INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Coalter Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Coalter Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or Group carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or Group carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor' Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

INDEPENDENT AUDITOR'S REPORT
Coalter Group 401(k) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
Coalter Group 401(k) Plan

Accordingly, the objectives of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

1. Plan Description

The following description of the Coalter Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan sponsored by J.S. Coalter & Associates, Inc. (the “Company”) for the benefit of all employees, as defined by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The effective date of the Plan is January 1, 2024. Alerus Financial, N.A. is the trustee and a custodian of the Plan.

Contributions:

The Plan permits eligible employees through a Salary Reduction Agreement to make annual contributions as allowable by the IRS. These deferral contributions may be made as regular pre-tax deferrals or Roth after-tax deferrals. Employee rollover contributions are also permitted.

If a Salary Reduction Agreement is not completed, 3% will automatically be withheld pre-tax for each payroll period with an annual increase of 1% up to a maximum of 10%.

The Company will make a QACA Safe Harbor basic matching contribution of 100% of the first 1% of eligible compensation deferred by employees and 50% on the next 5% of eligible compensation deferred.

The Plan also permits the Company to make a discretionary profit-sharing contribution. No discretionary profit-sharing contribution was made for the year ended December 31, 2024.

Eligible Participants:

Employees are eligible to participate in the Plan after they reach the age 21 and complete one year of service. One year of service is a 12-month period in which 1,000 hours or more is worked. Entry dates are the first January 1 or July 1 coincident with or next following the date the eligibility requirements are met.

Participant Investment Account Options:

Investment account options available include various mutual funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change their allocation daily.

Participant Accounts:

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Plan Description (continued)

Vesting:

Participants are immediately vested in their voluntary deferral contributions and any rollover contributions. Company QACA Safar Harbor basic matching contributions vest fully after two years of service. Company discretionary profit-sharing contributions vest over an accumulating five years of services equal to 20% after each year of service.

Payment of Benefits:

Upon termination of service, retirement, death or disability, an employee may receive a lump-sum amount equal to the value of their vested account. If the value of the vested interest in an account is \$5,000 or less, the account will be "cashed out" by distributing the vested interest via a single-sum payment or by direct rollover. The account will be cashed out regardless of consent. If an account is greater than \$5,000, the participant must consent and may elect their form of distribution among the provided options.

Hardship Distributions:

The Plan does provide for hardship distributions if certain conditions for a financial hardship are satisfied.

Participant Loans:

The Plan does not allow participant loans.

Forfeited Plan Assets:

If a participant forfeits any unvested balances, the forfeited assets are used to reduce future employer contributions or Plan expenses. There was \$1,895 in forfeitures during the year ended December 31, 2024. The Plan used \$1,682 in available forfeitures during the year ended December 31, 2024 to cover Plan expenses. As of December 31, 2024, the Plan has \$221 available to offset future employer contributions or Plan expenses.

Plan Termination:

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation:

The Plan offers various funds with registered investment companies (mutual funds). The valuation methodology for the Plan is fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of mutual funds are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk:

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Benefits Distributed to Participants:

Benefits are recorded upon distribution.

Administrative Expenses:

Plan expenses may be paid by the Plan unless the Plan Sponsor, in its sole discretion, elects at any time to pay part or all of such expenses.

Subsequent Events:

The Plan has evaluated the existence of subsequent events through September 12, 2025, which represents the date the financial statements were available to be issued.

**COALTER GROUP
401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

3. Internal Revenue Service Status

The Plan operates under a non-standardized pre-approved adoption agreement in connection with a prototype retirement plan and trust/custodial document. This prototype document has been filed with the appropriate agency and has obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is required to file form 5500 "Annual Return / Report of Employee Benefit Plan". The returns of the Plan are subject to examination by the respective taxing authorities, generally for three years after they are filed. The return for the year ended December 31, 2024 is still considered open subject to possible examination.

4. Information Certified by the Plan Trustee and Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees and custodians of the Plan have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief.

- Investments at December 31, 2024.
- Dividends and interest income and net appreciation in fair value of investments for the year ended December 31, 2024.
- Supplemental schedule – all investment information.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

**COALTER GROUP
401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs with little or no market activity and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers between Levels 1, 2 or 3.

Level 1 - The fair values of the mutual funds are determined by reference to the mutual fund's underlying assets, which are principally marketable equity and fixed income securities. The valuations of marketable equity and fixed income securities are based on the closing price reported in the active market where the individual securities of the mutual funds are traded. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value. The measurement frequency is daily.

6. Transactions with Parties-in-Interest

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of the employer, or relative of such persons.

The Plan Sponsor pays certain administration and recordkeeping fees relating to the Plan. Fees paid by the Plan for investment management and advisory services are included in the net appreciation (depreciation) in fair value of investments of the Plan.
