REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

**To the Board of Directors
Muskegon Surgical Associates PC Pension Plan**

Opinion

We have audited the financial statements of Muskegon Surgical Associates PC Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the changes in its net assets available for benefits (in liquidation) for the years ended December 31, 2024 and 2023, and the statement of accumulated plan benefits (in liquidation) as of December 31, 2023 and 2022, and the changes in its accumulated plan benefits (in liquidation) for the years ended December 31, 2023 and 2022, and the related statements of changes in accumulated plan benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of Muskegon Surgical Associates PC Pension Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits (in liquidation) for the year ended December 31, 2023 and 2022, and the statement of accumulated plan benefits (in liquidation) as of December 31, 2023 and 2022, and the changes in its accumulated plan benefits (in liquidation) for the years ended December 31, 2023 and 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Muskegon Surgical Associates PC Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note D to the financial statements, the company's board of directors approved a plan of liquidation on September 26, 2023 and determined liquidation is imminent. As a result, the plan changed its basis of accounting on September 26, 2023 from the going concern basis to a liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Muskegon Surgical Associates PC Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Muskegon Surgical Associates PC Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Concluded whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Muskegon Surgical Associates PC Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

December 31, 2024 and 2023

Note A - Plan Description

The following description of the Muskegon Surgical Associates PC Pension Plan (the “plan”) provides only general information. Participants should refer to the plan document and amendments for a more complete description of the plan’s provisions.

General

The plan is a cash balance defined benefit plan covering substantially all full-time employees of Muskegon Surgical Associates, P.L.C. (the “company”) who have one month of eligible service and are age twenty-one or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As described in Note D, the plan was terminated effective December 31, 2023.

Participant Accounts

Under the Plan provisions, amounts are credited by the company to the participants' hypothetical accounts. The accounts are allocated principal and interest credits at the end of each year. The principal credits are allocated based on a specified amounts or based on a percentage of the participants' certified compensation as defined in the plan document for that particular year and depending on the employee classification. Specified principal credits are applicable to certain physician participants at amounts specified in the plan document. For non-physician participants, the applicable percentage is 2.25%.

Participants' hypothetical accounts also receive interest credits at the end of every year. The amount of the interest credit allocated to highly compensated employees as defined in the agreement is tied to the actual rate of return of the aggregate assets for the plan year, not to exceed 4%. The amount of the interest credit for non-highly compensated employees is equal to the participant’s account balance as of the last day of the preceding plan year multiplied by 4%.

Funding Policy

The Plan's funding policy is for the company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The company's contributions for 2023 exceeded the minimum funding requirements of ERISA. As described in Notes C and D, the company terminated the plan effective December 31, 2023. As of December 31, 2023, the plan was not materially over or under funded. The plan had sufficient funding at the settlement date in 2024.

Pension Benefits

Benefits are determined based on the participant’s hypothetical account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights. Participants become vested in the plan upon completion of 3 or more years of service or attainment of the normal retirement age (65). If employees terminate before rendering 3 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the company's contributions. Upon termination of employment, participants have the option of receiving their vested benefit in the form of a one-time lump sum payment or a monthly annuity payable for their lifetime. Participants may elect to defer payment of their benefit until a later date under certain circumstances.

Note A - Plan Description (continued)

Death Benefits

If an active employee dies, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary.

Note B - Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the plan are prepared under the accrual basis of accounting. Certain prior period disclosures have been revised to conform to the current year presentation. As described in Note D, effective September 26, 2023, the board of directors of the company adopted a resolution to terminate the plan. As a result, the plan's financial statements as of December 31, 2023, and for the period September 26, 2023 through December 31, 2023 have been prepared on the liquidation basis in accordance with accounting principles generally accepted in the United States of America. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2023 would be fair value which approximates the value of accumulated plan benefits as of December 31, 2023 and at the settlement date. There were no material changes to the 2023 financial statements as a result of the change under the liquidation basis of accounting. See also Notes C and D.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued. No such transactions or events were identified.

Note C - Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances — retirement, death, and termination of employment — are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 and 2022 were (a) life expectancy of participants based on the 2023 and 2022 mortality table, respectively (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return of 4%. The interest rate used to discount the obligation for 2023 and 2022 was 4%, excluding a reduction for administrative expenses associated with providing benefits as such expenses have not historically been paid from plan assets. The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2024 and 2023, respectively. Had the valuations been performed as of December 31, 2023 and 2022, there would be no material differences. The foregoing actuarial assumptions were based on the presumption that the plan would continue.

However, as described in Note D, the plan was terminated effective December 31, 2023. If the computation of actuarial present value of accumulated plan benefits was made as of December 31, 2023, reflecting liquidation, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits at that date. During the year ended December 31, 2023, participants earned principal credits of approximately \$514,000 and interest credits of approximately \$190,000 and benefits paid were approximately \$288,000. The resulting actuarial present value of accumulated plan benefits at December 31, 2023, was approximately \$5,200,000 which approximates the fair value of plan net assets at that date and upon final liquidation resulting in the plan being neither materially over or under funded.

Muskegon Surgical Associates PC Pension Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note D - Plan Termination

On September 26, 2023, the company's board of directors decided to terminate the plan effective December 31, 2023. Benefits continued to accrue through December 31, 2023 and all remaining participants in the plan will be considered fully vested in his or her accrual benefit at that date. Distributions, generally in the form of lump sum payments, occurred in 2024. See Note C for additional information.

Note E - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Agency securities Government agency securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Money Market Funds: Valued at cost which approximates fair value

Muskegon Surgical Associates PC Pension Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note E - Fair Value Measurements (continued)

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023.

Description	Total	Assets at Fair Value as of December 31, 2023		
		Level 1	Level 2	Level 3
Mutual funds	\$ 1,111,643	\$ 1,111,643	\$ -	\$ -
Agency securities	750,230	-	750,230	-
US treasuries	3,060,766	3,060,766	-	-
Money market funds	283,795	283,795	-	-
Total investments, at fair value	\$ 5,206,434	\$ 4,456,204	\$ 750,230	\$ -

Note F - Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering service to the plan, the employers and certain others. Some investment options held by the plan are party-in-interest investments as they are mutual funds or money market funds issued by Charles Schwab and Co., the plan's custodian.

Note G - Tax Status of Plan

The plan obtained its latest determination letter on December 17, 2020, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan has been amended since this date; however, the plan administrator believes that the plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

11c Enter the Receipt Confirmation Code for the 2024 Form M-1 annual report. If the plan was not required to file the 2024 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)
