INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i- Schedule of Assets (Held at End of Year), and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan

Notes to Financial Statements

For the Year Ended December 31, 2024

1. Description of Plan

The following description of Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Rolling Hills Casino ("the Plan Sponsor"). Commencement of participation occurs on the day of hire with the plan sponsor and upon reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of August 12, 2002 and has been subsequently amended.

Plan Amendment

The Plan was amended on December 16, 2021 to clarify that gifts, bonuses, and moving allowances are not considered Compensation for purposes of determining elective deferrals under the Plan.

Custodian and Administration of the Plan

The record-keeper of the Plan is Northwest Plan Services, Inc. The administrator of the Plan is the Plan Sponsor.

Charles Schwab Bank (the "Custodian") held the assets of the Plan and acts as the Custodian. The Custodian holds all assets of the Plan in accordance with the provisions of the service provider contract with the Plan Sponsor.

Contributions and Participant Accounts

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to certain IRS regulations. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees who attain age 50 before the end of the Plan year can also make catch-up contributions to the Plan. The plan sponsor makes a safe harbor matching contribution equal to 100% of the first 5% of eligible compensation that a participant contributes to the Plan.

Each participant's account is credited with the participant's contribution, and the plan sponsor matching contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, and the plan sponsor safe harbor matching contributions plus actual earnings thereon. There were no forfeitures during 2024 and no forfeiture balances at December 31, 2024 and 2023 due to participants being immediately 100% vested.

Paskenta Band of Nomlaki Indians Enterprise 401(k) Plan

Notes to Financial Statements

For the Year Ended December 31, 2024

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or due to other reasons, a participant may elect to receive a lump-sum distribution equal to the value of their vested account or defer payments until reaching age 70 1/2. However, participants with a vested account balance (including amounts attributable to rollovers) which does not exceed \$5,000 will receive a lump-sum distribution equal to their vested account balance. Participants may make hardship withdrawals, as defined by the Plan documents. Benefits are recorded when paid.

Administration Expenses

Certain administrative expenses of operating the Plan paid directly by the plan sponsor in 2024 are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments. During 2024, the Plan paid expenses of \$67,072 to the third-party plan administrator and the custodian which are included in these financial statements.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates determined by reviewing similar types of loans by other lenders. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. Principal and interest are paid through biweekly payroll deduction. Participants are limited by the Plan to only one loan outstanding at any given time.

2. Significant Accounting Policies

Basis of Presentation & Use of Estimates

The financial statements of the Plan are prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Notes Receivable from Participants

Loans to participants are classified as receivables from participants, measured at their unpaid principal balance plus any accrued interest and net of any allowance. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Management of the Plan estimates that these notes receivable from participants are fully collectible and therefore no allowance for credit losses has been recorded as of December 31, 2024, or 2023.

Notes to Financial Statements
For the Year Ended December 31, 2024

2. Significant Accounting Policies (continued)

Benefit Claims Payables

Benefits claims payable represents amounts due to participants or beneficiaries that have been approved for payment but remain unpaid as of the plan year-end. These liabilities are recorded on the accrual basis of accounting in accordance with GAAP. The Plan recognizes a liability for distributions and other benefit payments when all eligibility requirements have been met, and the amounts are measurable.

3. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank:

- a. Investments as shown in the accompanying Statements of Net Assets Available for Plan Benefits of \$18,617,332 and \$16,688,509 as of December 31, 2024 and 2023, respectively.
- b. Net investment income as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits of \$1,528,913 for the year ended December 2024.

Investment information is included in the Schedule H. Line 4i - Schedule of Assets (Held at End of Year) – December 31, 2024.

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As such, the Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

4. Fair Value Measurements (continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy, as of December 31, 2024. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Cash: Reported at fair value at unadjusted cash price.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024 and 2023:

	Level 1	
	2024	2023
Interest-bearing cash	\$ 186,679	\$ 155,610
Mutual funds	18,430,653	16,688,509
Total assets in fair value Hierarchy	<u>\$18,617,332</u>	<u>\$16,844,119</u>

5. Related Parties and Parties in Interest

All Plan investments are managed by the Custodian and therefore qualify as party-in-interest transactions. The total related party balance as of December 31, 2024, and 2023 to Charles Schwab is \$189,679 and \$155,610, respectively.

6. Tax and Plan Status

The Plan is a volume submitter plan consisting of a specimen plan and optional provisions. The Internal Revenue Service approved the specimen plan and the optional provisions for compliance with Internal Revenue Code section 401(a) in an advisory letter dated December 20, 2016. The Plan has since been amended, but the Plan Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination or a partial plan termination, participants will remain 100% vested in their accounts.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of amounts reported in the financial statements for the years ended December 31, 2024, and 2023 to Schedule H of Form 5500:

10. Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2024, through September 24, 2025, the date these financial statements were available to be issued. During this period, the Company was not aware of any material subsequent events that require disclosure in or adjustment to the financial statements.
