REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
BorgWarner, Inc. Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of BorgWarner, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BorgWarner Inc. Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the BorgWarner Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on January 27, 1993 as a defined contribution plan under Section 401(a) of the Internal Revenue Code (“IRC”), designed to provide eligible employees of BorgWarner Inc. (the “Company”) with systematic savings and tax advantaged long-term savings for retirement.

The Company is the sponsor of the Plan and has assigned the Employee Benefits Committee (the “Committee”) to oversee the Plan.

The Company changed its recordkeeper and trustee effective October 1, 2024 from Vanguard Fiduciary Trust Company (“Vanguard”) to Empower Trust Company (“Empower”), collectively referred to as the (“Trustees”) to perform the administrative, investment managing, recordkeeping, and trustee services for the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Non-union employees of the Company, and employees of its divisions, subsidiaries, or affiliates that have adopted the Plan, subject to the consent of the Committee, are immediately eligible to make employee contributions as of their date of hire and receive a Company matching contribution as of the deferral date. Additionally, employees are eligible for Company Retirement Account contributions after 60 days of employment with the Company.

Hourly employees at the Ithaca, New York facilities (“Ithaca”) covered by the collective bargaining agreement between the Company and the International Brotherhood of Teamsters Local 317 become eligible in the Plan upon completion of 60 days of employment and are eligible for Company matching contributions as of the deferral date. Additionally, Ithaca hourly employees are eligible for Company Retirement Account contributions after six months of employment.

Contributions

Company Retirement Account

The Company makes contributions as a percentage of a participant’s compensation, based on years of vested service and age, to this account on behalf of each eligible participant. The first 3% of this compensation is characterized as a non-elective safe harbor Company contribution, except for Ithaca hourly employees.

For Ithaca hourly employees, the Company contributes an amount to this account for each hour worked or for which employees receive holiday, vacation, jury duty, bereavement, or bonus pay based on years of service, and range from \$0.69 per hour to \$1.16 per hour for the year ended December 31, 2024. No employee contributions are made to this account.

December 31, 2024 and 2023

Savings Account

Participants may voluntarily contribute from 1% to 75% of their eligible compensation to this account on a pre-tax, Roth after-tax or traditional after-tax basis, subject to IRC limitations. Prior to October 1, 2024 the maximum percentage of eligible compensation was 70%. New employees, excluding Ithaca hourly employees, are automatically enrolled at a pre-tax contribution rate of 6% upon completing 60 days of service, unless they elect not to participate or they elect a different percentage rate. Additionally, non-highly compensated participant contributions automatically increase by 2% each year thereafter to a maximum of 15%, unless the participant chooses to opt out. Highly compensated employee company retirement contributions are capped at 9% of the eligible compensation limit for each plan year. For Ithaca hourly employees, the pre-tax contribution rate will increase by 1% as of the first payroll date following each September 1st, to a maximum of 10% of their eligible compensation, unless the participant chooses to opt out.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. These contributions are also subject to annual IRC limitations. The Company makes contributions before-tax and/or Roth after-tax contributions dollar for dollar, up to 3% of the participant's eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). Starting October 1, 2024, terminated employees cannot make direct rollovers into the plan.

Retiree Health Account ("RHA")

Effective October 1, 2024, the Committee discontinued participant and Company contributions into the RHA. Prior to October 1, 2024, participants could voluntarily contribute from 1% to 3% of their eligible compensation to this account. The Company made contributions equal to 100% of participants' contributions to this account, limited to \$500 per year. No after-tax contributions are allowed. Similarly, the Company provided RHA for Ithaca employees, after the collective bargaining agreement's applicable waiting periods.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and rollovers, the Company's contributions, an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan expenses and losses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants elect to invest their account balances into various investment options offered by the Plan, including collective trust funds, mutual funds and a money market funds.

Vesting

Participants are immediately vested in their contributions and the non-elective safe harbor Company contributions plus actual earnings thereon. Vesting in all other Company contributions occurs after three years of service commencing at the date of hire; or permanent disability, death, or attaining age 65 provided the participant is employed by the Company on that date.

Payment of Benefits

On termination of service due to death, disability, or retirement, depending on the type of distribution, a participant may elect to receive a lump-sum payment, periodic installments or partial payments. There are also minimum distributions that are required under the IRC after a participant reaches a certain age.

Participants may request an in-service withdrawal or a hardship withdrawal under the following circumstances:

In-Service Withdrawal

For non-hardship withdrawals, a participant under the age of 59½ can request a withdrawal of all or a portion of the participant's after-tax employee contributions, rollovers, and pre-1988 Company matching contributions (including earnings). A participant under the age of 59½ is not limited to a number of in-service non-hardship withdrawals in any calendar year. A participant who attained age 59½ may request a withdrawal of all or any portion of their vested balance and is not limited to a number of in-service non-hardship withdrawals in any calendar year.

Hardship Withdrawal

A participant who has not attained age 59½ may request a hardship withdrawal from all employee-contributed balances, including rollovers and pre-1988 Company matching contributions. A participant may not make more than a total of two hardship withdrawals in any calendar year.

These withdrawals may be subject to a 10% federal income tax penalty, and participants or beneficiaries failing to receive a minimum distribution during a calendar year are subject to an additional tax equal to 50% of the difference between the minimum distribution and the amount the recipient actually received. Each withdrawal shall be made ratably from the investment funds in which the applicable account is invested.

Notes Receivable from Participants

Participants may borrow a minimum of \$500 and a maximum of the lesser of (a) 50% of the vested balance or (b) \$50,000 reduced by the highest outstanding loan balance in the last 12 months. Available sources from which the participant may borrow include employee-contributed balances within the Savings Account and RHA, and any qualified non-elective contributions.

Notes receivable terms generally range from six months to five years, with interest charged at the rate set as the prime rate effective on the first business day of the month in which the loan originates, plus one percent, as established by the Trustees for similar loans under the plan. A loan administrative fee is deducted from the participant's loan proceeds. Interest rates on loans outstanding as of December 31, 2024 and 2023 ranged from 3.25% to 9.50%. Notes receivable from participants are secured by the remaining balance in the participants' accounts and are reported based on net realizable value. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although the Company has expressed no intent to discontinue the Plan, it has the right to do so at any time, subject to provisions set forth in ERISA. In the event of termination, the interests of affected participants shall become fully vested. The Plan assets then remaining shall be used to pay administrative expenses and benefits equal to the balance in participant accounts.

BorgWarner Inc. Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Forfeited Accounts

As of December 31, 2024 and 2023, there was \$889,031 and \$339,697 of forfeited nonvested balance, respectively. During the year ended December 31, 2024, Company contributions were reduced by \$1,406,500 from forfeited nonvested accounts. Forfeitures are first used to restore previously forfeited amounts, then to reduce company contributions.

Transfer from PHINIA, Inc. Retirement Savings Plan

Effective July 3, 2023, the Company completed a spin-off of its Fuel Systems and Aftermarket segments into a separate, publicly traded company, PHINIA, Inc. All employees of PHINIA, Inc. continued to participate in the Plan as an unrelated participating employer until PHINIA Inc. withdrew as a participating employer on December 31, 2023. All participants who were employees of PHINIA, Inc. became 100% vested in their Company contributions. Subsequent to December 31, 2023, the Company determined that \$1,404,454 of Plan assets were incorrectly transferred to the PHINIA Inc. Retirement Savings Plan. These funds were returned to Plan assets in 2024 and are reflected as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2023.

Unallocated Revenue Sharing

During the year ended December 31, 2024, the Plan received \$481,219 from Vanguard, representing unallocated revenue. The assets are in a holding account as of December 31, 2024 and are included in the investments, at fair value on the statement of net assets available for benefits. The Plan administrator is evaluating the use of the funds in accordance with the Plan's provisions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation

Investments are recorded at fair value based upon the last traded or current bid prices in active markets. Where there are no readily available last traded or current bid prices, fair value estimation procedures used in determining asset values might cause differences from the values that would exist in a ready market due to the potential subjectivity in the estimates.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

BorgWarner Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amounts of changes in net assets available for benefits. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

Any expenses incurred with respect to Plan administration are charged to participant accounts, where applicable, or are paid in such manner as the Company determines and is in accordance with the Plan documents.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan makes loans to participants and certain investments are shares of mutual funds and other investments managed by an affiliate of the Trustees. These transactions qualify as permitted party-in-interest transactions.

Fees paid by the Plan to the Trustees for Plan operations amounted to approximately \$437,245 for the year ended December 31, 2024, and are included in administrative expenses. Fees paid by the Plan to the Trustees for investment management services were included as a reduction of return earned on each fund. The costs and expenses incurred by the Trustees under the Plan and the fee charged by the Trustees are charged to the Plan. The Company has the right to be reimbursed each year from the Plan for the cost to the Company of bank fees and auditing fees.

The Plan will receive \$39,785 related to previous expenses paid on behalf of an affiliated Plan. This amount is reported as other receivable on the statement of net assets available for benefits as of December 31, 2024 and as other income in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides for a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BorgWarner Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Level 2 - Inputs into the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund - The Money Market Fund invests in high-quality short-term securities and is considered an open-end mutual fund that is registered with the U.S. Securities and Exchange Commission. In accordance with Rule 2a-7 under the 1940 Act, the fund is valued at amortized cost method, which approximates fair value. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share, although the fund's share price may deviate from \$1.00 per share.

Mutual funds - The Mutual Funds are investment vehicles stated at fair value based on quoted market prices. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of each collective trust fund. The NAV, as provided by the investment manager of each collective fund, is used as a practical expedient and is based on the fair value of the underlying investments held by the funds less their liabilities. Were the Plan to initiate a full redemption of collective funds, the investment manager of the fund generally reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 6 - TAX STATUS

The Plan obtained a favorable determination letter, dated January 24, 2018, in which the Internal Revenue Service ("IRS") stated the Plan complied with applicable requirements of the IRC. The Plan received an updated determination letter dated February 7, 2023, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Company changed trustees during the year, the Plan continued to operate under the same plan document and determination letter, with no changes impacting its compliance status. The Plan has been amended since the last amendment covered by that letter; however, the fiduciaries believe that the Plan continues to be designed and operated in accordance with the applicable provisions of the IRC. The fiduciaries of the Plan believe that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has not calculated a provision for income taxes for the Plan as of December 31, 2024 and 2023, and there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued and determined that no subsequent events have occurred requiring adjustments to the financial statements or disclosures.
