Roosevelt Hotel 401(k) Plan
Natchitoches, Louisiana

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Roosevelt Hotel 401(k) Plan (the Plan) as of and for the year ended December 31, 2024, and have issued our report thereon dated October 6, 2025. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 6, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies and material weaknesses, and other matters noted during our audit in a separate letter to you dated October 6, 2025.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risks:

- Presumed risk of management override of controls
- Risk of untimely or incomplete contributions

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Roosevelt Hotel 401(k) Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are disclosure of fair value measurements in Note 5 of the financial statements.

The Plan's estimate of the fair value measurements is based on available inputs to be able to measure the fair value of its investments. We evaluated the key factors and assumptions used to develop the fair value measurements and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to the fair value measurements included in Note 5 to the financial statements. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated October 6, 2025.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Throughout the audit process, we consider relevant plan provisions that affect the risk of material misstatement when designing and performing our audit procedures. When audit work performed results in the identification of items that are not in accordance with specified criteria, such as plan provisions as set forth in the plan instrument, we are required to evaluate whether the matter is a reportable finding. Reportable findings are matters that are one or more of the following:

1. An identified instance of noncompliance or suspected noncompliance with laws or regulations.
2. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
3. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.

The reportable findings from the audit procedures performed are communicated in the separate letter to you dated October 6, 2025, including significant deficiencies, material weaknesses and/or other recommendations.

Other Matters

The ERISA required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Regarding employee deferrals, it is important that the remittances be made timely and consistently. The Department of Labor requires employers to remit the employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Employee Benefits Security Administration officials suggest that employer's remittance of participant contributions be made on the same schedule as the employer's remittance of FICA and federal income tax withholdings.

In accordance with proposed IRS regulations, forfeitures from qualified retirement plans may be required to be used no later than 12 months following the close of the plan year in which the forfeitures were incurred under the plan terms.

As part of the Consolidated Appropriations Act passed and signed into law in December 2022, Setting Every Community Up for Retirement Enhancement (SECURE 2.0) continues the themes and reforms that began with the 2019 SECURE Act. The provisions include both required and optional elements to be considered for implementation.

This report is intended solely for the information and use of the investment committee and management of Roosevelt Hotel 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

HANNIS T. BOURGEOIS, LLP

Independent Auditor's Report

To the Trustees
Roosevelt Hotel 401(k) Plan
Natchitoches, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roosevelt Hotel 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roosevelt Hotel 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

ROOSEVELT HOTEL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1 - Description of Plan -

Description of Plan

The following description of the Roosevelt Hotel 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees other than union employees and nonresident aliens of First Class Hotels, LLC (the Company) who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may contribute a percentage of their compensation paid during the plan year not to exceed the limits imposed by the applicable section of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company provides safe harbor matching contributions equal to the sum of 100% of the amount of the participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceeds 3% of the participant's compensation but does not exceed 5% of the participant's compensation. In addition, the Company may make profit sharing contributions at the Company's discretion. The Company made safe harbor matching contributions of \$245,017 for the year ended December 31, 2024. No discretionary profit sharing contributions were made by the Company in 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, the Plan's investment earnings or losses and certain administrative expenses paid by the Plan. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, participants or beneficiaries are entitled to receive the value of their vested account balance. After attainment of age 59 1/2, in-service withdrawals can be made from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, and rollovers plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on a graduated scale beginning at 20% vesting after 2 years of eligible service and becoming fully vested after 6 years of eligible service.

Forfeited Accounts

Forfeited non-vested account balances are used to reduce future employer contributions and to pay administrative fees. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$-0- each year.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to specified limits. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll deductions.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting and investments are valued at current fair value as quoted by the custodian of the Plan. At December 31, 2024 and 2023, all assets of the Plan are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2024 and 2023, the Plan had no fully benefit-responsive contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan Custodian. For discussion of fair value measurements see Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from Plan participants are recorded in the year in which employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considered the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Risks and Uncertainties

The Plan provides for various investment options in any combination of money market fund and mutual funds. The funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Administrative Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees for certain transactions, such as withdrawal processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in investment income.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 6, 2025, the date the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue operations at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Tax Status -

The Company has adopted a prototype plan which has received a favorable determination letter from the Internal Revenue Service that it qualifies under the applicable section of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan itself has not separately applied for recognition of tax-exempt status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Money Market Fund - Stated at cost which approximates fair value.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| | Assets at Fair Value as of December 31, 2024 | | | |
|---------------------------------|--|-------------|-------------|---------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Money Market | \$ 56,748 | \$ - | \$ - | \$ 56,748 |
| Mutual Funds | 6,061,200 | - | - | 6,061,200 |
| Total Investments at Fair Value | <u>\$ 6,117,948</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 6,117,948</u> |

| | Assets at Fair Value as of December 31, 2023 | | | |
|---------------------------------|--|-------------|-------------|---------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Money Market | \$ 53,144 | \$ - | \$ - | \$ 53,144 |

| Total Investments at Fair Value | <u>\$ 5,822,297</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 5,822,297</u> |

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in investment income on the statement of changes in net assets available for benefits.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian, Fidelity Management Trust Company.

| | 2024 | 2023 |
|---|---------------------|---------------------|
| Investments at Fair Value: | | |
| Money Market | \$ 56,748 | \$ 53,144 |
| Mutual Funds | 6,061,200 | 5,769,153 |
| | <u>\$ 6,117,948</u> | <u>\$ 5,822,297</u> |
| Notes Receivable from Participants | <u>\$ 259,856</u> | <u>\$ 139,046</u> |
| Investment Income | <u>\$ 792,618</u> | |
| Interest Income on Notes Receivable from Participants | <u>\$ 14,912</u> | |

Note 7 - Party-in-Interest Transactions -

Certain plan investments are shares of money market fund and mutual funds managed by Fidelity Management Trust Company, the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in investment income (loss), as they are paid through revenue sharing, rather than a direct payment. The Company may also pay directly any other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Delinquent Participant Contributions and Loan Payments -

During the year ended December 31, 2022, participant deferrals and loan payments totaling \$16,056, were not timely remitted to the Plan in accordance with the requirements of the Department of Labor. The contributions were remitted to the Plan upon discovery of the errors. The Plan Sponsor will compute the lost earnings on these deposits and will make a contribution for lost earnings to the Plan during 2025.

Roosevelt Hotel 401(k) Plan
Natchitoches, Louisiana

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Roosevelt Hotel 401(K) Plan as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.
- Probable. The future event or events are likely to occur.

We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the plan's internal control to be significant deficiencies:

Inaccurate Participant Contributions

PRIOR YEAR COMMENT:

During our 2023 audit, we noted the following exceptions during the participant testing:

Two participants tested had duplicate "401K" items entered in the payroll software which resulted in excess employee contributions withheld totaling \$1,143 and excess employer matching contributions totaling \$5,506 that the participants should not have received

CURRENT YEAR UPDATE:

During our 2024 audit, we noted the following exceptions during the participant testing:

Two participants tested had elected a specific contribution percentage that was not applied throughout the entire plan year resulting in under withheld employee contributions totaling \$822 resulting in unmatched employer matching contributions of \$722 that should have been received.

We recommend the Plan work with its Third-Party Administrator to review all 2024 employee and employer matching contributions and make corrective action for all participant accounts short of the actual amounts the participant should have received. We recommend that policies and procedures be implemented so that accurate accounting is made for the participants and the Plan.

During our audit, we identified certain matters involving the internal control and other operational matters, other than the significant deficiencies or material weaknesses, that are presented for your consideration. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. Our comments are summarized as follows:

Third-Party Service Provider Review

We wish to emphasize that a third-party service organization performs a significant amount of the processing of the plan's transactions. As such, many of the plan's transactions - from the way in which such transactions are initiated, recorded in accounting records, processed, and reported in the plan's financial statements - are affected not only by the plan's own internal controls, but by the controls of the service organization that processes them. Because plan management is responsible for establishing controls to ensure that plan transactions are timely and accurately processed and reported in its financial statements, we recommend plan management obtains and reviews the SOC 1 report on controls at the service organization. Based on that review, plan management can determine whether the plan sponsor has effective

controls to ensure the (a) proper and complete transmission of data to the service organization, (b) proper processing of data and complete receipt of data from the service organization, and (c) timely reconciliation of data received by the service organization.

We believe that the implementation of these recommendations will provide the Plan with a stronger system of internal control while also making its operations more efficient. We will be happy to discuss the details of these recommendations with you at your convenience.

This communication is intended solely for the information and use of management of Roosevelt Hotel 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully submitted,
