## Independent Auditor's Report

Participants and National Employee Benefits Committee  
Diagnostic Clinic Medical Group Retirement & Savings Plan  
Largo, Florida

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Diagnostic Clinic Medical Group Retirement & Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution, including in their role as agent as directed custodian for certain assets of the Plan, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting***

As described in Note 1 to the financial statements, the Plans Committee adopted an amendment to terminate the plan on January 18, 2024, and management determined that liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to that matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Participants and National Employee Benefits Committee  
Diagnostic Clinic Medical Group Retirement & Savings Plan

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Diagnostic Clinic Medical Group Retirement & Savings Plan Notes to Financial Statements December 31, 2024 and 2023

---

## 1. Description of Plan

The following description of the Diagnostic Clinic Medical Group Retirement & Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a safe-harbor defined contribution plan that covers all employees of the Diagnostic Clinic Medical Group, Inc. ("Sponsor", "Employer", or "Company") who meet the eligibility requirements as outlined in the Plan. The Plan is a single-employer program and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The National Employee Benefits Committee of the Blue Cross and Blue Shield Association (the "Association" or "Administrator") administers the Plan. Fidelity Management Trust Company ("Trustee") is the trustee and Fidelity Workplace Services LLC is the recordkeeper for the Plan.

### Termination of Plan

The Company terminated the Plan effective December 31, 2024. Employer contributions continued through 2024, and all participants became fully vested in account balances at December 31, 2024. A favorable determination approving plan termination was issued by the IRS by letter dated June 10, 2025. All participant balances are expected to be distributed by December 2025. The Company will provide annuities for participant accounts that are unable to be distributed.

### Contributions

Prior to Plan termination, newly eligible and rehired employees were automatically enrolled in the Plan at a participant contribution rate of 3% unless they elect not to participate or to contribute at a different rate. Participants could have contributed up to 100% of pretax annual compensation as defined by the Plan. The Company made safe harbor matching contributions to non-highly compensated employees equal to 100% of the first 3% and 50% of the next 2% of eligible compensation that a participant contributed to the Plan. The Company's matching contributions were historically made on an annual basis and were subject to the completion of one year of service. Participants could have elected to make Roth (after-tax) contributions. Participants could have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered mutual funds, money market mutual funds, and common and collective trust funds ("CCT"). Additionally, the Plan offered a self-directed brokerage account option entitled "Brokeragelink," which allowed participants to purchase and sell over 10,000 mutual funds as well as individual securities.

Additional discretionary amounts could have been contributed at the option of the Company to the accounts of highly compensated employees. In addition, the Company could have made a discretionary non-elective Plan contribution to all employees, which was not contingent on the employee's contribution to eligible participants. Employer discretionary contributions were subject to the completion of one year of service. There were no additional discretionary contributions in 2024. Employee and employer contributions are subject to certain Internal Revenue Service limitations.

### Participant Accounts

Each participant's account was credited with the participant's contribution, the Company's matching contribution, the additional discretionary contributions, and allocation of investment earnings or losses. Certain participant transaction charges, such as loan initiation fees and loan maintenance fees, were charged to the participant's account. Investment earnings or losses were based on the

# Diagnostic Clinic Medical Group Retirement & Savings Plan Notes to Financial Statements December 31, 2024 and 2023

---

participants' account balances and their investment elections, as defined in the Plan. The benefit to which a participant was entitled is the vested portion of the participant's account.

## **Vesting**

Prior to Plan termination, participants were vested immediately in their contributions and the safe harbor matching contributions to non-highly compensated employees plus actual earnings thereon. Vesting in all other Company contributions plus earnings thereon was based on years of continuous service. A participant was incrementally vested over six years of credited service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions. A participant was incrementally vested his or her account over six years of credited service as follows:

<u>Years of Service</u>	<u>Participants Vested Percentage</u>
Less than 2 years of service	0%
2 years, but not more than 3 years	20%
3 years, but not more than 4 years	40%
4 years, but not more than 5 years	60%
5 years, but not more than 6 years	80%
6 or more years	100%

## **Forfeitures**

Forfeited nonvested balances may be used to reduce future Employer contributions or pay administrative expenses. Forfeited nonvested balances available for use were approximately \$960 and \$1,300 at December 31, 2024 and 2023, respectively and were used to cover minor adjustments for gains and losses.

## **Notes Receivable from Participants**

Prior to Plan termination, at the approval of the Trustee, participants were permitted to borrow from the Plan. If approved, a loan must bear interest at the prime rate as of the last business day of the month preceding the initiation of the loan plus 1%, which was between 4.25% and 9.50% for all loans outstanding at December 31, 2024, and be adequately collateralized. Participants were restricted to one outstanding loan at any given time. The minimum loan permitted under the terms of the Plan is \$1,000, subject to Plan rules. The maximum amount of a participant's account balance that can be on loan at any given time is the lesser of \$50,000 or 50% of the participant's vested interest. Loans were generally required to be repaid within four and a half years. Loan repayments were deducted from the participant's payroll over the term of the loan.

## **Payment of Benefits**

Upon leaving employment, a participant with a vested account balance greater than \$5,000 may elect to receive a lump-sum distribution or installment payments of the vested balance. Participants with a vested account balance of \$5,000 or less will receive a mandatory lump sum distribution. Lump sum distributions may be in the form of a cash payment or a rollover to another retirement plan. In-service benefit payments were permitted for various reasons as outlined in the Plan document.

## **2. Significant Accounting Policies**

### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared using the liquidation basis of accounting.

# Diagnostic Clinic Medical Group

## Retirement & Savings Plan

### Notes to Financial Statements

#### December 31, 2024 and 2023

---

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

The Plan's investments are generally stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

#### **Notes Receivable from Participants**

Notes receivable from participants are recognized as the outstanding principal balance, plus any interest accrued. The notes are collateralized by the balance in the participant's account, and as such, no allowance for uncollectible accounts has been recorded in the Plan's financial statements.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Risks and Uncertainties**

Investment securities are exposed to various risks, such as interest rate, market and credit risks. The market value of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and asset rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Subsequent Events**

Subsequent events have been evaluated through September 16, 2025, the date that the financial statements were available to be issued, to determine whether circumstances warranted recognition and disclosure of those events in the financial statements as of December 31, 2024.

### **3. Fair Value Measurements**

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

# Diagnostic Clinic Medical Group Retirement & Savings Plan Notes to Financial Statements December 31, 2024 and 2023

---

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

On a recurring basis, the Plan is required to measure marketable securities at fair value. The fair values of marketable securities are determined based on quoted market prices in active markets and based upon the marketability of those assets.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

## **Common and Collective Trust Funds**

A CCT is a comingled pool of investments, not a mutual fund, with the objective of preserving principal while earning interest income. The fair values of the Plan's interest in the CCTs are based on the net asset value ("NAV") reported by the fund manager as of the financial statement dates. The beneficial interest in the net assets of the trust is represented by units. Issues and redemption of units are recorded upon receipt of the unit holder's instructions in good order based on the next determined NAV per unit. NAV per unit is determined each business day.

One of the investment options offered by the Plan is a stable value CCT. The stable value CCT is fully invested in a stable return fund, which is primarily invested in contracts deemed to be fully benefit-responsive. A holding in this stable value CCT is considered an indirect investment in fully benefit-responsive contracts, which should be measured at fair value. However, the NAV of this fund is measured at contract value and can be used to approximate the fair value as a practical expedient. The stable value CCT generally permits participant-directed withdrawals on any business day. The stable value CCT requires a 12-month notice for liquidation of the underlying assets in the case of any nonparticipant directed withdrawals. An example of a nonparticipant directed withdrawal is if the sponsor decided to change trustees. There are no unfunded commitments to the stable value CCT. The Plan's participants are permitted to redeem investment units at NAV on any business day.

## **Mutual Funds, Including Brokerage Accounts**

Mutual funds, or registered investment companies, are public investment vehicles valued using the NAV provided by the administrator of the fund and calculated daily at the close of business. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the fair value valuation hierarchy. The mutual funds can be redeemed on any business day and there are no unfunded commitments to these mutual funds.

**Diagnostic Clinic Medical Group  
Retirement & Savings Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

**Money Market Fund**

These investments are valued at amortized cost-plus accrued interest, which approximates fair value. Investments in money market funds are classified within Level 1 of the fair value valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of financial assets and liabilities that are measured on a recurring basis at December 31, 2024 and 2023, respectively, are as follows:

**4. Information Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified the completeness and accuracy of the Plan investment balances used in the preparation of the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the related investment activity, including interest and dividends, net appreciation (depreciation) in the fair value of investments and interest on notes receivable from participants, reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2024, and in the accompanying notes to the financial statements as follows:

	<u>2024</u>	<u>2023</u>
Investments	\$ 25,063,719	\$ 38,234,521
Notes receivable from participants	62,775	223,626
Investments and notes receivable from participants as certified by the Trustee	<u>\$ 25,126,494</u>	<u>\$ 38,458,147</u>
		<u>2024</u>
Interest and dividends		\$ 107,471
Net appreciation in fair value of investments		<u>5,250,996</u>
Net investment income per statement of changes in net assets available for benefits		5,358,467
Interest on notes receivable from participants		<u>12,912</u>
Total income, as certified by the Trustee		<u>\$ 5,371,379</u>

**5. Related Party Transactions**

At December 31, 2024 and 2023, there were outstanding notes receivable due from Plan participants of \$62,775 and \$223,626, respectively. All of these notes were made in accordance with the Plan agreement. None of these loans were determined to be prohibited transactions as defined by ERISA.

Certain Plan investments are managed by the Trustee. Accordingly, these investments are deemed to be party-in-interest transactions. Administrative fees paid by the Plan for services performed by the Trustee, net of Trustee adjustments, for the year ended December 31, 2024 were \$40,000. Moreover, the Company's personnel and facilities were used by the Plan at no charge.

---

The Company is an affiliate of an independent licensee of the Association. The Association owns the Blue Cross and Blue Shield service marks and establishes national policies. It sets certain operating and financial guidelines for the independent Blue Cross and Blue Shield Plans. The Association is not an affiliate or guarantor of the Company. As part of the guidelines, National Employee Benefits Association (“NEBA”) is established to oversee the respective benefit plans of independent licensees. On a quarterly basis, NEBA bills the Company for estimated administrative expenses to monitor the Plan. During 2024, the Company paid expenses of approximately \$60,000 to NEBA on behalf of the Plan. Certain other administrative expenses related to the Plan were paid by the Sponsor.

## **6. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated April 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”) for amendments effective on or before December 18, 2024. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements. There are currently no tax years under examination.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?**

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
