Independent Auditor's Report

To American Institute of Certified
Public Accountants and the AICPA Life
Insurance/Disability Plans Committee

Opinion

We have audited the financial statements of American Institute of Certified Public Accountants Group Insurance Trust (the "Group Trust") which comprise the statements of assets and liabilities as of December 31, 2024 and 2023, and the related statements of income and expenses and changes in net assets for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Group Trust as of December 31, 2024 and 2023, and its income and expenses and changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Group Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Group Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Group Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Refund Percentages Distributable to Qualified Subscribers as of December 31, 2024, and Percentage of the Refund Amount Which Represents Net Investment Income of the Group Trust and Constitutes Taxable Income to the Subscribers for Federal Income Tax Purposes for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements December 31, 2024 and 2023

Note 1 - Description of the Group Trust

American Institute of Certified Public Accountants Group Insurance Trust (the "Group Trust") provides term life insurance and long-term disability for employers, employees, and their qualifying dependents, as well as accidental death and dismemberment insurance for employers and employees under the plans described below. Insurance benefits for each plan are provided to subscribers under policies issued by The Prudential Insurance Company of America ("Prudential"). Benefit amounts are determined in accordance with schedules set forth in the policies and elections made by subscribers.

The Group Standard Plan is an employee benefits program that includes term life insurance, accidental death and dismemberment benefits plus waiver of contribution premiums and optional dependent coverage.

The Group Elite Plan is an employee benefits program for firms insuring 25 or more owners and employees (any mix) that includes term life insurance with optional accidental death and dismemberment benefits, optional monthly disability benefits, optional waiver of contribution premiums and optional dependent coverage.

The Group Standard Plan and Group Elite Plan are collectively termed the "Plan".

Contributions under the plans are paid by the employers.

The insurance plans of the Group Trust are available to firms with owners that meet certain membership requirements of the American Institute of Certified Public Accountants (the "AICPA") and/or the Association of International Certified Professional Accountants.

Note 2 - Summary of significant accounting policies

Investments consist primarily of shares of the Dreyfus Treasury and Agency Cash Management as of December 31, 2024 and 2023 and funds on deposit with high-quality financial institutions. Investments are carried at fair value.

The Group Trust reduces its exposure to credit risk by maintaining such balances with creditworthy, high-quality financial institutions. At December 31, 2024 and 2023, the Group Trust had cash and short-term investment balances held by the Trustee in the amount of \$1,900 and \$2,466, respectively. At times, the Group Trust's cash exceeds the current insured amounts under the Federal Deposit Insurance Corporation.

Premiums for insurance in force for the Plan are paid to Prudential in accordance with contractual requirements and are charged to expense over the period of the Plan.

Receivables are subscriber obligations due under normal terms requiring payment within 30 days from the due date. Receivables are stated as the amount due from the subscriber for unpaid contributions. Subscriber account balances with amounts due dated over 30 days old are considered past due.

The carrying amount of receivables is reduced by an allowance for doubtful accounts that reflects management's best estimate of the amounts that will not be collected based on the age of the receivable and past experience. As an offset to the allowance, the Group Trust records an anticipated credit from the insurance company that will be received upon cancellation of the related insurance coverages retroactive to the beginning of the unpaid period of coverage. It is the Group

Notes to Financial Statements December 31, 2024 and 2023

Trust's policy to charge off uncollectible receivables, cancelling the associated insurance coverage, when Group Trust's management determines that it is highly probable that the receivable will not be collected.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Group Trust's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326) ("ASU 2016-13"), which requires financial assets to be presented at the net amount expected to be collected, with an allowance for credit losses to be deducted from the amortized cost basis of the financial asset such that the net carrying value of the asset is presented as the amount expected to be collected. Under ASU 2016-13, the Group Trust's statements of income and expenses and changes in net assets are required to reflect the measurement of credit losses for newly recognized financial assets, as well as expected increases or decreases in expected credit losses that have taken place during the period. For all non-public entities, ASU 2016-13 is effective for fiscal years beginning after December 15, 2022. The Group Trust adopted ASU No. 2016-13 on January 1, 2023, and the adoption of this update did not have a significant impact on the Group Trust's financial statements.

The Group Trust has evaluated subsequent events through February 13, 2025, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The Group Trust values its financial assets and liabilities in accordance with the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Group Trust has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

American Institute of Certified Public Accountants Group Insurance Trust

Notes to Financial Statements December 31, 2024 and 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments are valued using market prices on active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Group Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Note 4 - Funds on deposit with insurance company and refunds

The Group Trust receives partial refunds of premiums paid to Prudential for the Life Plan. These refunds are determined by Prudential and credited annually to the Group Trust as of September 30. The refunds available for distribution to eligible subscribers are held by Prudential in a general account until distributed as authorized by the AICPA Life Insurance/Disability Plans Committee.

Note 5 - General and administrative expenses

General and administrative expenses for the years ended December 31, 2024 and 2023 are comprised of the following:

	2024	2023
Fees		
Plan agent	\$ 1,635	\$ 1,401
Trustee	25	25
Professional	285	274
Total	<u>\$ 1,945</u>	<u>\$ 1,700</u>

Note 6 - Related party and parties in interest

The Group Trust and AICPA Insurance Trust frequently receive payments belonging to one another and, on a limited basis, the AICPA Insurance Trust will pay expenses of the Group Trust generating receivables/payables between the two entities. As of December 31, 2024 and 2023, amounts due from the Group Trust to the AICPA Insurance Trust were \$134 and \$478, respectively.

**Notes to Financial Statements
December 31, 2024 and 2023**

Note 7 - Income taxes

The Group Trust's financial statements do not include a provision for income taxes since a proportionate share of the Group Trust's income or loss is provided to each beneficiary of the Group Trust for inclusion in the beneficiary's respective tax return. The Group Trust's federal tax returns prior to fiscal year 2021 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings to ensure that the Group Trust is in compliance and to evaluate tax savings. There are no open tax returns under examination.
