Independent Auditor’s Report

To the Plan Administrator and Trustees of
Hurt & Proffitt, Inc. Employee Stock Ownership Plan
Lynchburg, Virginia

Opinion

We have audited the financial statements of Hurt & Proffitt, Inc. Employee Stock Ownership Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Hurt & Proffitt, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hurt & Proffitt, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hurt & Proffitt, Inc. Employee Stock Ownership Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and

disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hurt & Proffitt, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hurt & Proffitt, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial

statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024

Note 1 – Description of Plan

The following description of the Hurt & Proffitt, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement as amended and restated for a more complete description of the Plan’s provisions.

General

Hurt & Proffitt, Inc. (the “Plan Sponsor”) established the Plan effective January 1, 1996. The Plan is designed to invest primarily in Plan Sponsor common stock and is intended to comply with Section 4975(e)(7), 401(a), and the regulations of the *Internal Revenue Code (IRC)*. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Plan Sponsor who have reached age 21 and have completed one year of service are eligible to participate in the Plan. After meeting the eligibility requirements, an employee becomes a participant in the Plan on the earliest January 1 or July 1 occurring on or after his or her qualification.

Plan Sponsor Contributions

The Plan Sponsor makes a discretionary contribution to the Plan as directed by the Board of Directors of the Plan Sponsor. Plan Sponsor contributions may be in the form of cash or other property allowed under *IRC* Section 4975, but are typically cash. Contributions are allocated to participants who are eligible as of the last day of the Plan year using a ratio based on the participant’s eligible compensation to the total participant compensation.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant’s account is credited as of the last day of each Plan year with an allocation of the Plan Sponsor’s contributions, forfeitures of terminated participants’ non-vested accounts, dividends, and any net income or loss of the trust. Only those participants who are eligible employees of the Plan Sponsor as of the last day of the Plan year will receive an allocation. Allocations are based on a participant’s eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant’s account based on the ratio of the participant’s account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Diversification

Participants who have reached age 55 and ten years of participation in the Plan may elect to diversify their investment in the Plan Sponsor’s common stock. Participants may diversify over a six-year period beginning with the year in which they first satisfy both these conditions. In the first five years they may diversify up to 25% of the total number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants that elect to diversify receive a cash distribution.

Voting Rights

All Plan Sponsor stock held by the Plan will generally be voted by the trustee. Each participant is entitled to exercise the voting rights attributable to the shares allocated to his or her account with respect to any corporate matter which involves the voting of such shares at a shareholder meeting and which constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets or a trade or business, or similar transaction.

Put Option

Plan Sponsor stock held by the Plan and its participants is not readily tradable on an established market, and in accordance with federal income tax regulations, is subject to a put option (“liquidity put”). The liquidity put is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the appraised value of the stock. The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash.

Vesting

A participant becomes 100% vested if the participant is employed by the Plan Sponsor on or after their 65th birthday, incurs a disability while employed by the Plan Sponsor, or dies while employed by the Plan Sponsor. If a participant leaves the Plan Sponsor for any reason other than retirement, disability or death, the participant becomes vested in accordance with the schedule below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	-0-%
2	20
3	40
4	60
5	80
6 or more	100

Forfeitures

Forfeitures are allocated to each participant’s account based on the ratio of the participant’s eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants totaled \$9,333 for the year ended December 31, 2024.

Benefit Payments

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence in the sixth Plan year following the separation of service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date prior to the distribution date. Distributions are made in cash or, if a participant elects, in the form of Plan Sponsor common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Plan Sponsor is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses

As provided in the Plan agreement, the Plan's administrative expenses may be paid by the Plan or by the Plan Sponsor. The Plan Sponsor has historically paid the operating expenses of the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 9, 2025, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3 – Investment in Plan Sponsor Securities

The Plan’s investment in the Plan Sponsor’s common stock as of December 31 is presented as follows:

	2024	2023
Number of shares	108,000	100,000
Cost	\$ 3,752,220	\$ 3,217,420
Fair value	\$ 7,219,800	\$ 5,973,000

The value of the Plan Sponsor common stock has been estimated, with the assistance of an independent valuation specialist, in the absence of a readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

Note 4 – Fair Value Measurements

The Plan’s investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 inputs were not available.

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Significant Other Unobservable Inputs (Level 3)
<u>December 31, 2024</u>		
Plan Sponsor common stock	\$ 7,219,800	\$ 7,219,800
<u>December 31, 2023</u>		
Plan Sponsor common stock	\$ 5,973,000	\$ 5,973,000

Level 3 Fair Value Measurements

The Plan Sponsor’s common stock is reported at fair value, which is determined by the Board of Trustees of the Plan with the assistance of an independent valuation specialist using available financial data. As of December 31, 2024 and 2023,

Hurt & Proffitt, Inc.
Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024

the valuation approach used to value the common stock was the asset approach. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of the Plan Sponsor assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. Significant changes to these inputs could have resulted in a significantly higher or lower fair value measurement for the common stock. The valuation process involves Plan management’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Plan Sponsor. The appraiser prepares a preliminary report which Plan management, along with the trustee, reviews in detail, discusses, and approves.

The table below sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2024:

	Investment in Plan Sponsor Common Stock
Balance, beginning of year	\$ 5,973,000
Net appreciation in fair value	712,000
Stock contribution	534,800
Balance, end of year	<u>\$ 7,219,800</u>
The amount of total gains for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains relating to assets held at the end of the reporting period	<u>\$ 712,000</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

The Plan’s policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant transfers into or out of Level 3.

Note 5 – Related Parties and Parties-In-Interest

As of December 31, 2024 and 2023, the Plan owned 100% of the Plan Sponsor’s common stock; therefore, these transactions qualify as party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Note 6 – Plan Termination

The Plan Sponsor reserves the right to terminate the Plan at any time subject to Plan provisions. Upon such termination of the Plan, the participants will become 100% vested in their accounts and the interest of each participant in the Plan will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the *IRC*.

Hurt & Proffitt, Inc.
Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024

Note 7 – Income Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter dated September 24, 2013, stating that the Plan was designed in accordance with applicable sections of the *IRC*. The Plan has been amended since receiving the determination letter. However, the Plan’s Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Future Payments

Balances owed to persons who have withdrawn from the Plan but who, under the provisions of the Plan, have not received final distributions, amounted to \$329,309 as of December 31, 2024. This commitment fluctuates with the fair value of the Plan Sponsor’s common stock.
