Independent Auditors' Report

To the Plan Administrator of
Balfour Beatty Construction Group 401(k)
and Profit Sharing Plan

Scope And Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Balfour Beatty Construction Group 401(k) and Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other matter- Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Balfour Beatty Construction Group 401(k) and Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

General

The Balfour Beatty Construction Group 401(k) and Profit Sharing Plan (Plan) was established March 16, 2007 for eligible employees of Balfour Beatty Construction Group, Inc. and affiliates and subsidiaries (collectively, the Company). The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Trustee) acts as trustee for the Plan pursuant to an agreement between the Trustee and the Company. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

All salaried employees of the Company are eligible to become participants in the Plan on the first day of the quarter after hire. Participants may contribute a portion of their compensation, as defined by the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code (IRC) regulations and the Plan document. Each participant's account is credited with the participant's contributions.

The Plan requires for the Company to make matching contributions equal to the following percentage of a participant's contributions: 100% on the first 3% of compensation plus 50% on contributions exceeding 3% but not greater than 7%. Participants are eligible to receive matching contributions upon employment. The Plan also allows for the Company to make discretionary profit sharing contributions not to exceed 6% of compensation, as determined by the board of directors, to participants who are paid on a salaried basis, are employed on the last day of the Plan year, or who terminated due to death, retirement, or disability and have not received a lump sum distribution of their benefits from the Plan. For the year ended December 31, 2024, participants did not receive a profit sharing contribution. Matching contributions made during 2024 totaled \$11,444,462.

New employees who have not otherwise elected to participate in the Plan are automatically enrolled in the Plan at their first eligible date with a default deferral rate of 5%, unless they have elected to not participate in the Plan. Deferrals are invested in the Plan's qualified default investment alternatives, unless otherwise selected by the participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and investment earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings, matching or account balances, as defined in the Plan. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

Notes to Financial Statements

Vesting

All participant contributions are immediately vested. The employer matching contributions are immediately vested. The discretionary profit sharing contributions begin vesting after two years of service at a rate of 50% per year and are fully vested after three years of service.

Forfeitures

Forfeitures of unvested Company contributions, to the extent not necessary to reinstate accounts of returning participants or missing participants who are later located, are used to offset the next succeeding Company contributions. To the extent they exceed the amount necessary for that purpose, they are used to pay incidental expenses of the Plan. For the year ended December 31, 2024, forfeitures used to pay Company contributions and Plan expenses totaled \$192,010. Forfeitures available for future use at December 31, 2024 and 2023 totaled \$19,274 and \$207,108, respectively.

Notes Receivable From Participants

Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at the prime rate of the Company's bank plus two percent. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Termination of the Plan

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment equal to the value of the participant's account balance. Upon all other terminations of employment, a participant will receive a lump-sum payment equal to the value of the participant's vested account balance. Participants older than 65 with 10 years of

Notes to Financial Statements

service or 55 with at least 15 years of service shall be entitled to receive quarterly, semi-annual, or annual cash installments, over a term of 10 years or less. Employees may also take hardship withdrawals on their fully vested account balance. There are also provisions for making withdrawals of pre-tax contributions upon attainment of age 59½ and of profit sharing and matching contributions in an amount based on the number of years of service.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with GAAP.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investments

The Plan's investments are stated at fair value, with the exception of the managed income portfolio fund noted below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.
- Level 3 Prices or valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Balfour Beatty Construction Group 401(k) and Profit Sharing Plan

Notes to Financial Statements

Collective Trusts

The Plan holds investments in collective trusts which are managed by J.P. Morgan Asset Management and which invest in assets, including fixed income investments, bonds and real estate. The fair value of the units of these investments is valued at NAV per unit, as determined by J.P. Morgan Asset Management. The NAV is used as the practical expedient to estimate fair value.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Total
Mutual funds	\$ 181,123,272	\$ 181,123,272
Collective trusts*	-	292,120,033
	\$ 181,123,272	\$ 473,243,305

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Total
Mutual funds	\$ 153,264,121	\$ 153,264,121
Collective trusts*	-	260,330,826
	\$ 153,264,121	\$ 413,594,947

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Investments measured using the NAV per share as a practical expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value as of December 31,		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
	2024	2023			
Collective trusts	<u>\$ 292,120,033</u>	<u>\$ 260,330,826</u>	n/a	Daily	n/a

5. Financial Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee, a party-in-interest as defined by ERISA, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

This information consists of the following as of December 31:

	2024	2023
Collective trusts	\$ 292,120,033	\$ 260,330,826
Mutual funds	181,123,272	153,264,121
Fully benefit-responsive investment contract at contract value	9,322,239	14,480,464
Notes receivable from participants	4,833,828	4,463,102
Total	<u>\$ 487,399,372</u>	<u>\$ 432,538,513</u>
Interest and dividends from investments	<u>\$ 6,757,081</u>	
Interest income on notes receivable from participants	<u>\$ 403,251</u>	
Net appreciation in fair value of investments	<u>\$ 56,230,167</u>	

6. Fully Benefit-Responsive Investment Contract

The Plan holds an investment in the Fidelity Managed Income Portfolio Fund (Fund), which is managed by the Trustee and invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into

Balfour Beatty Construction Group 401(k) and Profit Sharing Plan

Notes to Financial Statements

Wraps issued by third parties and invests in cash equivalents represented by shares in money market funds. A Wrap is a contract with an insurance company or bank, which absorbs any gains or losses caused by market fluctuations. The Wrap allows investors to hold their investments at the original par or book value plus accrued interest, resulting in stable rates of return.

The investment in the Fund is valued at NAV per unit, as determined by the Trustee. The NAV is used as the practical expedient to estimate fair value. Audited financial statements are available for this investment. The Fund intends to hold only assets whose fair market value is the contract value of the investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities, and new investments in the Fund. This investment is a fully benefit-responsive fund; however, it does contain several redemption restrictions including redemptions by Plan participants to reinvest in options that compete with the Fund may be delayed for up to 90 days, and full or partial Plan administrator directed redemptions or terminations may be delayed for up to 365 days.

7. Tax Status

The Plan has been notified by the Internal Revenue Service (IRS) in a letter dated January 28, 2015 that it is a qualified plan under Section 401(a) and Section 401(k) of the IRC, and is therefore exempt from federal income taxes under provisions of Section 501(a) of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

8. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as a reduction of the return earned on each fund.

The Trustee provides certain administrative services to the Plan pursuant to an agreement between the Company and the Trustee. The Trustee receives revenue from investment service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan.

Balfour Beatty Construction Group 401(k) and Profit Sharing Plan Notes to Financial Statements

If the revenue received by the Trustee from investment service providers exceeds the amount owed under the agreement between the Trustee and the Company, the Trustee remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses. During the year ended December 31, 2024 and 2023, the Plan received excess amounts totaling \$2,800 and \$5,710, respectively.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2024	2023
Net assets available for benefits per the financial statements	\$ 487,399,372	\$ 432,538,513
Less: Adjustment for contract value to fair value for fully benefit-responsive investment contracts	(560,677)	(824,346)
Net assets available for benefits per the Form 5500	\$ 486,838,695	\$ 431,714,167

10. Subsequent Events

Plan management has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
