INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Mountz, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Mountz, Inc. Employee Stock Ownership Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets in liquidation available for benefits as of December 31, 2024, and the related statement of changes in net assets in liquidation available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits of the plan as of December 31, 2024, and the changes in its net assets in liquidation available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the 2024 Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, Mountz, Inc., the plan sponsor, adopted a resolution to terminate the plan and distribute all plan assets during 2023. As a result, in accordance with GAAP, the plan changed its basis of accounting used to value plan assets from the ongoing basis to the liquidation basis effective January 1, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the 2024 Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

ERISA-Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, which comprises the schedule of assets (held at end of year) as of December 31, 2024; is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on the 2023 Financial Statement

The plan's management is responsible for the preparation and fair presentation of the accompanying 2023 financial statements of the plan, which comprise the statement of net assets in liquidation available for benefits as of December 31, 2023 and the related notes, in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2023 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2023 financial statements.

Mountz, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. NATURE OF PLAN

Mountz, Inc. ("the company") established the Mountz, Inc. Employee Stock Ownership Plan ("the ESOP" or "the plan") as a defined contribution plan effective May 1, 1989. The plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. As of October 31, 2023, the plan owned 34% of the company's outstanding common stock and had no outstanding debt obligations.

On November 1, 2023, the ESOP sold all held shares of the company's common stock to IDSC Holdings, LLC, a wholly-owned subsidiary of Snap-on Incorporated. Proceeds from the sale were allocated to participants accounts based on the ratio of individual allocated account balances to total allocated balances as of the date of the sale and immediately invested in a money market investment vehicle. At this time, the plan document was amended to terminate and freeze the plan so that (i) no additional participants were eligible to participate in the plan, (ii) no further employer contributions could be made to the plan, (iii) the plan was no longer required to be invested in or make distributions in the form of the company's common stock, (iv) all participants of the plan became fully vested in their account balances, (v) 70% of vested participant account balances were to be distributed during 2024 and (vi) the remaining 30% of vested participant account balances were to be distributed following the company's receipt of approval of plan termination from the Internal Revenue Service ("IRS").

On March 12, 2025, the plan received a favorable determination letter from the IRS confirming the plan termination complies with the requirements of the Internal Revenue Code ("IRC"). As a result, it is anticipated that the remaining participant account balances will be distributed prior to December 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - As a result of the 2023 amendment to terminate the plan adopted in 2023, discussed at Note 1, in accordance with accounting principles generally accepted in the United States of America ("GAAP"), the plan changed its basis of accounting used to value plan assets from the ongoing basis to the liquidation basis effective January 1, 2023.

Key parties of the plan - The company is the employer, plan sponsor and plan administrator. ESOP Partners Inc. is the third party administrator that maintains participant records and tax counsel that performs various compliance tests. Summit Fiduciary Group is the plan trustee. Alerus Financial, N.A. ("Alerus") holds custody of the plan's money market investment. UBS Financial Services ("UBS") holds custody of the plan's interest-bearing cash.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2024 through September 28, 2025, which is the date the financial statements were available to be issued.

Investments - The plan's investments are nonparticipant directed and recorded at fair value. The net appreciation (depreciation) in fair value of investments held during the year is reflected in the statement of changes in net assets in liquidation available for benefits. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the investments and valuation methodologies used to measure fair value.

Money market fund and interest-bearing cash - Valued at the daily quoted market prices reported by the fund. The fund held by the plan is registered with the U.S. Securities and Exchange Commission, is required to publish its daily net asset value and is deemed to be actively traded. Interest-bearing cash is stated at cost plus accrued interest, which approximates fair value.

Investments at fair value as of December 31, 2024

Money market fund	\$ 4,627,413	\$ -	\$ -	\$ 4,627,413

3. PLAN DESCRIPTION

The following description of the plan provides only general information. Participants should refer to the plan agreement for more complete information.

Eligibility - The plan covered substantially all employees of the company. Prior to the plan amendment to terminate and freeze the plan adopted during 2023 (see Note 1), employees were eligible once they had reached age 18 and had been credited with 1,000 hours of service during a plan year. Once eligible, participants were credited with service for the entire plan year in which the requirements were met. Employees were eligible to receive an allocation of any employer contributions provided they were employed on the last day of the plan year and had worked 1,000 hours in the year in which the contribution related to.

Vesting - All participant account balances became 100% vested upon the amendment to terminate and freeze the plan (see Note 1).

Participant accounts - Investment accounts are maintained for each participant. Net appreciation (depreciation) of investments is allocated to the participant investment accounts based on the ratio of individual allocated account balances to total allocated balances.

Distributions - As described in Note 1, participants could elect to distribute 70% their account balances during 2024 in the form of a single lump sum. The remaining plan assets will be distributed to participants at their direction or automatically rolled over to Individual Retirement Accounts under the related participants' names during 2025 prior to December 31, 2025.

Administrative fees - The majority of the plan's administrative costs and other expenses are paid by the company and not included in these financial statements.

4. TAX STATUS

The plan is operating under an Employee Benefits Law Group non-standardized pre-approved profit sharing plan, which received a favorable opinion letter on June 30, 2020. The opinion letter received from the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to terminating the plan (see Note 1), the plan administrator had not obtained a separate IRS opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan was designed and always operated in compliance with the applicable requirements of the IRC, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2024 and 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Any transactions between the plan and the company qualify as party-in-interest transactions. Alerus manages the plan's money market fund and also holds custody of this plan investment and executes transactions in this investment. UBS manages the plan's interest-bearing cash and also holds custody of this plan investment and executes transactions in this investment. As such, transaction between the plan, Alerus and UBS qualify as party-in-interest transactions. In addition, the plan has a number of other service providers. Any transactions between these other providers, the company and the plan qualify as party-in-interest transactions.

All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
