## INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrator  
Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan  
Killdeer, North Dakota

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters – Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(K) PROFIT SHARING PLAN**  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 1 PLAN DESCRIPTION**

The following description of the Killdeer Mountain Mfg., Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees of Killdeer Mountain Mfg., Inc. (the Company) who have one year of service consisting of one thousand hours worked. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by individuals appointed by the Company. Bravera Wealth acts as a Third Party Administrator and serves as the discretionary trustee of the Plan, maintains the records of participant data, and holds the Plan assets.

**Eligibility**

Employees of the Company are eligible to make contributions to the Plan and receive the employer match after the completion of one year of service (defined as 1,000 hours). Employees can enroll in the Plan the first day of each calendar month.

To be eligible for the discretionary profit sharing contribution, an employee must have completed one year of service (defined as 1,000 service hours). Once eligible, an employee must be employed on the last day of the Plan year and must have worked at least 1,000 hours during the Plan year in order to receive the discretionary profit sharing contribution. There are exceptions for death, disability or attainment of normal retirement age.

**Contributions**

Each year, participants may contribute up to the maximum percentage of compensation and dollar limits, as defined in the Plan and as allowed under federal regulations. The Plan has an auto enrollment feature and enrolls newly eligible participants at a 2% of salary deferral rate, unless they affirmatively elect not to participate in the Plan or choose a different deferral percentage. The Company matches participant contributions 50% up to 2% of eligible employee compensation. Additional profit sharing amounts may be contributed by the Company at the option of the Company's board of directors. There were no profit sharing contributions for the years ended December 31, 2024 and 2023.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

**401(K) PROFIT SHARING PLAN**  
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED  
DECEMBER 31, 2024 AND 2023

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

**Participants' Investment Options**

Participants must direct their salary deferral contributions and Company matching and discretionary profit sharing contributions, if any, to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting Bravera Wealth.

**Payment of Benefits**

Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. Upon termination, automatic distributions are required for balances of less than \$7,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required minimum distribution age.

The Plan allows hardship withdrawals from participants' elective deferral accounts, subject to account balance limits and applicable laws. In-service distributions are allowed upon the attainment of the normal retirement age, which is defined as 59 1/2 for this Plan.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants also become fully vested upon death, disability, or termination of the Plan.

**Forfeitures**

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,569 and \$8,334, respectively. These accounts can be used in any permissible method, such as to reduce future employer contributions or to pay Plan expenses. Nonvested forfeiture amounts are used at the time of distribution or after the five-year break in service of the terminated participant, whichever is earlier. Forfeitures of \$8,553 and \$4,361 were used to reduce the employer match for the years ended December 31, 2024 and 2023, respectively.

DECEMBER 31, 2024 AND 2023

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is the average rate available for similar loans from commercial lending transactions during the year. Principal and interest is paid ratably through payroll deductions. The loan, at the discretion of the borrower, may be for any period not to exceed five years, unless the purpose of the loan is the purchase of the participant's principal residence, in which case the period may be up to 15 years.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Basis of Presentation**

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

**Contributions**

Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**KILLDEER MOUNTAIN MFG., INC.**  
**401(K) PROFIT SHARING PLAN**  
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED  
DECEMBER 31, 2024 AND 2023

**Payment of Benefits**

Benefit distributions are recorded when paid.

**Administrative Expenses**

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed a separate fee for the administration of loans. Trustee and certain other administrative expenses are paid from Plan assets. Other administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

**Income Taxes**

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a terminating event occurs and a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**NOTE 3 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

**NOTE 4 FAIR VALUE MEASUREMENT**

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:  
Quoted prices for similar assets or liabilities in active markets;  
Quoted prices for identical or similar assets or liabilities in inactive markets;  
Inputs other than quoted prices that are observable for the asset or liability;  
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

**KILLDEER MOUNTAIN MFG., INC.**  
**401(K) PROFIT SHARING PLAN**  
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED  
DECEMBER 31, 2024 AND 2023

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 10,922,254</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 10,922,254
Investments Measured at Net Asset Value (a)				<u>267,754</u>
Investments at Fair Value				<u>\$ 11,190,008</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 9,822,284</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,822,284
Investments Measured at Net Asset Value (a)				<u>242,287</u>
Investments at Fair Value				<u>\$ 10,064,571</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Investments Measured Using the Net Asset Value per Share Practical Expedient**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED  
DECEMBER 31, 2024 AND 2023

**NOTE 5 INCOME TAX STATUS**

The Plan adopted a non-standardized pre-approved plan sponsored by Bravera Wealth. The pre-approved plan has received an advisory letter dated June 30, 2020 from the Internal Revenue Service as to the Plan's qualified status. The pre-approved plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

**NOTE 6 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST**

Bravera Wealth is the Trustee of the Plan and, therefore, is a party-in-interest. Bravera Wealth provides certain administrative services to the Plan pursuant to the service agreement between the Company and Bravera Wealth.

For the years ended December 31, 2024 and 2023, the Plan paid fees to Bravera Wealth in the amount of \$87,914 and \$82,939, respectively.

**NOTE 7 AMENDMENT AND TERMINATION**

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

**NOTE 8 RISKS AND UNCERTAINTIES**

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 9 SUBSEQUENT EVENTS**

The Plan was amended on January 1, 2025 to change the employer match from a set formula to a discretionary amount. They also changed the funding for the employer match from end of the year to each pay period.

Subsequent events have been evaluated through October 2, 2025, which is the date these financial statements were available to be issued.
