(1) Name: **KREISCHER MILLER**

(2) EIN: **23-1980475**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X

Independent Auditors' Report

The Plan Administrator
Robert D. Gilmore & Associates, Inc. Employee Stock Ownership Plan
New Britain, Pennsylvania

Opinion

We have audited the financial statements of Robert D. Gilmore & Associates, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Robert D. Gilmore & Associates, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of Robert D. Gilmore & Associates, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Robert D. Gilmore & Associates, Inc. (Gilmore or the Company) established the Robert D. Gilmore & Associates Inc. Employee Stock Ownership Trust (the Trust) on December 17, 2004, in order to acquire stock of the Company and to provide a retirement program for its eligible employees. The Plan is intended to meet the requirements of Sections 401(a) and 501(a) of the Internal Revenue Code (IRC) and to be an employee stock ownership plan that is designed to invest primarily in securities of the Company, under Section 4975(e)(7) of the IRC and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by Principal Financial Group. SCJ Fiduciary Serves as a plan trustee.

Eligibility

All employees, other than employees governed by collective bargaining agreements, leased employees, non-resident aliens, and interns of the Company, become eligible to participate in the Plan after completing 1,000 hours of service in a plan year and attaining at least 21 years of age. Entry into the Plan occurs the first day of January each plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such year.

Employer Contributions

The Company is obligated to either make contributions in cash or shares of Company stock to the Plan which, when aggregated with the Plan's dividends and earnings, equal the amount necessary to enable the Plan to make regularly scheduled payments of principal and interest due on its term loan or the Company shall agree to extend the term of the acquisition loan so as to prevent default by the Trust. Employee contributions are not permitted.

Payment of Benefits

If a participant terminates employment on or after their normal retirement age, the vested value of their account may begin to be paid no later than one year after the close of the plan year in which termination occurs. The participant may elect to defer payment until the year in which they become 72 years of age.

Notes to Financial Statements

(1) Description of Plan, Continued

Payment of Benefits, Continued

If a participant terminates employment before their normal retirement age and the vested account balance is less than \$5,000, the participant may elect to receive their distribution by the close of the next plan year. If the vested balance is over \$5,000, they may elect to receive their balance by the end of the sixth plan year following the plan year of termination. If no election is made by the age of 65 or death, payments will be made at that time.

If a participant should die while employed, the beneficiary will be paid the vested value of the account. If the account has not yet begun to be paid out, payments will begin by the end of the plan year following the year in which death occurs and the benefit will be fully paid following the fifth anniversary of the date of death. If a participant dies after payments have already begun, the payments will continue to their beneficiary on the same payment schedule.

If a participant should become permanently disabled while employed by the Company, the participant will be paid the vested value of the account and the payments will begin by the end of the plan year following the year in which the participant was determined to be disabled.

Administrative Expenses

The Plan trustees control and manage the operation of the Plan. As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the administrative expenses of the Plan.

Voting Rights

All voting rights of Company common stock are exercised by the trustees. Under certain circumstances such as approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of a trade or business, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and not held in the unallocated suspense account. Each participant shall have one vote for each share of Company stock in his or her account and the trustees shall vote such allocated shares of Company stock as instructed by participants. Allocated shares for which no direction is received shall be voted by the trustees in their discretion. The trustees are required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

(1) Description of Plan, Continued

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of cash contributed into the Plan, shares of the Company's common stock released by the trustees from the unallocated account, and forfeitures of terminated participants' nonvested accounts. Each participant account is debited as of the last day of each plan year with an allocation of cash payments made by the trustees for acquisition of Company stock. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balance in his or her account based on total years of service with the Company. The participants' vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested upon attainment of normal retirement date while employed by the Company, or upon the participant's death or disability.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company may pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

(1) Description of Plan, Continued

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. The trustees may offer alternative investments under the Plan or in another qualified plan maintained by the Company, in lieu of making a cash distribution.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. For the year ended December 31, 2024, there was \$1,880 cash forfeited by participants and reallocated to participants. The number of shares of common stock forfeited by participants, and reallocated to participants, for the plan year ended December 31, 2024 was 399.9713. There were no unallocated cash forfeitures or shares of common stock as of December 31, 2024 and 2023.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates primarily consist of the appraised fair value of Robert D. Gilmore & Associates, Inc.'s common stock. The shares are valued on the basis of the ESOP's independent appraiser's annual valuation as of December 31 of each plan year.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed-to-be-released. Shares are released from collateral and become allocated generally in the period in which debt service is paid.

Investment Valuation and Income Recognition

The common stock of the Company is stated at fair value. Fair value is determined annually by an independent appraisal. See Note 4 for a discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

(3) Investments

The following table represents the Plan's investment in Robert D. Gilmore & Associates, Inc. common stock as December 31:

	2024		2023

(3) Investments, Continued

As of December 31, 2024 and 2023, the Plan recorded a contribution receivable of \$750,000 to be used to make payments on the note payable in 2024 and 2023. For recordkeeping purposes, as of December 31, 2024 and 2023, 1,414 and 1,382 of committed-to-be-released shares, respectively, were allocated to participant accounts. The Plan's financial statements include committed-to-be-released shares as unallocated until the reporting period in which the shares are actually released as collateral, which is generally when the debt service is paid. As a result, these committed-to-be-released shares provide for a reconciliation between participant statements and these financial statements.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest bearing cash: Interest bearing cash deposits are stated at cost plus accrued interest, less outstanding checks, which approximates fair value.

Robert D. Gilmore & Associates, Inc. common stock: The Company's common stock is not actively traded, and significant other observable inputs are not available. The fair value of the common stock is determined by an annual independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraisal took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

The valuation process involves the selection of an appraiser approved by the Board of Directors. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. Plan management and the Board of Directors review and approve the appraisal report before it is finalized. Plan management has concluded that a market participant would recognize a discount for lack of marketability. As of December 31, 2024 and 2023, the stock was valued at \$738.21 per share and \$691.71 per share, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Robert D. Gilmore & Associates, Inc. common stock (55,501 shares)	\$ -	\$ -	\$ 40,971,890	\$ 40,971,890
Interest bearing cash	512,255	-	-	512,255
	<u>\$ 512,255</u>	<u>\$ -</u>	<u>\$ 40,971,890</u>	<u>\$ 41,484,145</u>

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Robert D. Gilmore & Associates, Inc. common stock (55,501 shares)	\$ -	\$ -	\$ 38,391,063	\$ 38,391,063
Interest bearing cash	83,994	-	-	83,994
	<u>\$ 83,994</u>	<u>\$ -</u>	<u>\$ 38,391,063</u>	<u>\$ 38,475,057</u>

There were no significant transfers among investment levels during the years ended December 31, 2024 and 2023.

Changes in Fair Value of Level 3 Investments

During 2024 and 2023, there were no transfers into or out of the investment included in Level 3 of the fair value hierarchy. During 2024 and 2023, there were no purchases of the investment included in Level 3. The unrealized gain on the Company's common stock is included in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

(5) Note Payable

In 2017, the Plan entered into a \$15,000,000 term loan bearing interest at 2.75% per annum with the Company. The proceeds of the loan were used to purchase an additional 32,911 shares of the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral multiplied by the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. In 2024, a \$750,000 payment was made. This resulted in 1,382 shares being released and allocated for the plan year ended December 31, 2024.

(5) Note Payable, Continued

The agreement provides for the loan to be repaid over 20 years. The scheduled minimum principal amortization of the note for the next five years and thereafter is as follows:

Year Ending December 31,	Amount
2025	\$ 596,630
2026	\$ -
2027	\$ -
2028	\$ -
2029	\$ -
Thereafter	\$ 4,980,465

(6) Related Party Transactions and Party in Interest Transactions

The Plan assets, which consist principally of Company common stock, are administered by the trustees of the Plan. Company contributions are held and managed by the trustees, which invest cash received and interest income, and make distributions to participants.

Employees of the Company perform certain administrative functions. No such employees received compensation from the Plan. Administrative expenses may be paid by the Plan or the Company.

(7) Risks and Uncertainties

The Plan invests primarily in common stock of the Company, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(8) Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the trustees to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

(9) Tax Status

The Plan uses a non-standardized pre-approved ESOP plan document sponsored by Stevens & Lee PC. The Internal Revenue Service (IRS) has determined and informed Stevens & Lee PC by a letter dated June 30, 2020, that the plan document is designed in accordance with the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
