REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
Rock Solid Technologies, Inc. Retirement Plan for
Employees of Rock Solid Technologies, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed audits of the accompanying financial statements of Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4(i) - Schedule of Assets Held (At End of Year) for the year ended on December 31, 2024, and Schedule H Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended on December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ROCK SOLID TECHNOLOGIES, INC. RETIREMENT PLAN
FOR EMPLOYEES OF ROCK SOLID TECHNOLOGIES, INC.**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan

The following description of the Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc. and RST ERP PR, Inc. (the Plan) provides only general information. Participants should refer to the Summary of the Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all full-time employees of Rock Solid Technologies, Inc. and RST ERP PR, Inc. (the Companies) who have completed three consecutive months of service and are age 21 years or older. The original effective date of the Plan was January 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On October 12, 2022, Rock Solid Technologies, Inc. was acquired by Granicus.

Plan Administration

Effective December 1, 2016, the plan's Trustee appointed Oriental Bank as non-discretionary directed trustee for purposes of ERISA section 403(a)(1), and will have no discretionary control over, nor any other discretion regarding the investment or reinvestment of the Trust assets.

On January 1, 2021, Great-West Life & Annuity Insurance Company (Empower Retirement LLC) became the recordkeeper and custodian after the acquisition of the retirement business of Massachusetts Mutual Life Insurance Company.

On November 9, 2021, the Plan was amended retroactively to January 1, 2021, to include RST ERP PR, Inc. as other adopting employer. Later, on July 26, 2023, the Plan was amended retroactively to April 1, 2023, to allow loans to plan participants and exclude RST ERP PR, Inc as other adopting employer.

Contributions

A participant may contribute not less than 1% of pre-tax annual compensation as defined in the Plan and shall not exceed the pre-tax contribution limit allowed under Puerto Rico Internal Revenue Code section 1081.01(d) (\$15,000). The participants may contribute after-tax contributions and may not be less than 1% nor exceed 10% of compensation. Participants who have attained age 50 or over are eligible to make catch-up contributions up to \$1,500 per Plan Year. Participants direct the investment of their total contributions into various investments options offered by the Plan.

The employer will make matching pre-tax contributions equal to \$0.50 for each dollar of pre-tax contributions made to the plan by an eligible employee up to the first 8% of his/her compensation contributed to the plan throughout the Plan year.

Rollover Contributions

Participants may rollover their funds previously held for their account in another employee benefit plan on a tax-free basis.

Participants accounts

Each participant's account is credited with the participant's and Company contributions and a pro-rata allocation of the Plan's earnings, net of administrative expenses. The pro-rata allocation is based upon the proportion of individual account balances to total participants' accounts balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan (continued)

Vesting

Participants become immediately vested at the time of participation in the Plan in their contributions and plus actual earnings thereon. Vesting in the Company's matching contributions portion of their accounts, plus actual earnings thereon is based on years of continuous service. Participants become 100% vested in the matching contributions after three years of credited service. Non-vested portions of participant accounts that are forfeited upon payment of benefits are retained in the Plan and used to reduce future employer contributions or administrative expenses.

Effective January 1, 2016, the Plan was amended to change the plan's vesting schedule from a 3-year cliff vesting to a 100% full vesting schedule at all times.

Notes Receivable from Participants

Effective April 1, 2023, only active employees who participate in the Plan may request loans from their fully vested accounts. The participant requesting a plan loan must have a minimum vested account balance of \$2,000 to be eligible. The participants may borrow up to 50% of the vested funds but not less than a minimum amount of \$1,000. The notes are secured by the balance in the participant's account and bear an interest rate of 1% over the prevailing prime rate. As of December 31, 2024, the notes receivable had an interest rate of 9.50%. Participants loan installments of principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed in the form of a lump sum distribution equal to the value of the participant's vested interest in his/her account or monthly, quarterly, semiannual or annual installments over a period of years certain.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The balance on these accounts will be used by the Plan's Sponsor to reduce future employer contributions or plan administrative expenses. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$6,545 and \$6,413, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contributions of their account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of Rock Solid Technologies, Inc. Retirement Plan for Employees of Rock Solid Technologies, Inc. have been prepared on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts are reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and funds used to pay administrative expenses. Interest income is recorded on an accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid. Benefit payments are recorded when paid. For the year ended on December 31, 2024 the benefits paid amounted to \$799,040.

Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management and distributions fees charged directly to the participant's accounts. These administrative expenses are presented as a deduction to net assets on the Statement of Changes in net Assets Available for Benefits.

Risk and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

FOR EMPLOYEES OF ROCK SOLID TECHNOLOGIES, INC.**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standard Board (FASB) established the Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for defining and measuring fair value under generally accepted accounting principles. This codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. In some cases where market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2024 and 2023.

The fair value of mutual funds is based upon on quoted net asset values of the shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust funds are valued at the net asset value of the units of the fund. Participants are allocated units of the collective trust funds, not specific securities. The net asset value, as provided by the fund houses or investment provider, is used as a practical expedient to estimate fair value.

The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no restrictions as to the redemption of these investments, nor does the Plan have any contractual obligations to further invest in any of these collective trust funds.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	Fair Value Measurements at Reporting Date Using:			
	(Level 1)	(Level 2)	(Level 3)	Total
<u>December 31, 2024</u>				
Mutual funds	\$ 6,478,424	\$ -	\$ -	\$ 6,478,424
Common collective trust (a)				3,281,271
Investments at fair value				<u>\$ 9,759,695</u>

**ROCK SOLID TECHNOLOGIES, INC. RETIREMENT PLAN

3. Fair Value Measurements (continued)

	Fair Value Measurements at Reporting Date Using:			Total
	(Level 1)	(Level 2)	(Level 3)	
December 31, 2023				
Mutual funds	\$ 5,976,595	\$ -	\$ -	\$ 5,976,595
Common collective trust (a)				2,635,571
Investments at fair value				<u>\$ 8,612,166</u>

(a) In accordance with FASB guidance the collective trusts have not been classified in the fair value hierarchy as they are measured at fair value using NAV as a practical expedient. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. General Account Fixed Annuity Contract

The Plan has a general account fixed annuity contract with Great-West Life and Annuity Insurance Company that invests contributions in a guaranteed contract with fixed annuity options (the Contract). The Contract is a stable value investment with a guaranteed rate of return and a guaranteed principal that is backed by Great-West Life and Annuity Insurance Company general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributable to the contract which was determined to be fully benefit responsive. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants may ordinarily direct the withdrawal and/or transfer of all or a portion of their account balance at contract value. The Contract issuer is contractually obligated to repay the principal, and a specified interest rate guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
- removal from the plan one or more groups or classifications of participants,
- partial or complete plan termination,
- bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or
- the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

4. General Account Fixed Annuity Contract (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

1. Puerto Rico Department of Treasury determines that the Plan no longer meets the requirements of Code section 1081.01(a) or any other applicable Code provision
2. a breach of material obligation under the contract
3. a termination or partial termination of the Plan
4. a material amendment to the agreement without the consent of the issuer

5. Information Prepared and Certified by Empower Retirement

The following information included in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation in fair value of investments and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian:

	December 31	
	2024	2023
Mutual funds	\$ 6,478,424	\$ 5,976,595
Collective Trust Funds	3,281,271	2,635,571
Fixed Annuity	969,166	964,489
	<u>\$ 10,728,861</u>	<u>\$ 9,576,655</u>

Investment income earned from these instruments as of December 31, 2024 and 2023 were as follows; net appreciation (depreciation) in fair value of investments, \$1,007,059 in 2024 and \$1,057,832 in 2023 and interest and dividends of \$242,066 in 2024 and \$141,882 in 2023.

6. Tax Status

On March 18, 2015, the Plan was amended to change the Trustee and on July 16, 2015 it was requested to the Treasury Department of Puerto Rico a determination letter to qualify the Plan under Puerto Rico Internal Revenue Code of 2011, Section 1081.01.

On August 5, 2016, the Plan Administrator received the determination letter approving the participation on the new prototype retirement plan and establishing that the established new Trust is exempt under Section 1081.01 of Puerto Rico Internal Revenue Code of 2011.

Accounting principles generally accepted in the United States of America requires to the management of the Plan to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

7. Related-Party Transactions and Party in Interest Transactions

The Plan has a general account fixed annuity contract with Great-West Life and Annuity Insurance Company. Great-West and its subsidiaries provide administration, custodial and recordkeeping services. These specific investments are issued and managed by Great-West Life and Annuity Insurance Company and qualified as party-in-interest transactions. On December 31, 2020, Great-West acquired the retirement business of Massachusetts Mutual Life Insurance Company (MassMutual), the Plan use insurance products of MassMutual and qualify as a party-in interest.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for these services of the employees to the Plan.

8. Subsequent Events

Subsequent events were evaluated through October 7, 2025, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the balance sheet date, and the date the financial statements were available to be issued that would require additional adjustment, to or disclosure in the financial statements.

9. Non-exempt Transactions

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During the years 2024, 2023, 2022, 2021, 2020, 2019, 2018 and 2017, the Company did not remit employee contributions as soon as they are able to remit the contributions to the custodian. The Company is able to remit immediately after payroll payment, and they are remitting in an average of 4 to 11 days. Total participant contributions considered late amount to \$41,199 in 2024, \$240,064 in 2023, \$582,851 in 2022, \$553,877 in 2021, \$437,277 in 2020, \$593,154 in 2019, \$419,483 in 2018 and \$251,957 in 2017.
