Independent Auditor's Report

Trustees
Southern Rock Restaurants LLC Employee Benefit Plan

Opinion

We have audited the financial statements of Southern Rock Restaurants LLC Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of February 29, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period January 1, 2024 to February 29, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of February 29, 2024 and December 31, 2023, and the changes in its net assets available for benefits for the period January 1, 2024 to February 29, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Southern Rock Restaurants, LLC Employee Benefit Plan

Notes to Financial Statements

For the Period January 1, 2024 to February 29, 2024 and the Year Ended December 31, 2023

Note 1. Description of Plan

The following description of the Southern Rock Restaurants, LLC Employee Benefit Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

The Plan began on January 1, 2020 to provide health benefits covering all full-time employees of Southern Rock Restaurants, LLC (the Company), after completion of 30 days of employment, and former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provisions. Medical benefits are also provided to dependents of these individuals who elect coverage on their behalf. Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, Plan assets are no longer held in a VEBA trust. Due to this, the run-out claims were the only activity reported in 2023 and the account was fully liquidated in the beginning of 2024. As of February 29, 2024 and December 31, 2023 there were no benefit obligations for claims that had been incurred but not paid.

Contributions

Prior to January 1, 2023 the Company made contributions to the Plan as necessary for timely payment of all claims and administrative expenses of the Plan. The Company provided for stop loss insurance over a specified amount as per agreement with the reinsurance carrier. Employee contributions were determined on a fixed fee basis. The amount varied depending on the selection of individual or eligible dependent coverage.

Benefits

Prior to January 1, 2023, the Plan provided medical, dental, vision, disability, life insurance, and supplemental benefits to all eligible employees of the Company who met the age and service requirements of the Plan and to their covered dependents. The Plan also provided continuation of certain benefits upon termination of employment through COBRA, as defined in the plan document.

All benefits are self-insured. The Company provided health insurance benefits and pays the administrative fees incurred. The employees paid a portion of their medical coverage based upon the coverage chosen, and also could elect disability, dental, and vision insurance through payroll deferrals. Current health claims are processed by the Plan's third-party claims processor under administrative services only arrangements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

Due to the decision of Plan assets no longer being held in a VEBA trust, management determined that liquidation of the Plan is imminent and the financial statements for 2024 and 2023 have been prepared using the liquidation basis of accounting.

Notes to Financial Statements

For the Period January 1, 2024 to February 29, 2024 and the Year Ended December 31, 2023

Note 2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Premiums paid by the trust are recorded as insurance premium payments in the accompanying statement of changes in net assets available for benefits when paid. Claim payments are recorded when paid by the third-party claims processor.

Note 3. Cash and Investments

Cash consists of funds deposited in a local depository noninterest-bearing checking account. Balances in this account are currently insured by the Federal Deposit Insurance Corporation up to \$250,000. The account balance did not exceed this insured limit at any time during the periods ended February 29, 2024 and December 31, 2023. The Plan's assets did not include any assets held for investment or carried at fair value at any time during the periods ended February 29, 2024 and December 31, 2023.

Note 4. Plan Termination

As of January 1, 2023, the Company has discontinued contributions to the Plan and the payment of benefits through the plan. For the 2023 plan year, the only payments made by the Plan were for claims incurred prior to January 1, 2023. During 2024, the remaining assets were refunded to the Company for the provision of benefits for or on the behalf of participants for claims incurred after December 31, 2022.

Note 5. Tax Status

The Trust was intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) and, accordingly, the Trust and Plan's net income are exempt from federal and state income taxes. The Trustees believe that the Trust and the Plan, as amended, continued to qualify and to operate in accordance with applicable provisions of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of February 29, 2024, no uncertain positions have been taken or are expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

The Plan pays certain administrative fees to the third party administrators and insurance broker based on the number of enrolled participants. These transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements

For the Period January 1, 2024 to February 29, 2024 and the Year Ended December 31, 2023

Note 7. **Risks and Uncertainties**

The Plan's estimated benefit obligations are reported based on certain assumptions, including level of past claims, which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8. **Subsequent Events**

Management has evaluated subsequent events through September 12, 2025, the date on which the financial statements were available for issuance.
