Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Plan Administrator
Detrex Corporation Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Detrex Corporation Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Detrex Corporation Employees' Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
Detrex Corporation Employees' Retirement Plan

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Detrex Corporation Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all eligible employees of Detrex Corporation (the "Company" or the "Plan Sponsor"). The Plan also covers participants previously covered under the Pension Plan for Local 6 Employees of Detrex Corporation; Wayne Chemical Products Company Pension Plan; and Pension Plan for Local 433 Hourly Employees of Detrex Corporation at Bowling Green, Kentucky (collectively, the "Previous Plans"). The benefits of the participants and retirees of the Previous Plans were frozen as of the date of the respective plan mergers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 31, 2009, the accumulated benefits for all plan participants were frozen, and the Plan was frozen to new participants indefinitely.

Pension Benefits

Eligible employees with five credited years of service, as defined by the Plan, are entitled to pension benefits upon retirement. The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, death, and disability benefits. Participants, other than those previously covered under the Previous Plans, receive benefits calculated at a rate specified under the Plan, multiplied by years of credited service. Participants in the Previous Plans receive benefits based on compensation prior to retirement or termination. Participants may elect to receive their pension benefits under various forms of joint and survivor annuities, including a lump-sum payment option.

Vesting

Employees become participants in the Plan following completion of the eligibility requirements, as described in the Plan, and are fully vested for normal retirement benefits after five years of service.

Contributions

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Administration

The plan sponsor is the plan administrator and has responsibility for the administration of the Plan. SEI Private Trust Company functions as trustee and custodian. Investment management fees, trustee fees, and other administrative costs are paid by the Plan in accordance with the plan agreement.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by SEI Private Trust Company or its affiliates. SEI Private Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions but are not prohibited transactions under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Other Asset

Other assets are amounts transferred from the pension trust and held by the trustee as of December 31, 2024 and 2023 to provide for participant benefits payable on January 1, 2025 and 2024, respectively.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to the following:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 23, 2025, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 - Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan. In the event that the Plan is terminated, participants would cease earning benefits, but would become fully vested. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 5 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by independent consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected payment date. The calculations of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which were made as of and for the years ended December 31, 2024 and 2023, the most recent actuarial valuations, are as follows:

	<u>2024</u>	<u>2023</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefit payments	\$ 11,534,477	\$ 11,867,679
Other vested participants	<u>2,287,163</u>	<u>2,406,221</u>
Total vested benefits	13,821,640	14,273,900
Nonvested benefits	<u>23,736</u>	<u>22,286</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 13,845,376</u>	<u>\$ 14,296,186</u>

The change in the actuarial present value of accumulated plan benefits during the years ended December 31, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Actuarial present value of accumulated plan benefits - Beginning of year	\$ 14,296,186	\$ 14,933,218
Increase (decrease) during the year attributable to:		
Benefits accumulated	92,277	(105,807)
Interest due to the decrease in the discount period	1,009,282	1,055,526
Benefits paid	<u>(1,552,369)</u>	<u>(1,586,751)</u>
Net decrease	<u>(450,810)</u>	<u>(637,032)</u>
Actuarial present value of accumulated plan benefits - End of year	<u>\$ 13,845,376</u>	<u>\$ 14,296,186</u>

Certain assumptions underlying the actuarial computations for the 2024 and 2023 plan years are summarized as follows:

Actuarial valuation method - Projected unit credit method

Assumed rate of return on investment compounded annually - 7.5 percent in 2024 and 2023

Mortality basis - Pri-2012 Total Mortality Table adjusted for MP-2021 Improvement Scale in 2024 and 2023

Withdrawal rate - Based on study of employees of the Company

December 31, 2024 and 2023

Note 5 - Accumulated Plan Benefits (Continued)

Retirement - Eligible vested former participants assumed to retire at age 65 for 2024 and 2023

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 6 - Certified Information

SEI Private Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by the Trustee.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The investments of the Plan consist of mutual funds, which are valued based on quoted prices reported in active markets. Therefore, all mutual fund investments are classified as Level 1 investments.

Detrex Corporation Employees' Retirement Plan
EIN: 38-0480840
Plan Number: 001

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2024
Summary of Plan Provisions

The Detrex Corporation Retirement Plan is a defined benefit pension plan that was established July 1, 1973, and was last amended and restated effective as of January 1, 2000. The plan year begins January 1 and ends December 31.

Eligibility to Participate

An employee becomes a participant in the Plan on the January 1 following the date of employment.

However, no employee shall be eligible to become a participant after May 31, 2009.

Normal Retirement Benefit

Normal Retirement Date

A participant is eligible for his normal retirement pension after the participant satisfies the following conditions:

- Attainment of age 65.
- Participation in the Plan for five years.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death.

Normal Retirement Pension Formula

If the participant retires as of his normal retirement date, his monthly pension will be the greater of:

- 1½% of the Final Average Monthly Earnings per year of Credited Service less 1½% of the monthly primary Social Security benefit per year of Credited Service (maximum 33⅓ years).
- Actuarial Equivalence of the Employee's Profit Sharing Account balance as of December 31, 1972, with credited interest.
- \$20.00 per year of Credited Service.
- 1% of the Final Average Monthly Earnings (maximum \$2,500) per year of Credited Service (maximum 30 years).
- For the Chairman of the Board and Chief Executive Officer or the President and Chief Operating Officer: 2¼% of the Final Average Monthly Earnings per year of credited service.

However, effective May 31, 2009, if the participant retires as of his normal retirement date, his monthly pension will be equal to his accrued benefit as of May 31, 2009.

Social Security Primary Insurance Amount

The Social Security Primary Insurance Amount of an Employee is his estimated monthly primary insurance amount under the Social Security Act as in effect at the time of: (a) his retirement or other termination of employment, (b) his Normal Retirement Date, or (c) termination of the Plan, whichever occurs first. In the event the calculation is made prior to Normal Retirement Age, it will be assumed that earnings will continue at the same level as Final Average Monthly Earnings to Normal Retirement Age.

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2024
Summary of Plan Provisions

Average Annual Compensation

"Average annual compensation" means the participant's annual compensation averaged over the highest five consecutive calendar years as an Employee.

Compensation

For the purposes of the Plan, "compensation" means basic salary, excluding bonuses, commissions, overtime, and any payments made under any profit sharing agreement.

Accrued Benefit

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula multiplied by the ratio of years of benefit service to date to the projected years of benefit service at normal retirement.

Benefits are frozen as of May 31, 2009. The Accrued Pension at any later date will equal the May 31, 2009, frozen Accrued Pension.

Retirement Payment Options

A participant may elect to receive his monthly pension in one of these optional forms of payment:

- **Lifetime Pension**
- **Lifetime Pension with Guaranteed Period** with guaranteed payments for 120 months – Not available for Wayne Chemical participants.
- **Joint and Survivor Pension** with 100%, 75%, or 50% survivor pension.
- **Joint and 66 2/3% to Either Survivor Pension** – Not available for Bowling Green or Wayne Chemical participants.
- **Joint and Survivor 33.33%** – Bowling Green Only.
- **Social Security Adjustment Option** – Only for Wayne Chemical and Local 6 participants.
- **Optional Lump Sum Payment** – A lump sum payment is available if the present value of the vested benefit is between \$5,000 and \$10,000. A lump sum is automatic if the present value of the vested benefit is less than \$5,000.

If the participant is married at the time payments are to begin, the automatic form of payment will be a Joint and 50% Survivor Pension with the spouse named as survivor annuitant. If the participant is not married at the time payments are to begin, the automatic form of payment will be a Lifetime Pension.

Employment after Retirement. If a participant in pay status returns to employment, retirement benefits will be suspended regardless of the number of hours of service he completes.

Distributions under Qualified Domestic Relations Order. With respect to a participant, no distribution will be made before the date the participant could receive a distribution if he terminated employment.

Other Retirement Benefits

Late Retirement

If a participant continues working after his normal retirement date, his pension will not commence until he actually retires. The late retirement benefit is the greater of:

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2024

Summary of Plan Provisions

- The retirement benefit accrued as of the participant's normal retirement date, as actuarially increased; or
- The normal retirement benefit determined under the pension formula using current service and compensation.

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of 5 years of vesting service. The early retirement pension is the pension accrued to the date of early retirement, reduced by 5/9 of 1% for each of the first 60 months and 5/18 of 1% for each month in excess of 60.

A participant is eligible for special early retirement if they are at least age 55 and their age plus years of vesting service total at least 95 (Rule of 95). In such case, the benefit will be unreduced for commencement prior to age 65.

For Bowling Green and Wayne Chemical participants, a participant is eligible for early retirement after attainment of age 60 and completion of 5 years of vesting service.

Disability Benefit

The participant is entitled to receive a disability benefit if he meets **all** of the following requirements:

- He is actively employed.
- Completes 10 years of vesting service.

The benefit will be payable in the form of a Lifetime Pension until the earliest of: recovery, death, or normal retirement date. The participant's monthly disability benefit will be equal to his normal retirement pension accrued as of the date the disability occurred.

Death Benefit

If a participant dies after he has become vested under the Plan but before he begins to receive a retirement pension benefit, his spouse will receive a 50% survivor benefit if he has been married at least one year. Payment will begin on the date on which he first would have been eligible for retirement. The amount of his surviving spouse's benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon his accrued pension at the date of death and reduced for early commencement of benefits, if applicable. If the participant is not married, no benefit will be paid by the Plan.

Termination of Employment Benefits

Vesting in Accrued Pension

If employment terminates other than by retirement or disability, the amount payable from the Plan is based upon the following vesting schedule:

Years of Service	Vesting Percentage
0–4 Years	0%
5 or More Years	100%

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2024
Summary of Plan Provisions

Time of Payment

The participant may elect payment after his early retirement date, reduced to reflect the early commencement of benefits. No pension payment is available under the Plan prior to early retirement or death, with two exceptions. If the present value of the vested accrued benefit does not exceed \$5,000, the lump sum value can be paid following termination of employment. If the present value of the vested accrued benefit is greater than \$5,000, but less than \$10,000 at the time of termination, the participant will have the option to elect an immediate lump sum payment.

Forfeitures and Restoration

Forfeiture occurs when the participant terminates employment before being vested. The forfeited amount is used to reduce any employer contribution otherwise due under the Plan.

Special Cashout Rule

The special cashout rule applies if a participant terminates employment and receives a full distribution of the vested portion of his accrued pension. A participant whose vested accrued pension is \$0 will be forfeited upon employment termination. If the participant returns to employment with the employer during the restoration period and repays the amount previously distributed with interest, the employer will restore any forfeited portion of his accrued pension. This repayment option is available to a participant even if he previously received 100% of his accrued pension.

If the participant's vested accrued pension is \$0 and he returns to employment with the employer before he has breaks in service in accordance with the vesting service rules equaling the greater of 5 or his total years of vesting service, the employer will restore the forfeited portion of his accrued pension upon completion of one year of service.

Service Rules

Vesting Service Rules

A participant is credited with a year of vesting service for each 12-month period he is employed by the employer. Fractional years of vesting service will be credited to the nearest month. A participant will incur a break in service if he experiences a period of severance from employment with the employer that lasts at least 12 months.

Benefit Service Rules

A participant is credited with a year of benefit service for each 12-month period the participant is employed by the employer. Fractional years of benefit service will be credited to the nearest month.

Benefit Service is frozen as of May 31, 2009.

Actuarial Equivalence

Actuarial equivalence is determined based on the following mortality and interest assumptions:

Mortality table:	Preretirement	–	UP-1984
	Postretirement	–	UP-1984
Interest rate:	Preretirement	–	7%
	Postretirement	–	7%

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2024
Summary of Plan Provisions

However, for the purpose of determining the amount of a lump sum payment, the actuarial equivalence determination will include the use of the Code section 417 interest rates and the Code section 417 mortality table, if such use produces a greater benefit.

Code Section 417 Mortality Table

The Code section 417 mortality table is the Applicable Mortality Table released annually by the Internal Revenue Service.

Code Section 417 Interest Rates

The Code section 417 interest rates are the Transitional Segment Rates for the second month preceding the first day of the plan year that contains the annuity starting date.
