## **Independent Auditor's Report**

To the Plan Administrator of the  
Vail Resorts 401(k) Retirement Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the Vail Resorts 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 – Description of the Plan

The Vail Corporation d/b/a Vail Associates, Inc. (the “Company” or “Employer”) is the Plan Sponsor for the Vail Resorts 401(k) Retirement Plan (the “Plan”). The Plan covers all eligible employees of the Company and Participating Employers (principally managed hotel properties) and excludes reclassified employees, leased employees, non-resident aliens, and employees of non-U.S. based subsidiaries of the Company. The following description of the Plan provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan’s provisions.

**General.** The Plan is a defined contribution plan administered by a fiduciary committee and an administrative committee (the “Committees”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

For the Plan year ended December 31, 2024, Empower Trust Company, LLC provided trust services for the Plan and Empower Retirement, LLC provided recordkeeping services for the Plan.

**Eligibility and Contributions.** Employees are currently eligible to participate in the Plan upon attaining the age of 21. Employees may enter the Plan on the first of the month coincident with or after meeting the Plan’s eligibility criteria. Employees who terminate their employment and later rejoin the Company or a Participating Employer (a break in service, as defined in the Plan document) are credited with their pre-break in service hours for eligibility and vesting purposes.

Eligible participants may elect to contribute pre-tax or Roth after-tax contributions from 2% to 100% of their compensation, as defined in the Plan document. Pre-tax and Roth after-tax contributions were limited to \$23,000 for the year ended December 31, 2024, as set forth by the Internal Revenue Code (“IRC”). Under the IRC, participants who are at least 50 years old may also make additional “catch-up” contributions. Catch-up contributions were limited to \$7,500 for the year ended December 31, 2024.

For the year ended December 31, 2024, the Company made discretionary matching contributions up to 50% of each participant’s pre-tax, catchup and/or Roth after-tax contributions, limited to 6% of the participant’s compensation each pay period for each employee who met the match contribution eligibility criteria.

Due to limitations imposed by the IRC, the sum of Company contributions and participant deferred contributions may not, in general, exceed the lesser of 100% of a participant’s compensation for the year or \$69,000 (\$76,500 including catch-up contributions).

Subject to the Committees’ approval, participants may elect rollovers of amounts from other qualified plans in accordance with the IRC.

**Investments.** Aon-Hewitt assists the Plan Sponsor in monitoring the Plan’s assets. During the year ended December 31, 2024, participants had the option to direct their investment balances into various mutual funds, common collective trusts, or any security offered under the Plan’s self-directed brokerage account (“SDBA”) option.

### Note 1 – Description of the Plan (continued)

**Participant Accounts.** Each participant's account is credited with their contribution, the Company matching contribution, if any, rollovers and an allocation of Plan earnings/losses and expenses. Allocations of Plan earnings/losses and expenses are determined by the Plan document. The benefits to which a participant is entitled is the vested portion of the participant's account.

**Vesting.** Participants' contributions are immediately 100% vested. Vesting in the Company's contributions occurs according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Furthermore, participants become 100% vested in their Company contribution portion of their account upon the following events:

- Participant's death
- Participant becomes disabled as defined under the Plan document;
- Participant reaches normal retirement age; or
- Termination or partial termination of the Plan.

**Forfeitures and Unallocated Asset Accounts.** When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. The Plan also maintains unallocated asset accounts. During 2024, \$229,873 of these accounts were used to reduce Employer contributions to the Plan and \$16,619 were used to pay administrative expenses of the Plan. As of December 31, 2024 and 2023, the balance in the unutilized forfeitures and unallocated asset accounts totaled \$37,962 and \$39,351, respectively.

**Termination Provisions.** Although the Company has not expressed any intent to do so, it has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination or a partial Plan termination, participants will become 100% vested in their accounts and benefits will become payable to participants as provided by the terms of the Plan document.

**Payment of Benefits.** Participants may elect a lump-sum payment, installments, or ad-hoc distribution payment in an amount equal to the value of their vested account balance upon termination of employment, upon death of the participant, upon attaining normal retirement age (65) or upon being considered disabled as determined by the Committees.

Participants whose vested interests exceed \$1,000 at the time of termination of employment are permitted to keep their entire balance in the Plan until April 1 of the year following the year in which they reach age 73.

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Note 1 – Description of the Plan (continued)

**Payment of Benefits (continued).** Upon other terminations of service, a participant may elect to receive a distribution equal to his or her vested interest. In addition, hardship and in-service distributions are permitted if certain criteria are met.

**Notes Receivable from Participants.** A participant may borrow the lesser of \$50,000 or 50% of their vested interest with a minimum loan amount of \$1,000. Loans are secured by the participant's vested interest and bear a rate of interest equal to the Prime Rate plus 1% at the date the loan is granted. The loans are subject to certain restrictions, as defined by the Plan document and applicable restrictions under the IRC. A participant may currently have only one loan outstanding at any given time.

### Note 2 – Summary of Significant Accounting Policies

**Basis of Accounting.** The accompanying financial statements are presented on the accrual basis of accounting.

**Use of Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, if material, and the reported amounts of additions to and deductions from net assets. Actual results could differ from those estimates.

**Contributions.** Participant contributions and related Employer contributions are recognized in the period during which the Company makes the respective payroll deduction from participants' compensation.

**Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committees determine the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

**Administrative Expenses.** Expenses of administering the Plan are paid primarily by the Plan. Certain investment related expenses are included in net appreciation in fair value of investments. Loan and redemption fees are deducted from the participants' accounts on a pro-rata basis while certain other Plan expenses are paid from the forfeitures and unallocated assets. During 2024, the Plan incurred fees of \$889,310 for recordkeeping, investment management, and other fees, all of which were rendered by parties-in-interest. The Company, at its election, absorbs the cost of certain administrative functions of the Plan including certain external legal, investment consulting, and auditing services.

**Benefits Payments.** Benefits are recorded when paid.

# Vail Resorts 401(k) Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Note 2 – Summary of Significant Accounting Policies (continued)

**Excess Contributions Payable.** Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability and corresponding expense. The Plan distributes the excess contributions to applicable participants after the Plan's year end.

**Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### Note 3 – Fair Value Measurements

The Financial Accounting Standards Board issued fair value guidance that establishes how reporting entities should measure fair value for measurement and disclosure purposes. The guidance establishes a common definition of fair value applicable to all assets and liabilities measured at fair value and prioritizes the inputs into valuation techniques used to measure fair value. Accordingly, the Plan uses valuation techniques which maximize the use of observable inputs and minimize the use of unobservable inputs when determining fair value. The three levels of the hierarchy are as follows:

**Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2.** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3.** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Mutual funds and money market funds (including those held in the SDBA) are valued using the quoted net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, divided by the number of shares/units outstanding.

# Vail Resorts 401(k) Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

### Note 3 – Fair Value Measurements (continued)

- Corporate stock and exchange traded funds held in the SDBA are valued at the closing price reported on the active market on which the securities are traded.
- The common collective trusts (“CCTs”) are valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy (“FV hierarchy”), the Plan’s assets at fair value as of December 31, 2024 and 2023:

	<b>Fair Value Measurements at December 31, 2024</b>			
	<b>Quoted Prices in Active Markets for Identical Assets Level 1</b>	<b>Significant Other Observable Inputs Level 2</b>	<b>Significant Unobservable Inputs Level 3</b>	<b>Total</b>

## Notes to Financial Statements

December 31, 2024 and 2023

### Note 3 – Fair Value Measurements (continued)

**Investments in Certain Entities that Calculate NAV per Unit.** The following table for December 31, 2024 and 2023, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
CCTs (a)	\$ 366,815,505	\$ 345,100,353	None	Daily (b)	(c)

(a) The Invesco Stable Value Trust Class B1 has a stable value fund strategy that seeks the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The EARNEST Partners Smid Cap Core 1's investment objective is to outperform the assigned benchmark while seeking to control volatility and risk. The Parnassus Sustainable Core Equity CIT 1's investment objective is to outperform the S&P 500 Index on a risk-adjusted basis with a high active share. The investment objective of the Retirement Trust CCTs is to invest over time primarily in a diversified portfolio of underlying trusts that represent various asset classes and sectors. For all Retirement Trust CCTs, the allocation to equity-based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity-based underlying trusts (approximately 55%) remaining at the end of its target year and the most conservative allocation (approximately 30%) projected to occur 30 years after the target date is reached.

(b) The Retirement Trust CCTs net asset value ("NAV") per unit is computed at the close of the New York Stock Exchange ("NYSE"), normally 4 p.m. ET, each day the NYSE is open for business. However, the NAV per unit may be calculated at a time other than the normal close of the NYSE if trading on the NYSE is restricted, if the NYSE closes earlier, or as may be permitted by the Declaration of Trust.

(c) For the Invesco Stable Value Trust Class B1 (the "Fund"), qualified Plan participant initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all unit holders. The Fund also requires participants to invest in a "non-competing fund" for at least 90 days before transferring to a "competing" fund option. Examples of "competing" fund options include a money market fund, another stable value fund, and other principal preservation funds.

Any Plan sponsor or Plan fiduciary initiated withdrawal from the Fund will require a 12-month written notice of the intent to withdraw assets from the Fund. At the discretion of Invesco, the notification periods identified for withdrawals may be waived or reduced as determined by the Trustee in its sole discretion.

For all Retirement Trust CCTs, under the terms of the Declaration of Trust, unit holders may be required to provide up to 30-days advance written notice to the trustee prior to redemption of trust units; the notice period may be shortened or waived by the trustee in its sole discretion.

### Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by Plan management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments and interest and dividend income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;

### Note 4 – Certified Information (continued)

- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown in the supplemental schedules.

### Note 5 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

The Company, certain of its wholly owned subsidiaries, certain of its majority owned subsidiaries and certain of its managed properties participate in the Plan and are, therefore, considered parties-in-interest. Additionally, the Plan maintains notes receivable from participants.

The administrative expenses paid by the Plan (Note 2) were rendered by parties-in-interest. Those fees were based on customary and reasonable rates for such services.

### Note 6 – Nonexempt Prohibited Transactions

During 2023 and 2024, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted into the Plan's trust. The Company intends to correct these late contributions and loan repayments as soon as administratively feasible.

### Note 7 – Tax Status

The Plan Sponsor has adopted an Empower Retirement, LLC Non-Standardized Pre-Approved Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the IRS on November 14, 2022, which stated that the pre-approved plan is qualified under the applicable sections of the IRC. Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan Sponsor believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Sponsor believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 9 – Concentrations, Risks, and Uncertainties

The Plan provides for investment options in various mutual funds, common collective trusts, and various securities offered under the Plan's SDBA option. Investment securities, in general, are exposed to various risks including significant world events, interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2024 and 2023, there were three investments, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

In addition, some investments held by Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
