Although management believes that the entity is entitled to all amounts claimed on the cost reports, management also believes the amounts of these differences are appropriate.

The following representations relate to contingencies:

Management periodically reviews such insurance coverages and intends to maintain appropriate levels of insurance coverage to address such risks.
43. The Organization reported to its risk management department all known asserted and unasserted claims and incidents. Adequate and reasonable provision has been made for losses related to asserted and unasserted malpractice, health insurance, worker's compensation and any other claims.

The following representations relate to matters that are unique to or pervasive in the health care industry:

44. Provision has been made, when material, for estimated retroactive adjustments by third-party payors under reimbursement agreements.
45. The Organization is in compliance with bond indentures or other debt instruments, except for the Debt Service Coverage Ratio as defined in 2024 Master Trust Indenture.
