## INDEPENDENT AUDITOR'S REPORT

Trustee  
Kovatch Castings, Inc. Employee Stock Ownership Plan  
Uniontown, Ohio

### ***Opinion***

We have audited the financial statements of Kovatch Castings, Inc. Employee Stock Ownership Plan (“Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of Kovatch Castings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets (deficit) available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kovatch Castings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override

of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **1 Description of Plan**

The following description of the Kovatch Castings, Inc. Employee Stock Ownership Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

##### ***General:***

Kovatch Castings, Inc. (“Company”) established the Plan effective as of January 1, 2019 and operates, in relevant part, as a leveraged employee stock ownership plan (“ESOP”). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by an outside trustee.

On December 18, 2019, the Plan purchased 100,000 shares of the Company’s common stock from the previous shareholder with loans totaling \$24,029,459. These loans were amended effective August 27, 2020. The amendment combined the two existing loans into one new loan and increased the value to \$25,020,825.

The trust owns 100% of the Company. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with the applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024 and 2023, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated common stock (“Allocated”), and
- b. common stock not yet allocated to employees (“Unallocated”).

##### ***Eligibility:***

All employees of the Company age eighteen and older and who are employed for twelve months, and complete 1,000 hours of service are eligible to participate in the Plan except members of a collective bargaining agreement, non-resident aliens, leased employees and independent contractors.

##### ***Contributions:***

The Company may make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **1 Description of Plan, Continued**

##### ***Participants' Account:***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, investment gains or losses, less any distributions from the participant's account. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

##### ***Vesting:***

All participants are vested over a six-year period with participants vesting 20% each year from years two through six.

##### ***Forfeitures:***

Forfeitures may be used to pay Plan expenses or be allocated as Company contributions for the Plan year in which the forfeitures occur, or as soon as practicable in the subsequent plan year.

##### ***Payment of Benefits:***

Upon termination of service by reason of retirement, death or total and permanent disability, a participant may receive a lump sum or installment equal to the value of his or her account. If the participant's balance is under \$5,000, they may receive a lump sum. If a participant's balance is over \$5,000, it is paid out at the earlier of the end of the fifth plan year following the plan year in which the participant terminates employment or the end of the plan year in which the participant attains normal retirement age, becomes disabled or by reason of death. The balance greater than \$5,000 can be paid in a series of up to five installments in an amount equal to the greater of \$5,000 or 20% of the participant's vested account balance, unless the balance exceeds \$1,130,000. If the balance exceeds \$1,130,000, the five-year installment period will be extended by one year for each \$225,000 by which the account balance exceeds \$1,130,000, but not greater than five years.

##### ***Diversification:***

Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of their shares, less any shares previously diversified. In the sixth year, the participant may elect 50% rather than 25% in determining the amount subject to diversification.

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **1 Description of Plan, Continued**

##### ***Voting Rights:***

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Plan Administrator will direct the Trustee as to the matter of voting as it relates to any unallocated Company stock.

##### ***Put Option:***

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, will be subject to a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put option must be exercised within 60 days following distribution; if the holder of the option does not exercise the option, an additional 60-day period will be granted in the plan year following in which the distribution was made, after the new valuation of Company stock has been determined. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase in five substantially equal annual installment payments.

#### **2 Summary of Significant Accounting Policies**

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

##### ***Investment Valuation and Income Recognition:***

The shares of the Company stock are reported at fair market value as of the balance sheet date. Fair market value represents estimated fair values as determined by an independent valuation specialist.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

##### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

##### ***Administrative Fees:***

Substantially all administrative fees are paid by the Company.

**2 Summary of Significant Accounting Policies, Continued**

***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

***Risks and Uncertainties:***

The Plan's investment in the Company common stock has varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with the Company common stock, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets (Deficit) Available for Plan Benefits.

***Benefit Payments:***

Benefits are recorded when paid.

***Subsequent Events:***

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 7, 2025, which is the date the financial statements were available to be issued.

**3 Investments**

The Plan's investments, at December 31, are presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	40,433.35	59,566.65	37,382.93	62,617.07

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **4 Tax Status**

Management has applied for a determination letter with the Internal Revenue Service. The Plan Administration believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

#### **5 Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets.
- \* Quoted prices for identical or similar assets or liabilities in inactive markets.
- \* Inputs other than quoted prices that are observable for the asset or liability.
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value.

NOTES TO FINANCIAL STATEMENTS

Kovatch Castings, Inc. Employee Stock Ownership Plan

**5 Fair Value Measurements, Continued**

*Common Stock:*

The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical internal and reviewed financial statements, forecasted income statements and capital expenditures with consideration of tax-deductible depreciation expense, and market comparables.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan fiduciary. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. These instruments are classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

Common Stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,909,000</u>	<u>\$ 8,909,000</u>

There were no purchases or sales of Level 3 assets in 2024 and 2023.

**6 Party-in-Interest and Related Party Transactions**

Certain professional fees for the administration, Trustee, appraisal services and audit of the Plan were paid by the Company. In addition, Kovatch Castings, Inc. stock is held by the Plan and considered a related party to the Plan.

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **7 Loan Payable**

In 2020, the Plan entered into a promissory note with the Company for \$25,020,825. This agreement provides for annual payments of \$892,338, including interest (at a rate of 2.09%), beginning on December 18, 2020, through December 2058 with a balloon payment of \$636,563 due on December 18, 2059. As of December 31, 2024, the loan is expected to be paid off early in December 2044 due to additional payments.

For 2023, the Plan made contributions outside of the loan amortization schedule in February 2024 in the amount of \$1,237,329. There were no contributions made to plan to accelerate the debt payments during the 2024 plan year.

Kovatch Castings, Inc. Employee Stock Ownership Plan  
Uniontown, Ohio

### ***Opinion***

We have audited the financial statements of Kovatch Castings, Inc. Employee Stock Ownership Plan (“Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of Kovatch Castings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets (deficit) available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kovatch Castings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override

of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **1 Description of Plan**

The following description of the Kovatch Castings, Inc. Employee Stock Ownership Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

***General:***

Kovatch Castings, Inc. (“Company”) established the Plan effective as of January 1, 2019 and operates, in relevant part, as a leveraged employee stock ownership plan (“ESOP”). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by an outside trustee.

On December 18, 2019, the Plan purchased 100,000 shares of the Company’s common stock from the previous shareholder with loans totaling \$24,029,459. These loans were amended effective August 27, 2020. The amendment combined the two existing loans into one new loan and increased the value to \$25,020,825.

The trust owns 100% of the Company. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with the applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024 and 2023, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated common stock (“Allocated”), and
- b. common stock not yet allocated to employees (“Unallocated”).

***Eligibility:***

All employees of the Company age eighteen and older and who are employed for twelve months, and complete 1,000 hours of service are eligible to participate in the Plan except members of a collective bargaining agreement, non-resident aliens, leased employees and independent contractors.

***Contributions:***

The Company may make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

## NOTES TO FINANCIAL STATEMENTS

### Kovatch Castings, Inc. Employee Stock Ownership Plan

#### **1 Description of Plan, Continued**

##### ***Participants' Account:***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, investment gains or losses, less any distributions from the participant's account. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

##### ***Vesting:***

All participants are vested over a six-year period with participants vesting 20% each year from years two through six.

##### ***Forfeitures:***

Forfeitures may be used to pay Plan expenses or be allocated as Company contributions for the Plan year in which the forfeitures occur, or as soon as practicable in the subsequent plan year.

##### ***Payment of Benefits:***

Upon termination of service by reason of retirement, death or total and permanent disability, a participant may receive a lump sum or installment equal to the value of his or her account. If the participant's balance is under \$5,000, they may receive a lump sum. If a participant's balance is over \$5,000, it is paid out at the earlier of the end of the fifth plan year following the plan year in which the participant terminates employment or the end of the plan year in which the participant attains normal retirement age, becomes disabled or by reason of death. The balance greater than \$5,000 can be paid in a series of up to five installments in an amount equal to the greater of \$5,000 or 20% of the participant's vested account balance, unless the balance exceeds \$1,130,000. If the balance exceeds \$1,130,000, the five-year installment period will be extended by one year for each \$225,000 by which the account balance exceeds \$1,130,000, but not greater than five years.

##### ***Diversification:***

Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of their shares, less any shares previously diversified. In the sixth year, the participant may elect 50% rather than 25% in determining the amount subject to diversification.

##### ***Voting Rights:***

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Plan Administrator will direct the Trustee as to the matter of voting as it relates to any unallocated Company stock.

##### ***Put Option:***

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, will be subject to a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put option must be exercised within 60 days following distribution; if the holder of the option does not exercise the option, an additional 60-day period will be granted in the plan year following in which the distribution was made, after the new valuation of Company stock has been determined. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase in five substantially equal annual installment payments.

#### **2 Summary of Significant Accounting Policies**

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

##### ***Investment Valuation and Income Recognition:***

The shares of the Company stock are reported at fair market value as of the balance sheet date. Fair market value represents estimated fair values as determined by an independent valuation specialist.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

##### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

##### ***Administrative Fees:***

Substantially all administrative fees are paid by the Company.

***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

***Risks and Uncertainties:***

The Plan's investment in the Company common stock has varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with the Company common stock, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets (Deficit) Available for Plan Benefits.

***Benefit Payments:***

Benefits are recorded when paid.

***Subsequent Events:***

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 7, 2025, which is the date the financial statements were available to be issued.

#### 4 Tax Status

Management has applied for a determination letter with the Internal Revenue Service. The Plan Administration believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

#### 5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets.
- \* Quoted prices for identical or similar assets or liabilities in inactive markets.
- \* Inputs other than quoted prices that are observable for the asset or liability.
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value.

**5 Fair Value Measurements, Continued**

*Common Stock:*

The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical internal and reviewed financial statements, forecasted income statements and capital expenditures with consideration of tax-deductible depreciation expense, and market comparables.

The valuation process involves the Trustee’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan fiduciary. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. These instruments are classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Common Stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,964,000</u>	<u>\$ 11,964,000</u>

  

	<b>Assets at Fair Value as of December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Common Stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,909,000</u>	<u>\$ 8,909,000</u>

There were no purchases or sales of Level 3 assets in 2024 and 2023.

**6 Party-in-Interest and Related Party Transactions**

Certain professional fees for the administration, Trustee, appraisal services and audit of the Plan were paid by the Company. In addition, Kovatch Castings, Inc. stock is held by the Plan and considered a related party to the Plan.
