## Independent Auditors' Report

To the Plan Participants and Plan Administrator  
Sidley Austin LLP Retirement Plan for Partners:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Sidley Austin LLP Retirement Plan for Partners (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### *Auditors' Responsibilities for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**(1) Description of Plan**

**(a) General**

The Sidley Austin LLP Retirement Plan for Partners (the Plan) is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A brief description of the Plan is provided for general informational purposes only. Participants should refer to the plan document for more complete information.

**(b) Administration**

The Plan is administered by Sidley Austin LLP, an Illinois limited liability partnership (the Plan Administrator). The Executive Committee of Sidley Austin LLP and its affiliated partnerships (the Firm and Plan Sponsor) have appointed a number of Firm attorneys to the Retirement Plans Committee (the Committee) to carry out the administrative duties of the Plan.

**(c) Trustees**

The assets held in the Firm-Directed Portfolio (an investment option; see note 3) under the Plan are held by The Northern Trust Company, as custodian and trustee. All other assets of the Plan are held by Charles Schwab Trust Bank, as custodian and trustee.

**(d) Investment Advisor and Manager**

Mercer Investment Advisers LLC is an investment advisor to the Firm with respect to the Plan's assets held in the Defined Contribution Trust (see note 3). For the Plan's assets held in the Firm-Directed Portfolio (see note 3), the Committee has responsibility for the management of those assets, and Cambridge Associates LLC is an investment consultant to the Firm.

**(e) Eligibility and Vesting**

Except as set forth in the following sentence, each partner of the Firm and certain employees designated by the Firm are eligible to participate in the Plan. With the exception of partners who are citizens of Germany residing in Germany and performing services at a Sidley office in Germany, the Plan provides that any partner who renders services at an office outside of the United States and is neither a citizen of the United States nor covered by a United States permanent resident visa is not eligible to participate.

The Firm contributes to the accounts of the Plan participants. Participants are vested in the full amount credited to their employer contribution accounts upon the earliest of (1) three years of service with the Firm, (2) separation from service after reaching age 65 or (3) death while a partner or employee of the Firm. All years of service are taken into account in determining whether a participant is vested.

**(f) Participant Accounts**

Each participant's account is credited with contributions and an allocation of Plan earnings (losses) based upon the investment funds in which the participant's account is invested. The benefit from the Plan to which a participant is entitled is the participant's vested account balance.

Notes to Financial Statements

December 31, 2024 and 2023

**(g) Funding**

The Firm's annual contribution on behalf of each participant for 2024 is an amount equal to a percentage, as determined by the Firm, of the participant's gross compensation up to the applicable IRS limits for the calendar year.

**(h) Benefit Payments**

A participant may elect that his or her account balance be distributed in a lump sum as of any valuation date following his or her separation from service and reaching age 55. If a separated participant's account balance does not exceed \$25,000, the account balance may be distributed in a lump sum prior to reaching age 55.

If a participant dies before distribution of the account balance, distribution of the account will be made to the beneficiary (or beneficiaries). If an account balance under the Plan exceeds \$5,000 at the time of death, a beneficiary must receive the distribution within five years of death; however, if the spouse is the sole, primary beneficiary, the spouse may defer the distribution until the end of the calendar year during which the participant would have reached age 71, if later. The benefit will be distributed in a lump sum payment.

**(i) Forfeitures**

Amounts forfeited during a calendar year may be used to pay eligible Plan expenses or reduce the contribution payable under the Plan.

**(j) Participant Loans**

Loans are not permitted by the Plan.

**(k) Termination of the Plan**

Termination of the Plan is at the discretion of the Firm and is subject to the provisions of ERISA. In the event of termination of the Plan, the accounts of all participants become fully vested and shall be distributed to the participants entitled to receive such accounts. Any remaining assets of the trusts shall be distributed to participants ratably in proportion to the balances of their respective accounts.

Presently, there is no intention on the part of the Firm to terminate the Plan.

**(l) Plan Amendments**

On December 31, 2023, the Plan was amended by the Eighth Amendment to modify (i) certain Plan rules regarding the timing of permitted uses of forfeitures under the Plan and (ii) the age at which certain accounts will be distributed from the Plan.

On June 25, 2024 and December 31, 2024, the Plan was amended by the Ninth and Tenth Amendments to modify certain Plan rules regarding the eligibility of certain employees to participate in the Plan.

**(2) Significant Accounting Policies**

**(a) Basis of Presentation**

The amounts in the accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

**(b) Valuation of Investments**

All investments are stated at fair value. Plan assets utilizing Level 1 inputs (discussed further in note 3) include cash, common stock, registered investment companies, common/collective trust, and personal choice retirement accounts. Fair values were determined by using quoted prices for identical investments from the market exchanges.

Certain investments' estimated fair value is based on net asset value as a practical expedient (discussed further in note 3). These investments include hedge funds, private equity funds and other assets. The fair values of these funds may, due to the inherent uncertainty of valuation for alternative investments, differ significantly from the values that would have been used had a ready market for the alternative investments existed, and the differences could be material. These investments are described further below:

Hedge funds: Hedged strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Hedge funds generally hold securities or other financial instruments for which a ready market exists and may include stocks, bonds, put or call options, swaps, currency hedges and other instruments. In some instances, due to the complexity of the instruments and the transactions involved, a ready market may not exist. Investments in hedge funds are valued using reported net asset values as a practical expedient as of December 31, 2024 and 2023. See note 3 for lock-up provisions of the hedge funds.

Private equity funds: Plan assets are invested in limited partnership interests in various private equity funds. Private equity funds are primarily invested in buyout and venture capital strategies, investments in turn around/distressed situations, and real asset strategies that generally hold public or private real estate, natural resources equities, commodities and oil and gas investments. The private equity funds are valued using fair values per the partnership financial reports to determine net asset value as a practical expedient as of December 31, 2024 and 2023. No provision generally exists for the redemption of these interests by these funds until the end of the term thereof, typically ranging between 10 and 15 years from the date of inception.

Other assets: Other assets consists primarily of commingled partnerships and limited liability companies investing in domestic and international publicly traded securities. The other assets are valued using reported net asset values as a practical expedient as of December 31, 2024 and 2023. See note 3 for lock-up provisions of the other assets.

**(c) *Risks and Uncertainties***

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

**(d) *Realized and Unrealized Gains or Losses and Income Recognition***

At the time investments mature or are sold, the difference between the value at the time of purchase and the proceeds is recorded as a realized gain or loss. The unrealized gain or loss during a financial statement period on investments held represents the change in fair value of the securities from the beginning of the year or date the securities were purchased, if later, to the end of the year. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date.

**(e) *Benefit Payments***

Benefit payments are recorded when paid.

**(f) *Administrative Expenses***

Administrative expenses relating to trustee, recordkeeping, audit and investment advisory fees are paid by the Firm to the extent not paid using forfeitures, as described in note 1(i). Certain transactional fees, brokerage account fees and investment advice fees are paid by the participant or deducted from the participant's account.

**(g) *Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income, contributions, withdrawals, and expenses during the reporting period. Actual results could differ from those estimates.

**(3) *Master Trust Investment Accounts***

The Plan's investments are held in two separate Master Trust Investment Accounts. All Plan investments except for the Firm-Directed Portfolio are held in the Sidley Austin LLP Directed Master Trust for Certain Defined Contribution Plans (the Defined Contribution Trust), which is held by Charles Schwab Trust Bank. The Firm-Directed Portfolio is a master trust investment account in the Sidley Austin Master Pension Trust, which is held by The Northern Trust Company. The Defined Contribution Trust and the Firm-Directed Portfolio (collectively, the Master Trust Investment Accounts) were established for the investment of assets of the Plan, and several other Firm-sponsored retirement plans. The Plan's interest in the net assets of the Defined Contribution Trust is determined based on contribution and investment elections made by the participants within the Plan less actual benefit payments and administrative expenses. The Plan's interest in the net

Notes to Financial Statements  
December 31, 2024 and 2023

The Firm-Directed Portfolio's investment income is allocated to participating plans based on each plans' percentage ownership of the Firm-Directed Portfolio on the date the income was earned.

FASB Accounting Standards Codification Topic 820 (ASC 820) defines fair value as the exchange price that would be received for an asset or liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants and establishes a hierarchal disclosure framework that ranks valuation techniques based on the observability of inputs. Investments measured and reported at fair value under ASC 820 are classified based on the valuation techniques used and disclosed in one of the following categories:

- Level 1 – Investments with quoted prices in active markets for identical investments that the reporting entity has the ability to access as of the measurement date.
- Level 2 – Investments valued with inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, as of the measurement date.
- Level 3 – Investments valued with inputs that are unobservable for the investments and includes situations where there is little, if any, market activity for the investments.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

December 31, 2024 and 2023

The hedge funds and other assets have various lock-up provisions applicable to investors therein ranging from monthly to every three years for hedge funds and from monthly to annually for other assets. As of December 31, 2024 and 2023, the Firm had the ability to partially redeem, on at least a quarterly basis, from funds representing approximately 73% and 75%, respectively, of the aggregate fair value of the hedge funds and from funds representing approximately 81% and 82%, respectively, of the aggregate fair value of the other assets as reflected in the above table as of such date.

The Firm-Directed Portfolio has committed amounts to private equity funds that are unfunded as of December 31, 2024 and 2023. These unfunded amounts may or may not be required to be funded by the underlying private equity funds over the life of the funds. As of December 31, 2024, approximately \$116 million of commitments to private equity funds are unfunded.

The Plan does not maintain any investments measured at fair value on a nonrecurring basis as of December 31, 2024.

**(4) Tax Status**

By letter dated November 10, 2014, the Internal Revenue Service (IRS) notified the Plan Administrator that the terms of the Plan, as amended through such date, satisfy the requirements imposed on qualified plans by Section 401(a) of the Internal Revenue Code. The Plan has been amended since such determination. The Plan Administrator has no reason to believe that the terms of the Plan are not in compliance with the requirements imposed on qualified plans by Section 401(a) of the Internal Revenue Code. Pursuant to Section 501(a) of the Internal Revenue Code, a plan that is described in Section 401(a) is exempt from federal tax.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator does not believe that there is any material tax liability associated with any open tax years.
