INDEPENDENT AUDITORS' REPORT

To the Trustees of
Peruzzi Automotive Group Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statement

We have performed an audit of the accompanying financial statements of Peruzzi Automotive Group Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Peruzzi Automotive Group Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

1. The amounts and disclosures in the accompanying 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
2. The information in the accompanying 2024 financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Peruzzi Automotive Group Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peruzzi Automotive Group Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2024 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Peruzzi Automotive Group Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Peruzzi Automotive Group Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held For Investment Purposes At End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERUZZI AUTOMOTIVE GROUP SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of Peruzzi Automotive Group Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan which was started on January 1, 1984 and restated September 24, 2021, is a defined contribution plan covering all company full-time, long-term, part-time, non-union employees who have completed at least one year of service and are age twenty-one years or older. The companies included are Peruzzi Buick GMC, Inc, Peruzzi Nissan, Peruzzi of Langhorne, Peruzzi Zamda, Pennsylvania Auto Credit, and Peruzzi Imports (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants can contribute a percentage of pre-tax or after-tax (Roth) annual compensation within certain limits as provided for in the plan document. A participant's overall contributions are limited to a certain dollar amount set by law. Participants may also contribute amounts representing distributions ("rollovers") from other defined contribution or benefit plans. Employer matching contributions were suspended in February, 2009. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and plan earnings as well as annually with an allocation of company's contributions. Allocations are based on the participant account balances in the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested for their contributions and plan earnings attributed to their contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN (Continued)

D. Vesting (continued)

Company matching contributions, when made, are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u> <u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also will become 100 percent vested upon attainment of age 65 or the participant's death or disability.

E. Investment Options

Currently, participants have investment options, all participant-directed, in approximately twenty mutual funds managed by various investment managers. These funds are invested in domestic and foreign bond and equity securities, as well as various other portfolio products.

F. Payment of Benefits

Participants are eligible for distributions after employment termination, death or disability, as defined. At retirement, a participant may elect to receive a distribution in one lump-sum equal to the value of his or her account, in installments over a period not exceeding the anticipated life expectancy of the participant and/or his or her spouse, or an annuity for the life of the participant's with a survivorship payments option. At retirement the plan reserves the right to pay a lump-sum if a participants account is less than or equal to \$7,000.

G. Forfeited Accounts

Amounts from forfeited nonvested accounts can be used to offset administrative expenses or reduce company contributions. There were \$4,905 in unused forfeitures for the year ended December 31, 2024.

See independent auditors' report.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, except for benefits paid which are reflected on a cash basis.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments

Quoted market prices are used to value investments falling within Level 1 of the hierarchy for measuring fair value, as required under FASB ASC 820, Fair Value Measurements (See note 4). Net investment gains include the Plan's realized gains and losses on investments bought and sold, as well as unrealized gains/losses held during the year. Realized gains and losses are determined using the average cost method. Dividends are recognized on the ex-dividend date. Purchases and sales are recorded at the trade date.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is eradicated and a benefit payment is recorded.

E. Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risk, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

F. Subsequent Events

Management has evaluated subsequent events for potential adjustments and disclosures, according to FASB ASC 855-10, after December 31, 2024 and through October 9, 2025 on which date the financial statements were available for issuance.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's investments are currently held with Fidelity Management Trust Company. This trustee has certified, as complete and accurate the values of these holdings, along with those of the notes receivable from participants, as reflected in the statements of assets available for benefits and supplemental schedule, as well as the amounts of the items of investment income, as reflected in the statement of changes of net assets available for benefits, as follows:

	<u>2024</u>	<u>2023</u>
Investments, at fair value		
Mutual Funds	\$ <u>13,146,264</u>	\$ <u>11,584,623</u>
Common/Collective Trusts	\$ <u>80,694</u>	\$ <u>122,858</u>
Notes Receivable from participants	\$ <u>296,659</u>	\$ <u>175,879</u>
Net appreciation in fair value of investments	\$ <u>811,714</u>	<u>-</u>
Dividend income	\$ <u>580,438</u>	<u>-</u>
Interest income - notes receivable from participants	\$ <u>19,842</u>	<u>-</u>

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

See independent auditors' report.

PERUZZI AUTOMOTIVE GROUP SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

4. FAIR VALUE MEASUREMENTS (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

*Quoted prices for similar assets or liabilities in active markets;

*Quoted prices for identical asset or liabilities in inactive markets;

*Inputs other than quoted prices that are observable for the asset or liability; and

*Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditors' report.

PERUZZI AUTOMOTIVE GROUP SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies, using a market approach for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: The Plan's interest in the investment is based on the fair value of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on the underlying fixed income investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditors' report.

Common/ collective trusts	\$122,858	N/A	Daily	1-6 days

5. PARTICIPANT LOANS

Loans to participants are permitted transactions from trust fund assets. Loans must be approved by the trustee and the plan administrator upon written application of the participant. The security for loans must be adequate in the opinion of the trustee. Interest is charged at a rate of prime plus 1% which ranges from 4.25% to 9.50% on outstanding loans. A loan is limited to the lesser of \$50,000 or 50% of the participant's vested balance.

6. RELATED PARTY TRANSACTIONS

Plan investments are entrusted to Fidelity Management Trust Services. Fidelity Workplace Services is engaged in the record keeping of the investments for the Plan and Fidelity Investments Institution holds and manages certain investments. Therefore, these transactions qualify as related party transactions. The total fees paid to related service providers, except for those charged against investment earnings, amounted to \$39,258 in 2024.

7. PLAN TERMINATION

The Company expects to continue the plan indefinitely, but reserves the right to terminate or amend it. In the event of plan termination, participants are entitled to receive the entire amount of their account balances.

See independent auditors' report.

8. ADMINISTRATIVE EXPENSES

The Plan, rather than the sponsor, generally absorbs its administrative costs, including those incurred to the aforementioned related service providers.

9. EXCESS CONTRIBUTIONS REFUNDABLE

Amounts payable to participants totaling \$0 and \$20,040 in 2024 and 2023, respectively, representing excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan are recorded as liabilities. The Plan distributed the 2023 excess deferral contributions prior to March 15 of the respective subsequent years.

10. TAX STATUS

The Company adopted a Prototype Non-standardized 401(k) Plan, which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust were designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by authorities; however, there are currently no audits in progress for any tax periods.

11. DEFERRED BENEFITS PAYABLE

At December 31, 2024 and 2023 there were \$1,303,244 and \$984,480 respectively, in accounts for deferred benefits of individuals who had withdrawn from participation in the plan. These amounts are included in the net assets available for benefits.

See independent auditors' report.
