Report of Independent Auditors

To D. E. Shaw & Co., L.P.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D. E. Shaw & Co. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free

from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the D. E. Shaw & Co. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan, which became effective January 1, 1990, is a defined contribution plan which covers all eligible employees or partners, who are age twenty-one or older, of D. E. Shaw & Co., L.P.; D. E. Shaw Research, LLC; D. E. Shaw & Co., Inc.; D. E. Shaw & Co. II, Inc.; D. E. Shaw & Co., L.L.C.; D. E. Shaw Technology Development, LLC; D. E. Shaw International Operations, L.L.C.; DES Other Operations, LLC; D. E. Shaw International Development, L.L.C.; Arcesium LLC; D. E. Shaw Renewable Investments, L.L.C.; DESRI Holdings, L.P.; DESRI Project Management Services, L.L.C.; Picularium, LLC; and DESRES Sub 1, LLC (together the “Plan Companies” or individually, the “Plan Company”). There is no service requirement to join the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). D. E. Shaw & Co., L.P. (the “Plan Administrator” and the “Plan Sponsor”) is both the administrator and the sponsor of the Plan.

b. Contributions

Participants can contribute up to 60 percent of their compensation, as defined, to the Plan. Participant contributions were limited to \$23,000 of pre-tax and Roth 401(k) contributions in 2024 and participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions up to \$7,500. A participant may, with consent of the Plan Administrator, make a rollover contribution from a previously qualified plan. Effective January 1, 2024, the Plan was amended such that the Plan Companies make matching contributions that are limited to the lesser of (i) 50 percent of the participant’s contribution, or (ii) \$11,500.

The Plan Administrator will automatically contribute six percent of a new employee’s eligible compensation into the Plan unless the employee has affirmatively elected not to participate in such automatic contributions or has affirmatively elected to contribute a different amount. These contributions will be treated as pre-tax deferrals and will be automatically deducted from the employee’s eligible compensation and contributed to the Plan on the employee’s behalf. This amount will be increased each year by 1 percent up to a maximum of 24 percent and the automatic increase will occur during the first payroll in March. Once an employee does make an election to contribute to the Plan, the Plan Administrator will no longer make the automatic one percent increase.

With the consent of the Plan Administrator, the Plan also allows participants to contribute after-tax compensation up to \$34,500 in 2024, subject to certain restrictions. Such after-tax contributions are not eligible for employer-matching.

December 31, 2024 and 2023

1. Description of the Plan (Continued)

c. Funding

The Plan Administrator submits the employers' matching contributions with the participants' contributions on a per pay-period basis.

d. Vesting

Participants are always fully vested in their participant contributions and the respective investment income, and gains and losses thereon. Employer contributions to participants' accounts under the Plan are vested ratably in 25 percent installments over 4 years based on employment. After an employee reaches their 4-year anniversary, employer contributions are 100 percent vested. Generally, if a participant's employment with the Plan Companies terminates and the participant is less than 100 percent vested, the participant will forfeit the non-vested portion.

e. Forfeitures

For the year ended December 31, 2024, employer contributions were reduced by approximately \$431,000 from forfeitures applied. As of December 31, 2024, approximately \$58,000 was available to reduce employer contributions or Plan-related administrative expenses within the next 12 months following the Plan's year-end.

f. Participant Accounts

Each participant's account is adjusted with the participant's and the employer's contributions and the respective investment gains and losses thereon. Allocations of gains and losses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

g. Trusteeship

The trustee and Plan recordkeeper is Vanguard Fiduciary Trust Company ("Vanguard"). The Plan's investments are held by Vanguard under a trust agreement.

h. Investment Options

Participants may direct employer and participant contributions in any of the mutual fund investment options (the "Plan Investments") presented in Note 3. Participants can invest in funds in increments of one percent. Participants may change their designation of investment options on a daily basis, subject to certain restrictions imposed by individual Plan Investments.

December 31, 2024 and 2023

1. Description of the Plan (Continued)

i. Loans to Participants

Generally, participants may borrow from their participant accounts a minimum of \$1,000 and a maximum that cannot exceed the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms cannot exceed five years unless the loan is for the purchase of the participant's principal residence, in which case the loan terms can extend to ten years. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate in effect on the day the loan is approved, plus one percent. Principal and interest are paid ratably through payroll deductions. There were 56 loans outstanding on December 31, 2024 and 48 loans outstanding on December 31, 2023.

j. Payment of Benefits

On termination of service due to disability, retirement, or termination of employment, a participant may make an affirmative distribution election to receive a lump sum distribution equal to the vested value of the participant's account. In the event of death, the participant's beneficiary will receive the distribution upon making an affirmative distribution election.

If a participant's vested account balance is less than \$1,000 on termination of service, the participant will receive a lump-sum distribution as soon as practicable after the participant's termination of employment, without the requirement of any affirmative distribution election.

If a participant's vested account balance is more than \$1,000 and less than \$7,000 on termination of service, and after receiving all required notices, the participant does not make an affirmative distribution election, the distribution will be automatically rolled over by the Plan to an Individual Retirement Account with Vanguard as soon as practicable after the participant's termination of service. If a participant's vested account balance is more than \$7,000 on termination of service, and after receiving all required notices, the participant does not make an affirmative distribution election, the participant's funds will be left in the Plan until the participant makes an affirmative distribution election.

Upon attaining age 59 1/2, a participant may request a penalty-free withdrawal of all or a portion of the participant's vested account balance.

1. Description of the Plan (Continued)

j. Payment of Benefits (Continued)

A participant who suffers a financial hardship may request a withdrawal of all or a portion of their participant contributions. A financial hardship, as defined by the Plan, is limited to (i) expenses related to tuition for the participant or dependents of the participant; (ii) expenses related to the purchase of a principal residence (excluding mortgage payments); (iii) medical expenses; (iv) expenses related to the need to prevent eviction from a principal residence; (v) funeral expenses for the parents, spouse, or dependents of the participant; or (vi) expenses to repair the principal residence that would qualify for a casualty loss deduction. The participant is not required to obtain all loans and withdrawals available under the Plan before a hardship withdrawal is approved. A participant who takes a hardship withdrawal is eligible to contribute to the Plan for any period of time following the withdrawal unless the participant received a hardship withdrawal prior to the beginning of the 2019 Plan year.

k. Expenses

Expenses associated with the administration of the Plan may be paid for by the Plan or the Plan Sponsor, as permitted by the terms of the Plan.

l. In-Plan Roth Rollover Option

The Plan allows participants to roll over any amount of a participants' vested account balance (including pre-tax contributions, after-tax contributions, employer contributions, and earnings on those contributions) into a Roth account held within the Plan.

2. Summary of Accounting Policies

a. Basis of Presentation, Management Estimates, and Assumptions

The Plan's financial statements are prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), which may require management to use its judgment in making certain estimates. Due to the uncertainties inherent in any estimation process, it is expected that such estimates may differ from the amounts ultimately realized, and the differences may be material.

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

2. Summary of Accounting Policies (Continued)

b. Investments

Substantially all of the Plan's assets and liabilities are carried at fair value. U.S. GAAP defines fair value and establishes a fair value hierarchy ("Fair Value Measurement"), as discussed further below. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair Value Measurement gives the highest priority to observable inputs and the lowest priority to unobservable inputs. Observable inputs are inputs that are developed using market data, such as publicly available information about actual events or transactions, and reflect the assumptions market participants would use when pricing an asset or liability. Unobservable inputs are inputs for which market data are not available and that are developed using the best information available about the assumptions market participants would use when pricing an asset or liability. In accordance with Fair Value Measurement, the Plan Companies maximize the use of relevant observable inputs and minimize the use of unobservable inputs in determining the fair value of its assets and liabilities, and classify such assets and liabilities within the three levels of the fair value hierarchy, as described in the following paragraphs.

i. Level 1: Financial instruments valued using unadjusted, quoted market prices in active markets for identical assets or liabilities.

ii. Level 2: Financial instruments valued using observable inputs other than Level 1 inputs, such as quoted market prices for similar assets or liabilities, quoted market prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

iii. Level 3: Financial instruments valued using unobservable inputs that are significant to the determination of the fair value of the assets or liabilities.

Mutual fund investments consist of shares of registered investment companies. The shares of registered investment companies are valued at the last reported net asset value on the last business day of the Plan year, based on quoted market prices. Purchases and sales of securities are recorded on a trade date basis. The cost of securities sold is based on average cost.

Investment gains and losses are applied to participant accounts daily. Net appreciation and depreciation includes the Plan's net gains and losses on investments purchased and sold as well as held during the year.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Benefits are recorded when paid.

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

2. Summary of Accounting Policies (Continued)

c. Loans to Participants

Loans to participants are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on loans to participants is recorded when it is earned.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

Plan Investments disclosed in the accompanying financial statements as of December 31, 2024 and 2023 and the supplemental schedule as of December 31, 2024, and net appreciation in fair value of Plan Investments for the year ended December 31, 2024, were obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Vanguard.

The fair value of the Plan Investments as of December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 718,162,120	\$ 591,279,272

The investment income of the Plan Investments for the year is as follows:

	<u>2024</u>
Investment income:	
Net appreciation in the fair value of mutual fund investments	\$ 76,694,150
Dividend Income	18,161,254

4. Related Party Transactions

As of December 31, 2024 and 2023, the Plan Investments were managed by Vanguard. Vanguard is the trustee of the Plan and, as such, these transactions qualified as party-in-interest transactions. Fees paid by the Plan to Vanguard amounted to approximately \$32,000 for the year ended December 31, 2024 and are included under distributions and withdrawals on the statement of changes in net assets available for benefits.

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

5. Plan Termination

Although they have not expressed any intent to do so, the Plan Companies have the right under the Plan to discontinue their matching contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100 percent vested in their accounts, including the matching contributions by the respective Plan Company.

6. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the “Code”). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator accounts for the effect of any uncertain tax positions in its financial statements. The Plan Administrator measures such tax positions against the more-likely-than-not threshold, based on whether those positions would be expected to be sustained if examined by the IRS. With respect to any tax positions that do not meet the more-likely-than-not threshold, the Plan records a corresponding liability in the financial statements, though no liabilities or expenses, including interest and penalties, were deemed necessary for recording during the year. The Plan may be subject to examination by the IRS; however, there are currently no audits for any tax periods in progress.

7. Fair Value Measurement

In accordance with Fair Value Measurement, the Plan assets, which consisted of mutual fund investments, are categorized as Level 1.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

9. Information Certified by the Trustee

The following investment information included in the accompanying financial statements and supplemental schedule have been certified by Vanguard in accordance with 29 CFR 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under ERISA:

- Schedule of Assets (Held at End of Year) as of December 31, 2024
- Investments as of December 31, 2024 and 2023
- Loans to participants as of December 31, 2024

- Investment income for the year ended December 31, 2024
- Interest on loans to participants for the year ended December 31, 2024

10. Subsequent Events

The Plan has evaluated events subsequent to December 31, 2024 through August 1, 2025, the date the financial statements were available to be issued, and there is nothing material to disclose.
