INDEPENDENT AUDITORS' REPORT

To the Investment Committee of the
TidalHealth 403(b) Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TidalHealth 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TidalHealth 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TidalHealth 403(b) Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TidalHealth 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TidalHealth 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

TidalHealth 403(b) Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TidalHealth 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TidalHealth 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TidalHealth 403(b) Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TidalHealth 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TidalHealth 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the TidalHealth 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by TidalHealth, Inc. (Plan Sponsor or Company) effective January 1, 2009 that provides retirement savings to all eligible employees of the Plan Sponsor. There are no minimum age or service requirements in the employee elective deferral contribution portion of the Plan. Participants are eligible to enter the Plan on the first day of the pay period after their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2024, the Plan was amended to provide certain past service credit for employees of Anesthesia Service, P.A. and Your Doc's In if hired by the Plan Sponsor on January 1, 2023 and December 17, 2023, respectively. The amendment also added a Roth provision to the Plan. Effective January 1, 2024, the Plan was again amended to update distribution provisions in accordance with the SECURE Act 2.0. The Plan was most recently amended effective January 1, 2025 to award past service credit for vesting purposes for employees of Children's Hospital if hired on July 1, 2024, amend the Plan's definition of excluded employee to include leased employees, employees covered by a collective bargaining agreement, employees who works on a per case or on call basis, and employees who works in a job category which is not full-time or a part-time position or a standby position, allow for participants to make rollover contributions into the Plan after completing one hour of service and to clarify exclusions from the employer matching contribution.

Participating employers that have adopted the Plan are as follows:

TidalHealth, Inc.
TidalHealth Nanticoke, Inc.
TidalHealth Medical Partners, LLC

Participant Contributions

Under the terms of the Plan, an employee may contribute by making pre-tax contributions of up to 100% of their compensation but not less than \$200, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$23,000 for the year ended December 31, 2024. Participants may also contribute Roth elective contributions. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year, subject to limitations imposed by the Code. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may roll over funds from other qualified plans into the Plan.

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN – cont'd.

Company Matching Contributions

The Company makes matching contributions on behalf of each eligible participant who is employed by the Company as of the last day of the Plan year and has completed one eligible year of service during the Plan year. Effective January 1, 2020, the Plan defines an eligible year of service as a 12 consecutive month period during which a participant must complete at least 975 hours of service. Participants who have completed less than 15 years of service receive a matching contribution in an amount equal to \$0.25 for each \$1.00 deferred up to a maximum 1% of compensation (4% deferrals). Participants who have completed 15 or more years of service receive a matching contribution in an amount equal to \$0.50 for each \$1.00 deferred up to a maximum 2% of compensation (4% deferrals). Company matching contributions are calculated and contributed at the end of the Plan year. Company matching contributions totaled \$2,920,976 for the year ended December 31, 2024.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by each participant. Any earnings, losses, and administrative expenses are allocated to a participant's account based upon the balance in each account. The benefit to which a participant is entitled is that which that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective and rollover contributions. Vesting in Company matching contributions is based on years of continuous service. A participant is 100% vested in the matching contribution after three years of credited service. Prior to three years of service, a participant is 0% vested in the matching contributions. Participants who terminated prior to January 1, 2011 were not subject to any vesting schedule. Certain participants from acquired entities received prior service credit towards Company matching contributions.

Notes Receivable from Participants

Participants may borrow up to 50% of the vested account balance, not to exceed \$50,000 without regard to the intended use of the funds. The minimum loan amount is \$1,000. The notes are collateralized by the participant's vested account balance. Participants may only have one note outstanding at any time. Notes bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan administrator. Principal and interest are paid ratably through biweekly payroll deductions or directly by the participant outside of payroll. The notes must be repaid within five years, unless the note is used to purchase a principal residence. Such notes are to be repaid within 20 years.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures of non-vested portions of Company contributions shall be used first to pay administrative expenses and then to offset future Company contributions. Forfeitures of a participant's non-vested balance will occur in the Plan year the participant receives a distribution of their vested account balance or if they do not receive a distribution after five consecutive one year breaks in service. The forfeitures account totaled \$17,925 and \$70,169 as of December 31, 2024 and 2023, respectively. There were \$13,913 and \$68,931 in forfeitures used during the year ended December 31, 2024 to pay administrative expenses and offset Company contributions, respectively.

Payment of Benefits

Upon termination of service, death, disability, retirement (age 62), or attainment of age 59 ½ (deferral account only), a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Amounts related to funds rolled into the Plan may be withdrawn at any time. Distributions are made in either a lump sum equal to the value of the participant's interest in their account, a single sum distribution of a portion of their balance, or installments for a specified term. Prior to retirement, distributions are made as lump sum payments. Upon termination, if a participant's account balance is less than \$7,000, the Plan administrator may elect to automatically distribute the participant's vested account balance. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2024 and 2023, there were no net assets available for benefits of the Plan allocated to participants who had elected to withdraw from the Plan who had not received such distributions as of year-end.

Plan Expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. During the year ended December 31, 2024, the Company elected to pay a portion of the Plan's direct expenses. Expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Lincoln Stable Value Account, Lincoln Fixed Account, certain Lincoln Yourpath Funds, and Mass Mutual General Account are considered fully benefit-responsive. Lincoln and Mass Mutual have represented that fair value equals contract value for the instrument in which the Plan invests.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates and assumptions.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts (Note 4), which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowances for credit losses have been recorded as of December 31, 2024 and 2023. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as distributions based on terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in pooled separate accounts: Valued at fair value based on the unit value of the fund. Unit values are determined by the institutions sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Interests in non-fully benefit responsive insurance contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the report date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 226,096,533	\$ -	\$ -	\$ 226,096,533

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 197,748,512	\$ -	\$ -	\$ 197,748,512
Interests in non-fully benefit responsive insurance contracts	-	-	1,093,894	1,093,894

Total investments, at fair value	\$ 197,748,512	\$ -	\$ 1,093,894	\$ 201,910,937

* In accordance with ASC 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the investments, measured using the NAV per share practical expedient as of December 31,:

	2024	2023	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interests in pooled separate accounts (a)	\$ 3,066,116	\$ 3,068,531	Daily	Daily	None

(a) Funds in this category invest in a diversified portfolio of various fixed income funds, money markets, debt securities, domestic and/or international stocks to achieve a long-term rate of return.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 10, 2025, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure, except as disclosed in Note 1.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

3. INVESTMENTS

Lincoln Financial Group, the Trustee of the Plan, Great-West Life and Annuity Insurance Company, a part of Empower Retirement and Great West Trust Company, LLC (Great West), and Brighthouse Life Insurance Company (Brighthouse) have supplied the Plan Administrator with certifications as to the completeness and accuracy of the notes receivable from participants and investments totaling \$272,034,886 and \$240,902,453 reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, respectively, and investment gain totaling \$32,340,427 on the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan offers investment contracts with MassMutual Life Insurance Company (Mass Mutual) and Lincoln Financial Group as investment options to Plan participants. The accounts are fully benefit-responsive investment contracts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. Withdrawals and transfers are allowed at any time; however, MassMutual and Lincoln Financial Group reserve the right to delay payment for up to six months. The guaranteed investment contract issuers are contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by the Issuer.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive guaranteed investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual and Lincoln Financial Group, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS – cont'd.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that would limit the ability of the Plan to transact at contract value with the participants.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Lincoln Financial Group, who acts as a Custodian of the Plan and is a related entity to the Trustee, MassMutual, Great West, Horace Mann, Brighthouse, Putnam and Newport Trust Company, the insurance companies. The Plan allows for participants to take out notes against their account balances. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

TIDALHEALTH 403(b) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

6. INCOME TAX STATUS

The volume submitter document, upon which the Plan was designed, received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the Plan is qualified under the Code and, therefore, is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended subsequent to receiving the opinion letter, however, the Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued related to interest and penalties as of December 31, 2024 and 2023.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31;
