INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of *TWA Retiree Health and Life Benefits Plan* ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024 and schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following brief description of the *TWA Retiree Health and Life Benefits Plan* (the “Plan”) is provided for general information purposes only. Participants should refer to the Health and Life Benefits Guide for Retirees of TWA for complete information.

General

The Plan, effective as of January 1, 2002, includes health and welfare benefit programs covering certain retirees of TWA Airlines LLC and Trans World Airlines, Inc., and certain other subsidiaries of TWA (collectively, “TWA”). The Plan was frozen as of January 1, 2002 and limited to certain eligible TWA retirees at that time (as defined by the Plan). The Plan provides health and welfare benefits for eligible retired employees and their eligible dependents, as defined in the Health and Life Benefits Guide for Retirees of TWA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

American Airlines, Inc. (“American”) is the Plan administrator and Willis Towers Watson provides actuarial services. United HealthCare Insurance Company, CVS Caremark and Metropolitan Life Insurance Company provide claims processing services for the Plan. State Street Bank and Trust Company is the Plan’s trustee (the “Trustee”).

The Plan is self-funded and self-insured for certain retired employees’ and their dependents’ welfare plan benefits, including medical. Claims submitted by participants are paid from both participants’ contributions and general assets of participating American Airlines Group Inc. subsidiaries (“AAG”). Participants’ insurance coverage for group life is purchased through independent insurance providers.

Eligibility

Former employees of TWA who retired prior to 2002 participate in the Plan after meeting certain eligibility requirements, as defined in the Health and Life Benefits Guide for Retirees of TWA.

Contributions

American makes contributions to fund certain health benefit claims, administrative expenses, and life insurance premiums.

The participants in the Plan are separated into an over-65 population and an under-65 population and are required to pay an ongoing monthly contribution to maintain coverage. These required monthly contribution amounts vary based on age of the population and may be adjusted periodically.

Benefits

Assets of the Plan are held in the Trans World Airlines, Inc. Retiree Health & Life Benefits Trust (the “Trust”). The Trust is intended to collect and preserve assets necessary to fund health benefits under the Plan.

Income tax status

The Trust funding the Plan has received an exemption letter from the Internal Revenue Service (“IRS”) stating that the Trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the “Code”) as a Voluntary Employee Beneficiary Association (“VEBA”). The Plan and Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Trust. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related Trust continues to be tax-exempt.

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan termination

Although it has not expressed an intent to do so, American and other participating subsidiaries of AAG have reserved the right to modify or terminate the Plan at any time and for any reason, subject to the provisions of ERISA. In the event that such modifications result in the termination of the Plan, the assets of the Trust would be distributed in accordance with the terms of the Trust for the purpose of satisfying liabilities with respect to participants and to defray expenses, except as otherwise provided by ERISA and the Code.

(2) Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting, except for benefit payments, in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis.

Interest income

Interest is recorded as earned on the accrual basis.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Deposit with service provider

The Plan holds a deposit with an insurance company. This deposit may be used to pay life insurance premiums for certain retirees. The amount of the required deposit is calculated based on 3.75% of the prior two years' claims experience and pending claims.

Benefit and premium payments

Benefit and premium payments are recorded when paid.

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Administrative expenses

Administrative expenses are paid by the Plan and are recorded on the accrual basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

The actuarial present value of postretirement benefit obligations is reported based on certain assumptions pertaining to interest rates, health care cost trend rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Due to Plan Sponsor

From time to time, the Plan may be unable to fully fund benefit payments owed to the claims administrator, either due to timing or liquidity availability within the Plan investments and American may remit funds to the Plan so that the Plan is able to meet its obligations. When these events occur, a corresponding liability is presented as Due to Plan Sponsor on the statements of net assets available for benefits. In 2024, the outstanding Due to Plan Sponsor amount was forgiven by American, and therefore a gain of \$815,265 was recognized and reported in other income on the statement of changes in net assets available for benefits.

Postretirement benefit obligation

The postretirement benefit obligation presented in Note 6 represents the actuarial present value of those estimated future benefits that are attributed to employee services rendered, reduced by the actuarial present value of contributions expected to be received from plan participants during the postretirement period. Postretirement benefits include future benefits expected to be paid to or for currently retired employees and their beneficiaries and dependents. Health and life benefit claims incurred by retired participants but not reported at year-end, claims payable and premiums due to insurers are included in the postretirement benefit obligations.

The actuarial present value of the postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money and the probability of payment between the valuation date and the date of payment.

The assumed health care cost trend rate was 6.5% at December 31, 2024, decreasing gradually starting in 2026 to an ultimate rate of 4.5% by 2033 and thereafter. The discount rate used in estimating the accumulated postretirement benefit obligation was 5.7% and 5.3% at December 31, 2024 and 2023, respectively.

At December 31, 2024 and 2023, the life expectancy for Plan participants was estimated using the Pri-2012 Nondisabled Annuitant Table and projected generationally using Scale MP-2021. For former Transport Workers Union ("TWU") employees and their dependents, no collar adjustments were applied, but base rates were decreased by 1.0% at all ages. For all other retirees and dependents, a white collar adjustment was applied and base rates were increased by 3.0% at all ages.

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

If the assumed weighted-average health care cost trend rates increased by one percentage point in each year, this would increase the postretirement benefit obligation as of December 31, 2024 and 2023, by approximately \$8,000 and \$22,000, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Subsequent events

The Plan's management has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued, and determined that there were no subsequent events or transactions requiring recognition or disclosure in the financial statements.

(3) Fair value measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to observable inputs in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 Observable inputs such as quoted prices available in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices in active markets for similar assets or liabilities, that are observable either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability that are supported by little or no market activity, which require the reporting entity to develop its own assumptions.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Assets measured at fair value on a recurring basis are as follows:

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 961,898	\$ —	\$ —	\$ 961,898
	Fair Value Measurements at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,322,046	\$ —	\$ —	\$ 1,322,046

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments of the Plan include shares of a money market fund managed by JPMorgan Asset Management.

TWA RETIREE HEALTH AND LIFE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Investments in shares of money market funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions, and are classified as Level 1 investments.

(4) Information certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Fair value of investments
- Interest income
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Related party transactions and parties-in-interest

The Plan has several arrangements with service providers. Transactions with these service providers are party-in-interest transactions under ERISA that qualify as exempt from the prohibited transaction rules. The Plan paid administrative expenses totaling \$267,270 to the Trustee of the Plan and other parties-in-interest during the year ended December 31, 2024.

(6) Postretirement and other benefit obligations

The Plan's benefit obligations as of December 31 are summarized in the following table:

	2024	2023
Premiums due to insurer	\$ 130,870	\$ —
Postretirement benefit obligations:		
Current retirees	53,904,986	56,771,436
Total plan benefit obligations	\$ 54,035,856	\$ 56,771,436

The changes in the Plan's postretirement benefit obligation for the year ended December 31, 2024, are summarized in the following table:

Postretirement benefit obligations at beginning of year	\$	56,771,436
(Decrease) increase during the year attributable to:		
Benefits paid		(4,414,215)
Interest		2,814,694
Change in actuarial assumptions		(1,236,749)
Actuarial gain		(30,180)
Postretirement benefit obligations at end of year	\$	53,904,986

See Note 2 for a description of the actuarial assumptions that changed from 2023 to 2024.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

American makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets available for benefits in future periods resulting from the Plan's postretirement benefit obligation is expected to be funded by American on an ongoing basis.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for December 31:

	2024
Net assets available for benefits per the financial statements	\$ 1,637,587
Premiums payable	(130,870)
Net assets per the Form 5500	<u>\$ 1,506,717</u>

The following is a reconciliation of premium payments per the financial statements to the Form 5500 for the year ended December 31, 2024:

Premium payments per the financial statements	\$ 4,313,426
Add: Premiums payable at end of year	130,870
Premium payments per the Form 5500	<u>\$ 4,444,296</u>
