Plan Administrator and Participants and Beneficiaries
Whole Foods Market Growing Your Future 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whole Foods Market Growing Your Future 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Whole Foods Market Growing Your Future 401(k) Plan

Notes to Financial Statements

As of and for the years ended December 31, 2024 and 2023

(1) Description of Plan

The following description of Whole Foods Market Growing Your Future 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established January 1, 2002 by Whole Foods Market, Inc. (the “Company” or “Plan Sponsor”), an indirect wholly-owned subsidiary of Amazon.com, Inc. (the “Parent Organization”), for the benefit of certain employees who have completed one hour of service and are age 18 or older. The Plan was amended and restated effective January 1, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE 2.0”) was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Contributions

Each year Participants may contribute up to 100% of their annual compensation, as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan. Effective 1/1/2024, all newly eligible Team Members are automatically enrolled in the Plan after 90 days of employment at a 2% deferral rate.

Each Plan year, Participants shall have the percentage of their annual compensation that the Participant has either elected or is deemed to have elected to contribute to the Plan automatically increased by one percent (1%) until the percentage of annual compensation that such Participant elected or is deemed to have elected to contribute to the Plan is equal to ten percent (10%). Participants may opt out of the automatic increase program or affirmatively elect a different percentage increase at any time.

The Plan allows a Company matching contribution in an amount determined by the 401(k) Committee of Whole Foods Market, Inc. (Plan Administrator). The Company made a matching contribution on behalf of eligible participants equal to 50% of each participant’s contributions up to 4% of their annual income in 2024, and equal to 14% of the first \$1,000 of each such participant’s contributions, excluding rollover contributions, for 2023. The Company’s matching contributions for each year were made to the Plan in the following year and therefore were recorded as a receivable as of December 31, 2024 and 2023. The Company’s matching contributions are made in the form of cash. The 2024 and 2023 matching contributions were invested according to the participants’ investment directions in place on the date of contribution, in accordance with Plan procedures.

Participant Accounts

Participants direct the investment of their account into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions and allocations of the Company’s matching contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations of the Company’s matching contributions are based on the amount of each participant’s contributions and allocations of earnings are based on each participant’s account balances and his or her individual investment options. The benefit to which a participant is entitled is the benefit that can be derived from the participant’s vested account.

Vesting

For Team Members who became participants in the Plan before 1/1/24 all employer matching contributions are 100% vested. For Team Members who became participants in the Plan on 1/1/24 or after, the employer matching contribution will vest once a Team Member has worked at WFM for a minimum of 1,000 hours annually for 3 years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000, less the highest outstanding loan balance in the prior year, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan Administrator. Principal and interest are paid by participants through weekly or bi-weekly payroll deductions, or as a lump sum for the outstanding loan balance. Partial repayments of the outstanding loan balance are permitted.

Payment of Benefits

On termination of service, a participant or his or her beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that exceeds \$1,000 but does not exceed \$5,000 is paid as a direct rollover to an individual retirement plan designated by the Plan Administrator and any balance that does not exceed \$1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Hardship withdrawals are also available prior to a participant's termination of service, subject to certain limitations. Participants may elect to take a partial or complete withdrawal of their account prior to termination of service after attaining age 59½ or in the event of their disability. Participants may also elect to receive a withdrawal of their rollover contributions at any time.

Forfeitures

Participant forfeitures may be used to reduce future employer contributions or pay the expenses of the Plan. Forfeitures arising from lost participants, uncashed checks, etc., totaled approximately \$2,926 and \$2,476 (in thousands) as of December 31, 2024 and 2023, respectively. WFM utilized the Plan's suspense (forfeiture) account to fund a QNEC on 2/13/24 in the amount of \$179,114.86.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions and contributions receivable

Contributions from participants, and related receivables, are recorded based on the date the contributions are separated from the participants' pay (pay date). The Plan records receivables for participants' contributions based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for Employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and accordingly have been included as an investment in the supplemental schedule, Schedule H, Line 4i-Schedule of assets (held at end of year).

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Plan fees and expenses, including fees and expenses connected with providing administrative services by external service providers, are paid from Plan assets. Allocation of administrative expenses is based on expenses that are chargeable to individual participants and as a pro rata amount of the overall Plan administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. The Plan is not required to reimburse the Plan Sponsor for expenses paid on its behalf.

(3) Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, 10/02/2025, the date the financial statements and supplemental schedules were available to be issued. On 4/15/2025, a Plan Amendment was issued limiting Team Member total salary contribution from 100% of compensation to 90% of eligible compensation (salary) to align with the 401(k) Plan at the Parent Organization.

(4) Fair Value Measurements

The Plan's financial assets and liabilities are recorded at fair value in accordance with the framework for measuring fair value in generally accepted accounting principles. This framework establishes a fair value hierarchy that prioritizes the inputs used to measure fair value:

- Level 1: Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities traded in active markets.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs that are generally unobservable. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

- *Mutual Funds*: Valued using the net asset value (“NAV”) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.
- *Collective Trust and Stable Value Funds*: Valued at the NAV of units of a bank collective trust and stable value funds held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust and stable value funds, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust and stable value funds in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust and stable value funds are not included in the valuation hierarchy.
- *Fidelity BrokerageLink Self-directed Brokerage Accounts*: The underlying investments, which consist primarily of interest-bearing cash accounts and individual corporate common stocks, are valued at the closing price reported on the open market and are classified within Level 1 of the valuation hierarchy.

The methods noted above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023 (in thousands):

December 31, 2024	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	\$ 326,985	\$ -	\$ -	\$ 326,985
Fidelity BrokerageLink self-directed brokerage accounts	38,351	-	-	38,351
Total assets in the fair value hierarchy	\$ 365,336	\$ -	\$ -	\$ 365,336
Collective trust and stable value funds valued at NAV per share ⁽¹⁾				\$ 1,941,349
Total investments at fair value				\$ 2,306,685
December 31, 2023	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	\$ 259,645	\$ -	\$ -	\$ 259,645
Fidelity BrokerageLink self-directed brokerage accounts	30,066	-	-	30,066
Total assets in the fair value hierarchy	\$ 289,711	\$ -	\$ -	\$ 289,711
Collective trust and stable value funds valued at NAV per share ⁽¹⁾				\$ 1,692,878
Total investments at fair value				\$ 1,982,589

- (1) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share (in thousands):

(In thousands)	Fair value as of December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective trust and Stable value funds	\$ 1,941,349	\$ 1,692,878	(1)	(1)	(1)

(1) Collective trust and stable value funds share the common goal of growth and preservation of principal. The collective trusts indirectly invest in a mix of U.S. and international common stocks, and fixed income securities through holdings in various mutual funds. The stable value fund invests in investment contracts issued by insurance companies and other financial institutions, and in fixed income securities. A portion of the stable value fund is invested in a money market fund to provide daily liquidity. These investments can be redeemed daily and there are currently no redemption restrictions or unfunded commitments on these investments.

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Fidelity Management Trust Company ("Fidelity"), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024.

The Plan administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

(6) Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The IRS has determined and informed the Company by a favorable determination letter dated July 25, 2017, that the Plan and related trust are compliant in form with applicable sections of the IRC. The Plan has been amended and restated since that date; however, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan, as amended and restated, is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not

be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of the dates indicated (in thousands):

	December 31, 2024	December 31, 2023

Independent Auditor's Report

Plan Administrator and Participants and Beneficiaries
Whole Foods Market Growing Your Future 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whole Foods Market Growing Your Future 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Whole Foods Market Growing Your Future 401(k) Plan

Notes to Financial Statements

As of and for the years ended December 31, 2024 and 2023

(1) Description of Plan

The following description of Whole Foods Market Growing Your Future 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established January 1, 2002 by Whole Foods Market, Inc. (the “Company” or “Plan Sponsor”), an indirect wholly-owned subsidiary of Amazon.com, Inc. (the “Parent Organization”), for the benefit of certain employees who have completed one hour of service and are age 18 or older. The Plan was amended and restated effective January 1, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE 2.0”) was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Contributions

Each year Participants may contribute up to 100% of their annual compensation, as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan. Effective 1/1/2024, all newly eligible Team Members are automatically enrolled in the Plan after 90 days of employment at a 2% deferral rate.

Each Plan year, Participants shall have the percentage of their annual compensation that the Participant has either elected or is deemed to have elected to contribute to the Plan automatically increased by one percent (1%) until the percentage of annual compensation that such Participant elected or is deemed to have elected to contribute to the Plan is equal to ten percent (10%). Participants may opt out of the automatic increase program or affirmatively elect a different percentage increase at any time.

The Plan allows a Company matching contribution in an amount determined by the 401(k) Committee of Whole Foods Market, Inc. (Plan Administrator). The Company made a matching contribution on behalf of eligible participants equal to 50% of each participant’s contributions up to 4% of their annual income in 2024, and equal to 14% of the first \$1,000 of each such participant’s contributions, excluding rollover contributions, for 2023. The Company’s matching contributions for each year were made to the Plan in the following year and therefore were recorded as a receivable as of December 31, 2024 and 2023. The Company’s matching contributions are made in the form of cash. The 2024 and 2023 matching contributions were invested according to the participants’ investment directions in place on the date of contribution, in accordance with Plan procedures.

Participant Accounts

Participants direct the investment of their account into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions and allocations of the Company’s matching contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations of the Company’s matching contributions are based on the amount of each participant’s contributions and allocations of earnings are based on each participant’s account balances and his or her individual investment options. The benefit to which a participant is entitled is the benefit that can be derived from the participant’s vested account.

Vesting

For Team Members who became participants in the Plan before 1/1/24 all employer matching contributions are 100% vested. For Team Members who became participants in the Plan on 1/1/24 or after, the employer matching contribution will vest once a Team Member has worked at WFM for a minimum of 1,000 hours annually for 3 years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000, less the highest outstanding loan balance in the prior year, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan Administrator. Principal and interest are paid by participants through weekly or bi-weekly payroll deductions, or as a lump sum for the outstanding loan balance. Partial repayments of the outstanding loan balance are permitted.

Payment of Benefits

On termination of service, a participant or his or her beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that exceeds \$1,000 but does not exceed \$5,000 is paid as a direct rollover to an individual retirement plan designated by the Plan Administrator and any balance that does not exceed \$1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Hardship withdrawals are also available prior to a participant's termination of service, subject to certain limitations. Participants may elect to take a partial or complete withdrawal of their account prior to termination of service after attaining age 59½ or in the event of their disability. Participants may also elect to receive a withdrawal of their rollover contributions at any time.

Forfeitures

Participant forfeitures may be used to reduce future employer contributions or pay the expenses of the Plan. Forfeitures arising from lost participants, uncashed checks, etc., totaled approximately \$2,926 and \$2,476 (in thousands) as of December 31, 2024 and 2023, respectively. WFM utilized the Plan's suspense (forfeiture) account to fund a QNEC on 2/13/24 in the amount of \$179,114.86.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions and contributions receivable

Contributions from participants, and related receivables, are recorded based on the date the contributions are separated from the participants' pay (pay date). The Plan records receivables for participants' contributions based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for Employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and accordingly have been included as an investment in the supplemental schedule, Schedule H, Line 4i-Schedule of assets (held at end of year).

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Plan fees and expenses, including fees and expenses connected with providing administrative services by external service providers, are paid from Plan assets. Allocation of administrative expenses is based on expenses that are chargeable to individual participants and as a pro rata amount of the overall Plan administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. The Plan is not required to reimburse the Plan Sponsor for expenses paid on its behalf.

(3) Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, 10/02/2025, the date the financial statements and supplemental schedules were available to be issued. On 4/15/2025, a Plan Amendment was issued limiting Team Member total salary contribution from 100% of compensation to 90% of eligible compensation (salary) to align with the 401(k) Plan at the Parent Organization.

(4) Fair Value Measurements

The Plan's financial assets and liabilities are recorded at fair value in accordance with the framework for measuring fair value in generally accepted accounting principles. This framework establishes a fair value hierarchy that prioritizes the inputs used to measure fair value:

- Level 1: Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities traded in active markets.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs that are generally unobservable. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

- *Mutual Funds:* Valued using the net asset value (“NAV”) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.
- *Collective Trust and Stable Value Funds:* Valued at the NAV of units of a bank collective trust and stable value funds held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust and stable value funds, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust and stable value funds in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust and stable value funds are not included in the valuation hierarchy.
- *Fidelity BrokerageLink Self-directed Brokerage Accounts:* The underlying investments, which consist primarily of interest-bearing cash accounts and individual corporate common stocks, are valued at the closing price reported on the open market and are classified within Level 1 of the valuation hierarchy.

The methods noted above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023 (in thousands):

December 31, 2024	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	\$ 326,985	\$ -	\$ -	\$ 326,985
Fidelity BrokerageLink self-directed brokerage accounts	38,351	-	-	38,351
Total assets in the fair value hierarchy	\$ 365,336	\$ -	\$ -	\$ 365,336
Collective trust and stable value funds valued at NAV per share ⁽¹⁾				\$ 1,941,349
Total investments at fair value				\$ 2,306,685
December 31, 2023	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	\$ 259,645	\$ -	\$ -	\$ 259,645
Fidelity BrokerageLink self-directed brokerage accounts	30,066	-	-	30,066
Total assets in the fair value hierarchy	\$ 289,711	\$ -	\$ -	\$ 289,711
Collective trust and stable value funds valued at NAV per share ⁽¹⁾				\$ 1,692,878
Total investments at fair value				\$ 1,982,589

- (1) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share (in thousands):

(In thousands)	Fair value as of December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective trust and Stable value funds	\$ 1,941,349	\$ 1,692,878	(1)	(1)	(1)

(1) Collective trust and stable value funds share the common goal of growth and preservation of principal. The collective trusts indirectly invest in a mix of U.S. and international common stocks, and fixed income securities through holdings in various mutual funds. The stable value fund invests in investment contracts issued by insurance companies and other financial institutions, and in fixed income securities. A portion of the stable value fund is invested in a money market fund to provide daily liquidity. These investments can be redeemed daily and there are currently no redemption restrictions or unfunded commitments on these investments.

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Fidelity Management Trust Company ("Fidelity"), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024.

The Plan administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

(6) Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The IRS has determined and informed the Company by a favorable determination letter dated July 25, 2017, that the Plan and related trust are compliant in form with applicable sections of the IRC. The Plan has been amended and restated since that date; however, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan, as amended and restated, is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not

be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
