the participant's designated beneficiary in which case the participant's vested account balance will be paid in cash directly to the beneficiary. In addition, participants may elect in-service withdrawals of their account balances after reaching age 59½. Hardship withdrawals are permitted.

Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$9,381 and \$0, respectively. During the year ended December 31, 2024, forfeitures of \$23,257 were used to pay administrative expenses of the Plan.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of:

- (a) \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period
- (b) or 50% of their vested account balance.

The minimum loan amount is \$1,000. Participants are prohibited from having more than one loan outstanding at any time. The loans are secured by the participant's account, and the interest rates are based on a reasonable rate determined by the Plan Administrator pursuant to the loan policy. The loans are repaid ratably through payroll deductions sent to the Trustee over a period of five years or less, except for loans for the purchase of a primary residence in which case the loan repayment period may not extend beyond 10 years. Participants may also pay off their loans directly through the Plan recordkeeper's website.

Administrative Expenses

Certain Plan related expenses are paid by the Plan Sponsor on behalf of the Plan. Expenses related to participant-requested services, recordkeeping services and maintenance of the self-directed brokerage account are paid by the Plan, either by the participants directly or with forfeitures.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities as well as estimates and assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: valued at quoted market prices on publicly traded markets.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Account primarily consists of registered investment companies, common stocks, and interest-bearing cash that are valued on the basis of readily determinable market prices.

Total investments, at fair value	\$ 66,266,630	\$ -	\$ -	\$ 66,266,630

NOTE 4 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, including investments held in the self-directed brokerage account. Payments for services provided by the Trustee qualify as party-interest-transactions. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting Disclosures under ERISA. Accordingly, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for the year ended December 31, 2024.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 6 - TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document that received an opinion letter from the Internal Revenue Service, dated June 30, 2020 stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 12, 2025, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through the date of the report to recognize or disclose in these financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Atlanta Braves 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Atlanta Braves 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Atlanta Braves 401(k) Plan (the “Plan”) provides only general information. More complete information regarding the Plan provisions may be found in the Plan document.

General

Effective September 18, 2023, the Plan was adopted and assets totaling \$61,617,904 were transferred to the Plan from the Liberty Media 401(k) Savings Plan. The Plan is a defined contribution plan that covers substantially all employees of Braves Holdings, LLC (the “Company” or the “Plan Sponsor”). The Plan provides for participant-directed investments and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Fidelity Management Trust Company (the “Trustee”) is the trustee for the Plan.

Eligibility

Substantially all employees of the Company, or an affiliate that adopts the Plan for the benefit of its employees, with the Company’s consent, who have attained age eighteen are eligible to participate in the Plan.

Contributions

Participants of the Plan may contribute up to 75% of pre-tax annual compensation, as defined. In addition to pre-tax deferrals, participants are allowed to make Roth 401(k) deferrals to the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor matching contribution equal to 100% of the first 6% of eligible compensation and a discretionary matching contribution which was equal to 100% of the first 4% of eligible compensation for the period from January 1, 2024 through December 31, 2024. The Company may also make an additional discretionary nonelective contribution. The Company did not elect to make a discretionary nonelective matching contribution for the period from January 1, 2024 through December 31, 2024.

Participants of the Plan may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective. The Plan also offers a self-directed brokerage account option.

All Plan contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts

Each participant’s account is credited with (a) participant and Company contributions, (b) an allocation of investment earnings (losses) and is charged with (c) withdrawals and (d) certain participant-requested service expenses and expenses related to having a self-directed brokerage account, if applicable. Allocations are based on a participant’s compensation or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Atlanta Braves 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Vesting

Participants of the Plan are immediately and fully vested in their own contributions, including rollover contributions, as well as the Company's discretionary matching contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary nonelective employer contributions is based on years of service. Participants become 33% vested after one year of service, with ratable increases until fully vested after three years of service based on hours of service as defined in the Plan document.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
At least 1 but less than 2	33%
At least 2 but less than 3	66%
3 years or more	100%

Payment of Benefits

Upon termination of service, a participant's vested account balance will be paid in a single sum. If a participant's vested Plan account balance (excluding amounts credited for rollover contributions) is \$7,000 or less on the date of distribution, the Plan administrator can force out the distribution. If the participant's account exceeds \$1,000 and the participant does not elect to have the distribution paid to an eligible retirement plan in a direct rollover or receive the distribution directly, the Plan Administrator will direct the Trustee to pay the distribution in a direct rollover to an individual retirement account, unless the benefit is payable to the participant's designated beneficiary in which case the participant's vested account balance will be paid in cash directly to the beneficiary. In addition, participants may elect in-service withdrawals of their account balances after reaching age 59½. Hardship withdrawals are permitted.

Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$9,381 and \$0, respectively. During the year ended December 31, 2024, forfeitures of \$23,257 were used to pay administrative expenses of the Plan.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of:

- (a) \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period
- (b) or 50% of their vested account balance.

The minimum loan amount is \$1,000. Participants are prohibited from having more than one loan outstanding at any time. The loans are secured by the participant's account, and the interest rates are based on a reasonable rate determined by the Plan Administrator pursuant to the loan policy. The loans are repaid ratably through payroll deductions sent to the Trustee over a period of five years or less, except for loans for the purchase of a primary residence in which case the loan repayment period may not extend beyond 10 years. Participants may also pay off their loans directly through the Plan recordkeeper's website.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Administrative Expenses

Certain Plan related expenses are paid by the Plan Sponsor on behalf of the Plan. Expenses related to participant-requested services, recordkeeping services and maintenance of the self-directed brokerage account are paid by the Plan, either by the participants directly or with forfeitures.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities as well as estimates and assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: valued at quoted market prices on publicly traded markets.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Account primarily consists of registered investment companies, common stocks, and interest-bearing cash that are valued on the basis of readily determinable market prices.

NOTE 4 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, including investments held in the self-directed brokerage account. Payments for services provided by the Trustee qualify as party-interest-transactions. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting Disclosures under ERISA. Accordingly, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for the year ended December 31, 2024.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.

NOTE 6 - TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document that received an opinion letter from the Internal Revenue Service, dated June 30, 2020 stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 12, 2025, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through the date of the report to recognize or disclose in these financial statements.
