INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees of
Space Exploration Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Space Exploration Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Space Exploration Technologies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Space Exploration Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Space Exploration Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is

not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Space Exploration Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Space Exploration Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Space Exploration Technologies 401(k) Plan (the “Plan”) is provided for general information purposes only. Plan participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was adopted by Space Exploration Technologies Corp. (the “Company”) on January 1, 2003. The Plan provides retirement benefits for all eligible employees of the Company. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”) of 1986, as amended.

Contributions

Each year the participants may elect to contribute up to 95 percent of their annual eligible compensation as defined in the Plan, subject to the maximum deferral limitation, as defined by the IRC. Participants may elect to designate their deferrals as either pre-tax or after-tax Roth deferrals. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For the year ended December 31, 2024, the maximum statutory amount was \$23,000 plus \$7,500 for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching and nonelective contributions. No such contributions were made by the Company for the 2024 Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s discretionary matching contributions, if any, and Plan earnings, and charged with any withdrawals or distributions requested by participants, investment losses and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

**SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023**

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

Upon termination of service, a participant may receive the value of the vested interest in their account as a lump sum distribution. A participant may defer receipt of their distribution until a later date. However, participants cannot postpone a distribution if their vested account balance is \$5,000 or less, in which case the account balances exceeding \$1,000 will be distributed to an individual retirement account or annuity (“IRA”) for the participant’s benefit. If the participant’s vested account balance is \$1,000 or less, the balance will be distributed to the participant as a lump sum distribution without the participant’s consent. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants experiencing an immediate and heavy financial need, as defined by the Plan and in accordance with IRS regulations.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company’s discretionary matching contributions, plus actual earnings thereon, is based on years of continuous service. A participant’s account vests ratably and is 100% vested after five years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants are considered fully vested upon attainment of retirement age or retirement due to permanent disability or death.

Forfeitures

If the participants terminate employment before 100% vested in their account balance and receive a distribution of the vested portion of their account, the non-vested portion of their account will be forfeited when they take their distribution. Forfeitures of the participant’s nonvested portion, if any, are first used to reduce administrative expenses under the Plan and then to reduce any contributions of the Company. At December 31, 2024 and 2023, total forfeitures available to the Plan were \$2,212 and \$5,265, respectively.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Notes Receivable from Participants

Plan participants may borrow from their Plan account balance, as defined by the Plan. The minimum loan is \$1,000 and the maximum amount is the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. All loans bear a reasonable rate of interest, based on the prevailing interest rates. Repayments are generally made ratably through after-tax payroll deductions. Loans are secured by the participant's vested account balance. The repayment period may not exceed five years; however, loans for the purchase of a principal residence may be extended to 30 years.

Investments

The Plan provides for a number of different investment options based upon various investment risk factors. Plan assets are stated at fair value as determined by quoted market prices. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex- dividend date.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company, except for fees related to administration of notes receivable from participants, which are deducted from the applicable participant's accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for further details regarding fair value measurements.

The Plan's investment in the common collective investment trust is stated at contract value at December 31, 2024 and 2023, as more fully described in Note E.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Brokerage fees are added to the acquisition cost of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loan fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts reported in the financial statements and accompanying disclosures. Actual results could differ from those estimates.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE C – CERTIFIED INVESTMENTS - CONTINUED

The Plan's independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820-10, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest-bearing cash: The fair value of interest-bearing cash is based on the stated value of identical assets in the market.

Mutual Funds: The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2024 and 2023:

	<u>Fair Value Measurement Using:</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
December 31, 2024:				
Interest-bearing cash	\$ 94,968	\$ -	\$ -	\$ 94,968
Mutual funds	<u>257,742,677</u>	<u>-</u>	<u>-</u>	<u>257,742,677</u>
Total investments measured at fair value	<u>\$257,837,645</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$257,837,645</u>
December 31, 2023:				
Interest-bearing cash	\$ 76,486	\$ -	\$ -	\$ 76,486
Mutual funds	<u>197,898,109</u>	<u>-</u>	<u>-</u>	<u>197,898,109</u>
Total investments measured at fair value	<u>\$197,974,595</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$197,974,595</u>

NOTE E – COMMON COLLECTIVE TRUST

As of December 31, 2024 and 2023, the Plan participates in a common collective trust (the “Fund”). The Fund invests primarily in guaranteed investment contracts (“GICs”) or funding agreements, security-backed investments contracts (“SBICs”), separate accounts issued or wrapped by insurance companies, mutual funds, banks or other financial institutions, or externally managed stable value commingled investment funds. The Fund may also invest in high-quality money market instruments or other similar short-term investment. During 2024 and 2023, the Fund invested in the Mellon Stable Value Trust and Vanguard Target Retirement Mutual Funds.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE E – COMMON COLLECTIVE TRUST – CONTINUED

The accounts were included in the financial statements at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract value of the investment contract at December 31, 2024 and 2023 was \$305,019,484 and \$245,882,277, respectively.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

NOTE G – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – WITHDRAWN PARTICIPANTS

At December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE I – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments in mutual funds and the common collective trust fund are managed by Fidelity, the trustee as defined by the Plan. The transactions executed with Fidelity qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions. The Plan also has several service providers. Such providers are parties-in-interest under ERISA.

**SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023**

NOTE J – TAX STATUS

The Plan adopted a pre-approved retirement plan, which received an opinion letter on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the pre-approved retirement plan, as then designed, was in compliance with the provisions of the IRC. The Plan has not filed for its own determination letter from the IRS; however, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is not currently subject to tax.

FASB ASC 740-10, *Income Taxes* prescribes a comprehensive model for recognizing, measuring, presenting and disclosing tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken as of December 31, 2024, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees of
Space Exploration Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Space Exploration Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Space Exploration Technologies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Space Exploration Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Space Exploration Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is

not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Space Exploration Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Space Exploration Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Space Exploration Technologies 401(k) Plan (the “Plan”) is provided for general information purposes only. Plan participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was adopted by Space Exploration Technologies Corp. (the “Company”) on January 1, 2003. The Plan provides retirement benefits for all eligible employees of the Company. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”) of 1986, as amended.

Contributions

Each year the participants may elect to contribute up to 95 percent of their annual eligible compensation as defined in the Plan, subject to the maximum deferral limitation, as defined by the IRC. Participants may elect to designate their deferrals as either pre-tax or after-tax Roth deferrals. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For the year ended December 31, 2024, the maximum statutory amount was \$23,000 plus \$7,500 for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching and nonelective contributions. No such contributions were made by the Company for the 2024 Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s discretionary matching contributions, if any, and Plan earnings, and charged with any withdrawals or distributions requested by participants, investment losses and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

Upon termination of service, a participant may receive the value of the vested interest in their account as a lump sum distribution. A participant may defer receipt of their distribution until a later date. However, participants cannot postpone a distribution if their vested account balance is \$5,000 or less, in which case the account balances exceeding \$1,000 will be distributed to an individual retirement account or annuity (“IRA”) for the participant’s benefit. If the participant’s vested account balance is \$1,000 or less, the balance will be distributed to the participant as a lump sum distribution without the participant’s consent. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants experiencing an immediate and heavy financial need, as defined by the Plan and in accordance with IRS regulations.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company’s discretionary matching contributions, plus actual earnings thereon, is based on years of continuous service. A participant’s account vests ratably and is 100% vested after five years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants are considered fully vested upon attainment of retirement age or retirement due to permanent disability or death.

Forfeitures

If the participants terminate employment before 100% vested in their account balance and receive a distribution of the vested portion of their account, the non-vested portion of their account will be forfeited when they take their distribution. Forfeitures of the participant’s nonvested portion, if any, are first used to reduce administrative expenses under the Plan and then to reduce any contributions of the Company. At December 31, 2024 and 2023, total forfeitures available to the Plan were \$2,212 and \$5,265, respectively.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Notes Receivable from Participants

Plan participants may borrow from their Plan account balance, as defined by the Plan. The minimum loan is \$1,000 and the maximum amount is the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. All loans bear a reasonable rate of interest, based on the prevailing interest rates. Repayments are generally made ratably through after-tax payroll deductions. Loans are secured by the participant's vested account balance. The repayment period may not exceed five years; however, loans for the purchase of a principal residence may be extended to 30 years.

Investments

The Plan provides for a number of different investment options based upon various investment risk factors. Plan assets are stated at fair value as determined by quoted market prices. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex- dividend date.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company, except for fees related to administration of notes receivable from participants, which are deducted from the applicable participant's accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for further details regarding fair value measurements.

The Plan's investment in the common collective investment trust is stated at contract value at December 31, 2024 and 2023, as more fully described in Note E.

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Brokerage fees are added to the acquisition cost of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loan fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts reported in the financial statements and accompanying disclosures. Actual results could differ from those estimates.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE C – CERTIFIED INVESTMENTS - CONTINUED

The Plan's independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820-10, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**SPACE EXPLORATION TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023**

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest-bearing cash: The fair value of interest-bearing cash is based on the stated value of identical assets in the market.

Mutual Funds: The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2024 and 2023:

	<u>Fair Value Measurement Using:</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
December 31, 2024:

Total investments measured at fair value	<u>\$197,974,595</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$197,974,595</u>

NOTE E – COMMON COLLECTIVE TRUST

As of December 31, 2024 and 2023, the Plan participates in a common collective trust (the “Fund”). The Fund invests primarily in guaranteed investment contracts (“GICs”) or funding agreements, security-backed investments contracts (“SBICs”), separate accounts issued or wrapped by insurance companies, mutual funds, banks or other financial institutions, or externally managed stable value commingled investment funds. The Fund may also invest in high-quality money market instruments or other similar short-term investment. During 2024 and 2023, the Fund invested in the Mellon Stable Value Trust and Vanguard Target Retirement Mutual Funds.

NOTE E – COMMON COLLECTIVE TRUST – CONTINUED

The accounts were included in the financial statements at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract value of the investment contract at December 31, 2024 and 2023 was \$305,019,484 and \$245,882,277, respectively.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

NOTE G – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – WITHDRAWN PARTICIPANTS

At December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE I – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments in mutual funds and the common collective trust fund are managed by Fidelity, the trustee as defined by the Plan. The transactions executed with Fidelity qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions. The Plan also has several service providers. Such providers are parties-in-interest under ERISA.

DECEMBER 31, 2024 and 2023**

NOTE J – TAX STATUS

The Plan adopted a pre-approved retirement plan, which received an opinion letter on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the pre-approved retirement plan, as then designed, was in compliance with the provisions of the IRC. The Plan has not filed for its own determination letter from the IRS; however, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is not currently subject to tax.

FASB ASC 740-10, *Income Taxes* prescribes a comprehensive model for recognizing, measuring, presenting and disclosing tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken as of December 31, 2024, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
