INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee and participants of the
Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan and an employee stock ownership plan (ESOP) covering eligible employees of Greenberg Farrow Architecture Incorporated (the Company). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Administrative Committee, consisting of persons appointed by the Board of Directors of the Company.

Eligibility

All employees who have attained 21 years of age and are not independent contractors or leased employees are eligible to participate in the Plan. Participants may enter on the first day of the quarter following their hire date. Participants who have at least 1,000 hours of service during a plan year and are employed on the last working day of a plan year are eligible for discretionary regular contributions for such year.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 100% of their eligible compensation as defined by the Plan, not to exceed the maximum of \$23,000 in 2024, plus an additional \$7,500 of catch-up contributions for participants over 50 years old by the end of the Plan year. Participants may change their deferral rate as of the first day of each quarter. Upon attaining eligibility requirements, participants who do not affirmatively make a compensation deferral election will be automatically enrolled in the Plan at 5% of eligible compensation. This deferral rate will automatically escalate annually by 1% to a maximum deferral of 10% unless otherwise elected by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may contribute to the Plan an amount designated as a matching contribution or a regular contribution, determined by the Company in its sole discretion. The Company may also elect to contribute a safe harbor matching contribution at its sole discretion. The safe harbor matching contribution matches 100% of compensation deferral contributions not exceeding 4% of eligible compensation and 50% of compensation deferral contributions exceeding 4% but not

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

exceeding 6% of total eligible compensation. Any Company contribution can be in the form of cash or in whole shares of Company stock. During 2023, the Company elected to make a safe harbor matching contribution in the amount of \$1,331,049. Of that amount \$1,118,406 was contributed to the Plan during 2024 and the remaining \$212,643 was contributed to the Plan in 2025 and was recorded as a Company contribution receivable on the accompanying statements of net assets.

Participants are not permitted to make contributions to the ESOP portion of the Plan. The Company is obligated to make regular contributions to the ESOP portion of the Plan which, when aggregated, equals the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its notes payable and may contribute discretionary regular contributions designated as ESOP contributions. Contributions related to the Plan's notes with the Company are recorded based on amortized payments of principal and interest on the notes. Contributions are subject to certain limitations.

Participant Accounts

Each participant's ESOP account consists of a "Company Stock Account" and an "Other Investments Account." Each participant's account was credited with the participant's contributions, rollovers, Company's contribution, and earnings and losses on the investments in their accounts, and may be charged with certain participant transaction fees and an allocation of administrative expenses based on participants' pro-rata account balances.

Participants direct the investments of their contributions into various investment options offered by the Plan. Participants may not direct their contributions into Company stock.

Voting Rights

The ESOP Custodian and Trustee, GreatBanc Trust Company, votes all Company stock held by it as part of the Plan assets at such time and in such manner as directed by the Administrative Committee. In the event of any corporate matter which involves the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction, each participant or beneficiary in the Plan is entitled to direct the custodian as to the manner in which voting rights on shares of Company stock allocated to the participant or beneficiary are to be exercised.

Put Option

As required by U.S. federal income tax regulations, the Company stock that is held by the Plan and its participants includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase

with interest over a period not extending beyond five years. The purpose of a put option is to ensure that a participant has the ability to ultimately obtain cash for the Company's stock.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 years old with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will have their ESOP diversification account credited with amounts transferred from the participant's Company Stock Account.

Vesting

A participant's vesting in their accounts, plus earnings thereon, is based on years of service. Participants are 100% vested immediately in their employee deferrals. Participants are 100% vested in their safe harbor matching contributions following two years of service. If employment ends due to retirement on or after early retirement or because of death or disability, participants will be fully vested in their accounts.

Forfeited Accounts

Accounts of nonvested participants are forfeited in the year of termination. Accounts of participants with nonvested Company contributions are forfeited as of the earlier of (i) the date of distribution of their vested account or (ii) the December 31 accounting date of the Plan year in which the participant incurs five consecutive one-year breaks in service. Forfeited balances of terminated nonvested participants are allocated to participants in the same manner as discretionary matching or regular Company contributions or used to pay Plan expenses. Nonvested forfeited accounts totaled \$0 as of December 31, 2024 and 2023. Forfeitures from the ESOP portion of the Plan totaling \$13,302 (325 shares) were allocated to eligible participants at December 31, 2024. Forfeited non-vested account balances from the 401(k) portion of the Plan totaled \$354,942 and \$246,783 as of December 31, 2024 and 2023, respectively. During 2024, no forfeitures were used to restore participant accounts and there were no forfeitures used to pay Plan expenses.

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their 401(k) account. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2024, notes had fixed rates ranging from 3.25% to 9.00% for the term of the note, not to exceed 5 years or 20 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions. The notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their 401(k) account, as soon as practicable following their date of termination, in the form of a lump-sum distribution.

All vested shares of Company stock in the ESOP account of a participant who terminates employment for any reason are liquidated by the ESOP Custodian. The shares are liquidated based on their fair market value as of the December 31 accounting date which coincides with or immediately follows the participant's termination. The vested liquidation proceeds are transferred as soon as administratively practicable from the participant's Company Stock Account and are invested in their Other Investments Account.

For termination of service for any reason other than retirement, death, or permanent disability, a participant will be eligible to elect distributions of the Company Stock Account in the sixth year following termination.

For termination of employment due to death, total and permanent disability, or attainment of normal retirement age or if the participant's total vested account balance is less than \$5,000, the participant's ESOP account will be distributed in accordance with the Plan document. The amount is based on the fair market value as of the December 31 accounting date which immediately follows the date on which the ESOP account becomes distributable.

Participants may also receive distributions for certain hardship situations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The safe harbor and discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. Any unfunded participant or Company matching contributions receivable are included in the participant or Company contributions receivable as of December 31, 2024 and 2023.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock (allocated) and stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. The net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Payment of Benefits

Benefits are recorded when paid.

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the balance is reduced and a benefit payment is recorded.

Restricted Net Assets

The investment in unallocated common stock of the Company is restricted to the extent that it is security for the note payable. Shares of unallocated common stock become allocated to participants based on the ratio of principal and interest paid in the Plan year to the total principal and interest to be paid on the note.

Administrative Expenses

Substantially all expenses of the ESOP component of the Plan are paid by the Company and certain expenses related to the 401(k) component are paid by the Plan and allocated to Plan participants based on participants' balances. The Company does not expect reimbursement from the Plan, for any payments of administrative expenses paid on behalf of the Plan. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Certain transaction fees are charged to accounts of the participants that incur the charge.

Subsequent Events

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 19, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information regarding investments disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2024 and 2023, and the net change in fair value of investments and net appreciation of Company stock for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) and GreatBanc Trust Company.

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

4. Investments

Fees incurred by the Plan for investment management services are included in net change in fair value of the investment as they are paid through revenue sharing rather than as a direct payment.

The Plan's investment in Greenberg Farrow Architecture Class A common stock at December 31, 2024 and 2023 is as follows:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	601,145	162,722	585,272	178,595
Cost	\$ 5,227,197	\$ 3,013,943	\$ 4,933,196	\$ 3,307,944
Fair value	\$ 24,604,851	\$ 6,660,213	\$ 22,872,414	\$ 6,979,496

At December 31, 2024 and 2023, the Plan held 763,867 shares of Greenberg Farrow Architecture Incorporated common stock. Transactions in the Company's common stock are considered party-in-interest transactions.

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

5. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Greenberg Farrow Architecture Incorporated

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds and the money market funds are valued at quoted market prices of the identical security in an active market (Level 1).

The estimated fair value of common stock of the Company as of December 31, 2024 and 2023 was \$40.93 and \$39.08 per share, respectively. The Company stock is valued at estimated fair value as determined by an annual independent appraisal (Level 3). This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flows and net income, return on assets and equity and market comparables, fair value of the Company assets and liabilities, and applicable discounts.

The valuation process of the Company's stock involves Plan management's annual selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP trustee, reviews in detail, discusses, and approves.

The valuation method described involves several estimates and may produce a fair value calculation that may not be indicative of net realizable value or reflect future fair values of the Company's stock. Furthermore, although the Plan believes its valuation method is appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers to participant-directed investments	(551,652)
Ending balance	\$ 31,265,064

6. Notes Payable

On December 23, 2014, the Plan entered into a term loan agreement with the Company. The proceeds from the term note (2014 note), totaling \$775,924 were used to purchase 67,944 shares of Company Stock. As of December 31, 2024, the 2014 note was paid in full. On December 23, 2015, the Plan entered into a term loan agreement with the Company. The proceeds from the term note (2015 note), totaling \$2,267,981 were used to purchase 158,600 shares of Company stock.

Greenberg Farrow Architecture Incorporated

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

On December 15, 2021, the Company purchased 83,866 shares from participants at a share price of \$39.57, the estimated fair value as of that date, for a total purchase price of \$3,318,581. The Company sold the 83,866 shares to the ESOP in exchange for an internal loan (2021 note) in the amount of \$2,705,520 (\$32.26 per share, the share price at December 31, 2020).

Notes payable as of December 31, 2024 and 2023 consists of the following:

	2024	2023
Term loan payable to Greenberg Farrow Architecture Incorporated, due December 2024 in annual installments of \$89,812, including interest charged at 2.74%, paid in full during 2024	\$ -	\$ 74,951
Term loan payable to Greenberg Farrow Architecture Incorporated, due December 2035 in annual installments of \$147,133, including interest charged at 2.61%.	1,391,256	1,499,259
Term loan payable to Greenberg Farrow Architecture Incorporated, due December 2060 in annual installments of \$95,444, including interest charged at 1.90%.	2,472,274	2,519,840
	\$ 3,863,530	\$ 4,094,050

Unallocated shares are collateral for the loans. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' payments. This resulted in 15,873 shares being released and allocated for the Plan year December 31, 2024.

Future scheduled payments of principal on notes payable at December 31, 2024 are as follows:

Year	Amount
2025	\$ 159,292
2026	163,106
2027	167,012
2028	170,938
2029	175,111
Thereafter	3,028,071
Total	\$ 3,863,530

Greenberg Farrow Architecture Incorporated Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, except the Company cannot discontinue contributions unless and until the notes are repaid. In the event of Plan termination, all expenses and debts of the Plan are to be satisfied out of assets of the Plan, and all remaining assets are to be vested in the participants' accounts and distributed to them. Such distribution shall be made as directed by the Benefits Committee. Plan assets previously segregated due to retirement or other termination shall continue to be held by the custodians and distributed as provided under the terms of the Plan.

8. Tax Status

The Plan obtained its latest determination letter on October 10, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
