## **INDEPENDENT AUDITOR'S REPORT**

Board of Trustees  
IBEW Local 665 Supplemental  
Unemployment Benefit Plan  
3001 Metro Drive, Suite 500  
Bloomington, MN 55425

Trustees:

### **Opinion**

We have audited the accompanying financial statements of IBEW Local 665 Supplemental Unemployment Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of IBEW Local 665 Supplemental Unemployment Benefit Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local 665 Supplemental Unemployment Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 665 Supplemental Unemployment Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local 665 Supplemental Unemployment Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 665 Supplemental Unemployment Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**IBEW LOCAL 665  
SUPPLEMENTAL UNEMPLOYMENT BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**Note A: Description of the Plan**

The following brief description of the IBEW Local 665 Supplemental Unemployment Benefit Plan (the “Plan”), as in effect on December 31, 2024, is provided for general purposes only. For more complete information, refer to the amended plan document.

1. General – The Plan was established effective January 1, 2007 as a result of collective bargaining between the Michigan Chapter of the National Electrical Contractors’ Association, Inc., and the Local No. 665 of the International Brotherhood of Electrical Workers. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan provides unemployment compensation, holidays, severance, and disability payments to participants who have met the minimum eligibility requirements set forth in the Plan. One half credit is earned for each twenty clock hours worked for a contributing employer. No more than 52 credits shall be accumulated in any employee’s account at any time. One credit shall be cancelled for each weekly benefit paid.
2. Funding – The Plan is funded through a trust fund, which receives contributions from employers at rates specified in the collective bargaining agreement. The agreement provides for employers to contribute to the Plan based on an hourly rate of participants’ hours worked.
3. Payment of Benefits – The weekly benefit rate and other benefits shall be determined by resolution of the trustees, considering the financial condition of the trust fund. The amount of benefits payable may be established in relationship to the rate at which the employers have contributed in respect to the work performed by the individual employee.
4. Forfeited Credits – The credits accumulated in the account of any employee shall be cancelled and the employee shall be required to re-establish initial eligibility if no contributions are due as a result of work performed by that employee for a period of 24 consecutive months.
5. Plan Termination – Although there has been no expressed intent to do so, the Trustees reserve the right to terminate the Plan at any time. If the Plan is terminated, the Plan will continue to pay benefits until the plan assets are exhausted.

**Note B: Summary of Significant Accounting Policies**

1. General – The accounting records of the Plan are maintained on the accrual basis. Contributions received subsequent to December 31, 2024 attributed to hours worked prior to January 1, 2025, have been reflected as contributions due from employers as of December 31, 2024, in accordance with the policy established by the Plan.
2. Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results may differ from those estimates.

Significant estimates are used in determining the Plan’s postemployment benefit obligations.

**IBEW LOCAL 665  
SUPPLEMENTAL UNEMPLOYMENT BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note B: Summary of Significant Accounting Policies (Continued)**

3. Valuation of Investments – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
4. Payment of Benefits – Benefits are recorded when paid.

**Note C: Fair Value Measurements**

FASB Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques considering the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

**IBEW LOCAL 665  
SUPPLEMENTAL UNEMPLOYMENT BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note C: Fair Value Measurements (Continued)**

The following valuation methodologies have been used to value the Plan's investments:

**Certificates of Deposit** – The fair value of the investment is based on cost plus accrued interest which approximates market value.

**Money Market Fund** – Money market funds are stated at estimated fair values, which equal their cost.

**Mutual funds** – Mutual funds are valued at closing quoted prices reported in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Fair Value Measurement at December 31, 2024

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

SUPPLEMENTAL UNEMPLOYMENT BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note D: Investments**

The Plan's investments consist of certificates of deposit, money market, and mutual fund accounts.

The following is a comparison of cost to market value of investments, other than cash, held at December 31, 2024:

	Market Value	Cost	Market Value Over (Under)
Certificates of deposit	\$ 2,209,190	\$ 2,205,000	\$ 4,190
Money market funds	1,121,938	1,121,938	-
Mutual funds	282,853	282,853	-
	\$ 3,613,981	\$ 3,609,791	\$ 4,190

For the plan years ended December 31, 2024 and 2023, the Plan's investments (including investments bought, sold, and held during the year), appreciated (depreciated) in value by \$4,190 and \$(4,300), respectively, as follows:

	Years ended December 31,	
	2024	2023
Net appreciation (depreciation) in fair value:		
Certificates of deposit	\$ 4,190	\$ (4,300)

**Note E: Postemployment Benefit Obligations**

The postemployment benefit obligation represents the total estimated future benefits that are attributed to participant service rendered through year end. Postemployment benefits include future benefits expected to be paid to or for currently unemployed participants and their beneficiaries and dependents and active participants and their beneficiaries and dependents after separation of service. Prior to an active participant's full eligibility date, the postemployment benefit obligation is the portion of the expected postemployment benefit obligation that is attributed to that participant's service rendered to the valuation date.

The following tables present the components of the Plan's benefit obligations and the related changes in the Plan's benefit obligations.

The following assumptions were made in the calculation of the Plan's benefit obligations:

- All credits could be used immediately; therefore, no discount rate was incorporated in the calculation.
- Seventy-five percent of the current ineligible credits for Local 665 participants would ultimately be paid out versus forfeited.
- Eighty percent of the current eligible and ineligible credits for Michigan participants would ultimately be paid out versus forfeited.
- Twenty percent of the current eligible and ineligible credits of out-of-state participants would ultimately be paid out versus forfeited.

**IBEW LOCAL 665

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note E: Postemployment Benefit Obligations (Continued)**

Benefit Obligations as of December 31,

Claims paid	(983,231)	(848,430)
	\$ 6,819,178	\$ 4,773,037

**Note F: Tax Status**

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code as a tax-exempt organization. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan Sponsor believes the Plan, as amended, continues to qualify and operate as designed.

**Note G: Tax Uncertainties and Open Tax Years**

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to December 31, 2021.

**Note H: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**IBEW LOCAL 665  
SUPPLEMENTAL UNEMPLOYMENT BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note H: Risks and Uncertainties (Continued)**

In addition to investments and cash equivalents, financial instruments, which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

**Note I: Reportable Transactions**

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant directed investments to be disclosed separately in the financial statements as a reportable transaction.

**Note J: Party-in-Interest Transactions**

Fees paid during the year for legal, auditing, investment manager, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

**Note K: Related Party Transactions**

The Plan has entered into an administrative services agreement with the IBEW Local Union No. 665 (Local Union), which is a Plan Sponsor, as follows:

Effective March 1, 2008, the Plan retained the Local Union to distribute, collect, and process applications for Supplemental Unemployment Benefits in accordance with the Plan, and forward them to the Third-Party Administrator with all supporting documentation submitted by the applicant for initial determination and processing. Fees paid to the Local Union for processing supplemental unemployment benefit applications totaled \$1,361 for the year ended December 31, 2024.

**Note L: Subsequent Events**

The date to which events occurring after December 31, 2024, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is September 5, 2025, which is the date on which the financial statements were available to be issued.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investments and schedule of reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
