Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WebTPA Employer Services LLC 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, including in their role as agent as directed custodian for certain assets of the Plan, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of WebTPA Employer Services, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of WebTPA Employer Services, LLC ("Sponsor," "Employer," or "Company") who meet the eligibility requirements as outlined in the Plan. The Plan is a single-employer program and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The National Employee Benefits Committee of the Blue Cross and Blue Shield Association (the "Association" or "Administrator") administers the Plan. Fidelity Management Trust Company ("Trustee") is the trustee and Fidelity Workplace Services LLC is the recordkeeper for the Plan.

Contributions

Employees are eligible to participate in the plan on the later of (1) the date of hire or (2) the date the employee turns 18 years of age. Participation in the plan is completely voluntary. Employees must elect to participate and select contribution rates and investment options that are appropriate for each individual. Participants may contribute up to 60% of pretax annual compensation as defined by the Plan. The Company makes a matching contribution equal to 50% of the employee contributions on the first 6% of eligible earnings for the pay period. Contributions in excess of 6% for the pay period are not eligible for the employer match. Participants may elect to make Roth (after-tax) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, money market mutual funds, and common and collective trust funds ("CCT"). Additionally, the Plan offers a self-directed brokerage account option entitled "Brokeragelink," which allows participants to invest in a wide array of individual securities.

Additional discretionary amounts may be contributed at the option of the Company to the accounts of those participants who worked at least 1,000 hours during the plan year (or if employment with the Company terminated during the plan year due to death, disability or after retirement at age 65).

There were no additional discretionary contributions in 2024. Employee and employer contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the additional discretionary contributions, and allocation of investment earnings or losses and allocations of administrative expenses. Certain participant transaction charges, such as loan initiation fees and loan maintenance fees, are charged to the participant's account. Investment earnings or losses are based on the participants' account balances and their investment elections, as defined in the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions and the contributions to non-highly compensated employees plus actual earnings thereon. Vesting in all other Company contributions plus earnings thereon is based on years of continuous service. A participant is incrementally vested over five years of credited service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions. A participant is incrementally vested his or her account over five years of credited service as follows:

<u>Years of Service</u>	<u>Participants Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures

Forfeited nonvested balances may be used to reduce future Employer contributions or pay administrative expenses. Forfeited nonvested balances available for use were approximately \$275,315 and \$173,300 at December 31, 2024 and December 31, 2023, respectively. No forfeitures were used to reduce employer contributions or pay administrative expenses.

Notes Receivable from Participants

At the approval of the Trustee, participants are permitted to borrow from the Plan. If approved, a loan must bear interest at the prime rate as of the last business day of the month preceding the initiation of the loan plus 1%, which was between 4.25% and 9.50% for all loans outstanding at December 31, 2024, and be adequately collateralized. Only one new loan is allowed in a twelve-month period. Furthermore, the participant may not have more than two loans outstanding, and the two outstanding loans may include only one principal residence loan. The minimum loan permitted under the terms of the Plan is \$1,000, subject to Plan rules. The maximum amount of a participant's account balance that can be on loan at any given time is the lesser of \$50,000 or 50% of the participant's vested interest. Loans are generally required to be repaid within four and a half years. Loan repayments are deducted from the participant's payroll over the term of the loan.

Payment of Benefits

Upon leaving employment, death, disability, or retirement, a participant with a vested account balance greater than \$5,000 may elect to receive a lump-sum distribution or installment payments of the vested balance. Participants with a vested account balance of \$5,000 or less will receive a mandatory lump sum distribution. Lump sum distributions may be in the form of a cash payment or a rollover to another retirement plan. In-service benefit payments are permitted for various reasons as outlined in the Plan document.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are generally stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recognized as the outstanding principal balance, plus any interest accrued. The notes are collateralized by the balance in the participant's account, and as such, no allowance for uncollectible accounts has been recorded in the Plan's financial statements.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Company or participant accounts.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. The market value of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and asset rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through September 11, 2025, the date that the financial statements were available to be issued, to determine whether circumstances warranted recognition and disclosure of those events in the financial statements as of December 31, 2024.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* (“ASC 820”) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

On a recurring basis, the Plan is required to measure marketable securities at fair value. The fair values of marketable securities are determined based on quoted market prices in active markets and based upon the marketability of those assets.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common and Collective Trust Funds

A CCT is a comingled pool of investments, not a mutual fund, with the objective of preserving principal while earning interest income. The fair values of the Plan’s interest in the CCTs are based on the net asset value (“NAV”) reported by the fund manager as of the financial statement dates. The beneficial interest in the net assets of the trust is represented by units. Issues and redemption of units are recorded upon receipt of the unit holder’s instructions in good order based on the next determined NAV per unit. NAV per unit is determined each business day.

One of the investment options offered by the Plan is a stable value CCT. The stable value CCT is fully invested in a stable return fund, which is primarily invested in contracts deemed to be fully benefit-responsive. A holding in this fund is considered an indirect investment in fully benefit responsive contracts, which should be measured at fair value. However, the NAV of this fund is measured at contract value and can be used to approximate the fair value as a practical expedient. The stable value CCT generally permits participant-directed withdrawals on any business day. The stable value CCT requires a 12-month notice for liquidation of the underlying assets in the case of any nonparticipant-directed withdrawals. An example of a nonparticipant-directed withdrawal is if the sponsor decided to change trustees. There are no unfunded commitments to the stable value CCT. The Plan’s participants are permitted to redeem investment units at NAV on any business day.

Mutual Funds, Including Brokerage Accounts

Mutual funds, or registered investment companies, are public investment vehicles valued using the NAV provided by the administrator of the fund and calculated daily at the close of business. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the fair value valuation hierarchy. The mutual funds can be redeemed on any business day and there are no unfunded commitments to these mutual funds.

Money Market Fund

These investments are valued at amortized cost-plus accrued interest, which approximates fair value. Investments in money market funds are classified within Level 1 of the fair value valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurement, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified the completeness and accuracy of the Plan investment balances used in the preparation of the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the related investment activity, including interest and dividends, net appreciation the fair value of investments and interest on notes receivable from participants, reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2024, and in the accompanying notes to the financial statements as follows:

5. Related Party Transactions

At December 31, 2024 and 2023, there were outstanding notes receivable due from Plan participants of \$751,872 and \$687,376, respectively. All of these notes were made in accordance with the Plan agreement. None of these loans were determined to be prohibited transactions as defined by ERISA.

Certain Plan investments are managed by the Trustee. Accordingly, these investments are deemed to be party-in-interest transactions. Administrative fees paid by the Plan for services performed by the Trustee, net of Trustee adjustments, for the year ended December 31, 2024 were approximately \$49,000. Moreover, the Company's personnel and facilities were used by the Plan at no charge.

The Company is an affiliate of an independent licensee of the Association. The Association owns the Blue Cross and Blue Shield service marks and establishes national policies. It sets certain operating and financial guidelines for the independent Blue Cross and Blue Shield Plans. The Association is not an affiliate or guarantor of the Company. As part of the guidelines, National Employee Benefits Association ("NEBA") is established to oversee the respective benefit plans of independent licensees. On a quarterly basis, NEBA bills the Company for estimated administrative expenses to monitor the Plan. During 2024, the Company paid expenses of approximately \$53,000 to NEBA on behalf of the Plan. Certain other administrative expenses related to the Plan were paid by the Sponsor.

6. Plan Termination

Although no intent to do so has been expressed, the Company has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine which is in compliance with ERISA.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 11, 2022 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") for the plan adopted on December 31, 2020. The letter also applies to amendments effective on or before July 12, 2021. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. There are currently no tax years under examination.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
