Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of BBX Capital, Inc. 401(k) Plan (f/k/a BBX Capital Corporation 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the 2024 financial statements (2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year within the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 2, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Plan Description

General

The following description of BBX Capital, Inc. 401(k) Plan (f/k/a BBX Capital Corporation 401(k) Plan) (the “Plan”) provides only general information. Readers should refer to the Plan document for a more complete description of the Plan’s provisions.

Nature of Operations

The Plan was established on May 1, 1987 and was subsequently amended. The Plan is classified as a defined-contribution plan and covers all eligible employees, as defined, of BBX Capital, Inc. and certain subsidiaries and related entities (collectively, the “Company”), who have completed three months of service, as defined by the Plan, and are age 18 or older. BBX Capital, Inc. was a wholly-owned subsidiary of Bluegreen Vacations Holding Corporation (f/k/a BBX Capital Corporation) (“Bluegreen”). On September 30, 2021, the Company was spun-off by Bluegreen and the Plan’s sponsor was changed from Bluegreen to BBX Capital, Inc. Effective January 1, 2022, the Plan changed its name to BBX Capital, Inc. 401(k) Plan.

Charles Schwab Trust Bank (the “Plan Custodian”) is the Plan’s custodian and Schwab Retirement Plan Services, Inc. is the record keeper.

BBX Capital, Inc. is the Plan administrator, although it has delegated administrative duties to the 401(k) Plan Committee.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows participants to contribute amounts of not less than 1% and no more than 75% of compensation, not to exceed \$23,000 for the year ended December 31, 2024, or \$30,500, if the participant turns 50 by the end of the Plan year. Contribution percentages may be changed effective with the next payroll after the participant’s change can be processed. The Plan provides for automatic enrollment of newly eligible employees at set rates for those employees who do not specifically decline participation in the Plan.

Compensation represents what is actually paid to a participant, including overtime pay, bonuses, and certain other forms of extraordinary compensation, and includes any pre-tax contributions made by the employee to any plan involving an IRS-qualified salary reduction sponsored by the Company. Auto allowances are excluded from compensation. Compensation for purposes of the Plan is limited to the amount specified under Section 401(a)(17) of the Internal Revenue Code (the “Code”), which was \$345,000 for 2024.

Participants are permitted to transfer funds into the Plan from another qualified plan or trust. These transfers represent direct rollovers under the applicable provisions of the Code.

The Company may make discretionary matching contributions or profit-sharing contributions to the Plan. In January 2014, the Company reinstated a safe-harbor matching contribution of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

BBX Capital, Inc. 401(k) Plan (f/k/a BBX Capital Corporation 401(k) Plan)
Notes to Financial Statements
December 31, 2024 and 2023

Participant Accounts

Under the plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of the Plan's earnings and the Plan's administrative expenses. Allocations of Plan earnings are based on participant account balances, which are individually directed among the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, rollover contributions, and allocated safe-harbor contributions, plus any earnings thereon.

The vesting schedule, with respect to other discretionary employer-matching and profit-sharing contributions, is as follows:

1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

If a participant dies while employed, the beneficiary is entitled to 100% of the participant's account balance, to be paid in a lump sum. If the participant becomes disabled while employed, the participant is also entitled to 100% of their account balance, which is payable in a lump sum upon the participant's request (see "Payment of Benefits").

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce the Company's future contributions to the extent that they are not used to restore participants' accounts under certain circumstances or to pay the Plan's reasonable and appropriate administrative expenses. The unallocated account, which consists of the unused balance of terminated participants' non-vested, non-safe harbor employer contributions, and other unallocated funds, approximated \$0 and \$33,000 at December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, approximately \$35,000 and \$11,000 of unallocated forfeitures were used by the Plan to pay Plan expenses and to fund contributions, respectively.

Notes Receivable from Participants

A participant may borrow from the Plan a minimum amount of \$500 up to a maximum amount of the lesser of: a) \$50,000, reduced by the excess of the participant's highest outstanding balance of loans from the Plan during the one-year period before the date of the loan, or b) 50% of the participant's vested account balance. Terms for loans used to purchase a participant's principal residence may not exceed 10 years. Terms for all other loans may not exceed five years. Participants may only have one loan outstanding at a time. Loans to participants are recorded at their unpaid principal balance, plus accrued but unpaid interest.

Payment of Benefits

Participants' vested balances from all accounts are eligible for distribution upon death, disability, or normal retirement. Distribution of benefits will be made in a lump sum or in installments over a period that the participant selects, which generally may not be longer than the participant's and beneficiary's life expectancies. Upon termination of service, if the participant's vested account balance is less than \$5,000 and if the participant does not elect to have the vested amount distributed from the Plan, the Plan administrator will roll over the vested balance to an IRA chosen by the Plan administrator. All other terminated participants may delay receiving benefits until attainment of age 72. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of December 31, 2024 and 2023.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid directly by the Company, and are not included in these financial statements. The administrative expenses included in these financial statements primarily relate to recordkeeping and participant advisory fees. In addition, certain investment-related expenses are netted against the appreciation/depreciation of the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition through October 13, 2025, the date the financial statements were available to be issued.

Note 3. Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Disclosures about Fair Value Measurement of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Money Market Funds

Money market funds are publicly traded investments and are valued daily at the closing price reported on the active market which the funds are traded.

Exchange Traded Funds

Exchange traded funds are publicly traded investments and are valued based on quoted market prices reported on the active market which the funds are traded.

There have been no changes in the methodologies used at December 31, 2024 and 2023, respectively.

Note 5. Income Tax Status

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code and is subject to the provisions of ERISA. In 2022, the Plan adopted the Schwab Retirement Plan Services, Inc. Pre-Approved Defined Contribution Plan Basic Plan Document #13. The adopted plan document has received a favorable opinion letter dated September 21, 2020, from the Internal Revenue Service. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's accompanying financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets are payable to each participant in a lump sum equal to the balance in the participant's account. Also, in the event of Plan termination, the participant's account balance becomes 100% vested.

Note 7. Risk and Uncertainties

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to recent market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
