Enstructure 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Enstructure 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Enstructure 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Enstructure 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Enstructure LLC and its subsidiaries (collectively, the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan was most recently amended on July 19, 2024, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Bank of America serves as the trustee and custodian (Trustee and Custodian) of the Plan and the Company's Chief Financial Officer is the Plan's administrator (Plan Administrator).

Eligibility: All employees of the Company, who have attained age 21 and have completed 90 days of service are eligible to participate in the Plan. Under terms of the Plan, the following employees are considered excluded and may not participate in the Plan: non-resident aliens who have no United States source earned income, residents of Puerto Rico and leased employees. Effective January 1, 2024, the Plan was amended to allow certain employees under a collective bargaining agreement to become eligible participants in the Plan. Effective April 1, 2024, the Plan was amended to allow all employees under a collective bargaining agreement to become eligible participants in the Plan.

Contributions: Each plan year, participants may elect to contribute up to 100% of their eligible compensation, as defined in the Plan, up to a maximum of \$23,000 in 2024. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to a maximum of \$7,500 in 2024. Contributions may be pretax or Roth 401(k) contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Company is required to make safe harbor matching contributions equal to 100% of the participants' salary deferrals that do not exceed 3% of their compensation, plus 50% of their salary deferrals between 3% and 5% of their compensation. The employees covered under a collective bargaining agreement are not eligible for the safe harbor matching contributions.

For certain employees covered under collective bargaining agreements, the Company is required to make employer contributions based on set rates (as defined by Plan provisions) for qualifying hours worked. These employees are not required to make employee contributions to receive this employer contribution.

The Company may make discretionary matching contributions to the Plan on behalf of eligible participants equal to a percentage of the participants' elective deferrals. In addition, the Company may also make discretionary profit sharing contributions to the Plan. Employees must complete 1,000 hours of service and be employed on the last day of the plan year to be eligible for the discretionary matching contributions and discretionary profit sharing contributions. Discretionary profit sharing contributions made to eligible participants' accounts are generally allocated in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company made no discretionary matching contributions or discretionary profit sharing contributions during the year ended December 31, 2024.

Participant accounts: Each participant's account is credited with the participant's contribution, safe harbor matching contributions, employer contributions, account earnings (losses), the Company's discretionary matching contributions, if any, and an allocation of the Company's discretionary profit sharing contribution, if any, and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Enstructure 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants' investment options: Participants must direct their contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or online access. As of December 31, 2024, the Plan offered a selection of mutual funds and money market funds as investment options for participants.

Vesting: Participants are immediately vested in their contributions, in addition to the safe harbor matching contributions and employer contributions earned under collective bargaining agreements, plus actual earnings thereon. Participants become 100% vested in the Company's discretionary matching and discretionary profit sharing contributions upon attainment of normal retirement age. Otherwise, a participant's interest in the Company's discretionary matching and discretionary profit sharing contributions and earnings thereon vests according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 years up to 2 years	0%
2 years up to 3 years	20%
3 years up to 4 years	40%
4 years up to 5 years	60%
5 years up to 6 years	80%
6 years or more	100%

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The maximum loan term for the purchase of a primary residence is 10 years. The loans are secured by the vested balance in the participants' accounts and bear interest at various rates which represent fixed rates determined by the Plan Administrator based upon the prevailing interest rates charged by persons in the business of lending money for loans. At December 31, 2024, outstanding loans mature through 2034 and bear interest at a rate between 4.25% and 9.50%. Principal and interest are paid ratably through payroll deductions. In the case of termination of employment, the entire outstanding loan balance is immediately due and payable.

Payment of benefits: The vested value of a participant's account may be distributed upon death, disability, retirement or termination of employment. Account balances of \$1,000 or less can be distributed without consent for termination of service in a form of lump-sum payment equal to the participant's vested interest in his or her account. Account balances greater than \$1,000 must be requested and can be distributed in the form of a lump sum or partial payment. Participants may request distributions during employment as in-service withdrawals for financial hardships, attaining age 59½, disability or reaching normal retirement age as defined by the IRC. In-service withdrawals are also permitted for participants who have attained 72 years of age; however, such distributions may not exceed the required minimum distribution amount. Distributions of rollover contributions may be requested at any time.

Forfeitures: Unallocated forfeitures are used to reduce future employer contributions. Forfeitures generated during the year ended December 31, 2024, were \$22,019. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2024. Unallocated forfeitures as of December 31, 2024 and 2023, were \$35,602 and \$13,583, respectively.

Plan administration: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Most administrative expenses are paid by the Company, except for the administrative costs associated with participant activity such as loan and distributions fees.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies. The financial statements of the Plan have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, the Trustee and Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2021.

Note 3. Information Certified or Provided by the Plan's Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the Trustee and Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and Custodian that the information provided to the Plan Administrator by the Trustee and Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2024	2023
Investments at fair value:		
Mutual funds	\$ 27,031,077	\$ 21,580,761
Money market funds	1,885,542	2,066,000
	<u>\$ 28,916,619</u>	<u>\$ 23,646,761</u>
Notes receivable from participants	<u>\$ 1,304,089</u>	<u>\$ 1,109,247</u>

The Trustee and Custodian also certified the completeness and accuracy of \$1,041,997 of net appreciation in fair value of investments, \$1,796,370 of interest and dividend income related to the aforementioned investments and \$101,443 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosure Requirements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are unobservable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation on other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Enstructure 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value.

Mutual funds and money market funds: Valued at the quoted market prices of shares held and classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 27,031,077	\$ -	\$ -	\$ 27,031,077
Money market funds	1,885,542	-	-	1,885,542
Total investments	<u>\$ 28,916,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,916,619</u>

	December 31, 2023			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 21,580,761	\$ -	\$ -	\$ 21,580,761
Money market funds	2,066,000	-	-	2,066,000
Total investments	<u>\$ 23,646,761</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,646,761</u>

Note 5. Party-in-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved Plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved Plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Prohibited Transactions

During the 2024 plan year, the Plan Sponsor inadvertently failed to deposit \$38,348 of participant contributions and loan repayments within the required time frame as stated by the DOL's regulations. The Plan Sponsor intends to deposit lost earnings to correct these failures as soon as possible. The Plan Sponsor will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 30,640,170	\$ 25,018,472
Deemed distributed loans reported on the 5500	(18,229)	(19,853)
Net assets per the Form 5500	<u>\$ 30,621,941</u>	<u>\$ 24,998,619</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 5,621,698
Change in deemed distributed loans reported on the 5500	1,624
Net income per the Form 5500	<u>\$ 5,623,322</u>

Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

There are no material events that have occurred subsequent to December 31, 2024, that would require adjustment to or disclosure in these financial statements.
