Independent Auditor's Report

Plan Administrator
West Tampa Glass
Employee Stock Ownership Plan
Tampa, Florida

We have audited the accompanying financial statements of the West Tampa Glass Employee Stock Ownership Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Such information is the responsibility of the Plan's management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

West Tampa Glass
Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2020 and 2019

Note 1: Description of the West Tampa Glass Employee Stock Ownership Plan

The following description of the West Tampa Glass Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator, West Tampa Glass Company (Company).

General

The Company established the Plan effective January 1, 2019. The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986 and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Wayne Isaacks (Trustee) is the Plan's Trustee.

On July 1, 2019, the Plan purchased 3,920 shares of the Company's common stock with a loan of \$11,900,000.

Unallocated and Allocated Shares

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated to participants in accordance with terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2020 and 2019, and for the years then ended, present separately the assets and liabilities and changes therein pertaining to:

- (a) The account of employees with vested rights in allocated common stock (allocated).
- (b) Common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. Additionally, all employees who were employed by the Company on the Plan's effective date are automatically eligible to participate in the Plan as of that date.

Notes to Financial Statements
December 31, 2020 and 2019

Vesting

Participants become 20% vested after two years of credited service and earn an additional 20% with each credited year of service thereafter. After six years of credited service, a participant is 100% vested. The six-year vesting schedule is as follows:

Years of Service	Vested Percentage of Account Balance
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

The Plan also provides for 100% vesting for participants upon death, permanent disability, or reaching the normal retirement age 65.

Employer Contributions

The Company is obligated to make contributions in cash to the Plan, which when aggregated with the Plan's dividends and interest earnings, of an amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its long-term debt.

Participant Accounts

The Plan is a defined contribution Plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock contributed to the Plan. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. These allocations are based on two different calculations. The first 20% of contributions are allocated based on a participant's service units, relative to total service units. Service units are awarded to a participant for each year of service. The remaining 80% of the contributions are allocated based on a participant's eligible compensation, relative to total eligible compensation.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, their legal representatives), becomes permanently disabled, or otherwise terminates employment with the Company. For participants terminating employment before reaching retirement age for any reason other than death or disability, and have account balances greater than \$5,000, distributions will begin no later than one year after the close of the fifth year following the year in which the termination occurs and are made in five equal annual installments. For these same participants with account balances of \$5,000 or less, distributions will be made as soon as reasonably possible after the close of the Plan year. For participants terminating employment by reason of death or disability or on or after reaching retirement age, and have account balances greater than \$5,000, distributions will begin no later than one year after the close of the Plan year in which termination occurs and are made in five equal annual installments. For these same participants with account balances of \$5,000 or less, distributions will be made as soon as reasonably possible after the close of the Plan year.

For participants who have terminated employment and the value of the account is greater than \$5,000, the participants distribution shall be postponed to the earliest of the participant's normal retirement age, participant's death, or participant's disability.

Participants may elect to diversify a portion of their account balance by transferring amounts from the Plan to another tax-qualified plan in accordance with the Plan document.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries, as well as any allocated shares for which a participant failed to vote timely.

Forfeitures

Plan forfeitures are allocated in the same manner as contributions are allocated. Forfeitures of terminated nonvested account balances allocated to remaining participants during the years ended December 31, 2020 and 2019, totaled \$8,533 and \$0, respectively.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the employee Plan committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary to repay the loan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2020. Fair value is determined by an annual independent appraisal.

Dividend income, if any, is recorded when declared. For the years ended December 31, 2020 and 2019, there was no dividend income received by the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Administration of Plan Assets

The Trustee of the Plan holds the Plan's assets, which consists of the Company's common stock.

Company contributions are held and managed by the Trustee, which invests cash received and interest income. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions, as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

	Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
West Tampa Glass Co. – common stock	\$ 10,458,560	\$ -	\$ -	\$ 10,458,560
December 31, 2019				
West Tampa Glass Co. – common stock	\$ 8,070,888	\$ -	\$ -	\$ 8,070,888

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not

available, securities are classified within Level 3 of the hierarchy. The fair value of Company common stock is estimated based upon an independent appraisal. The Plan sponsor challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting principles generally accepted in the United States of America.

Note 7: Significant Estimates and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. These matters include the following:

Valuation of West Tampa Glass Company Common Stock

The common stock of the Company owned by the Plan is valued at its estimated fair value as determined by annual independent appraisal. The actual fair value of the common stock can only be determined based on an ultimate sale of the Company.

Note 8: Risks and Uncertainties

The Plan primarily invests in Company common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9: Tax Status

The Plan has received a determination letter from the IRS dated March 6, 2020, stating the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC and, therefore, not subject to tax. The Plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 3, 2023, which is the date the financial statements were available to be issued.
