INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of

We have performed audits of the accompanying financial statements of Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to our derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Taylor Management Company Inc 401(k) Profit Sharing Plan & Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering all full time non-excluded employees of Taylor Management Company Inc (Effective January 1, 2007) (“Company”). If you have attained age 21, you will automatically be eligible for Company matching and discretionary profit sharing contributions on the Entry Date (first day of each month of the plan year) following the date you complete one year and one thousand hours of service with the Company. Notwithstanding the above, if you have attained age 21, you will become eligible to make 401(k) salary deferral contributions to the Plan on the Entry Date (the first day of each month of each year) following the date you complete three months with the Company. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It is intended to satisfy the requirements of Section 404(c) of ERISA, as amended. A Section 404(c) plan is an individual account plan designed to provide the participants with the opportunity to exercise control over the assets in their individual account, and also provides participants the opportunity to choose, from a range of investment funds, the manner in which the assets in their account are invested.

A 401(k) plan was established for eligible employees effective January 1, 2007.

Contributions. Each year participants may contribute up to ninety percent of compensation, but in no event to exceed twenty-three thousand dollars for 2024 and twenty-two thousand five hundred dollars 2023. If a participant has attained age fifty or will attain age fifty before the last day of the Plan Year an additional 401(k) salary deferral “catch up” contribution of seven thousand five hundred dollars for 2024 and 2023, may be made. Participants may also contribute, with consent of the Plan Administrator and the Trustees, amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a fixed annuity and collective trust funds as investment options for participants. The Company reserves the right to elect to make additional discretionary profit sharing contributions to the Plan based on the Company’s performance during the year.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants. Participants may borrow from their accounts up to a maximum of the lesser of 50% of the vested amount of their account balance as of the valuation date prior to the date of loan application, or \$50,000. The \$50,000 amount shall be reduced by the highest outstanding balance of the participant's loans from the Plan during the twelve-month period ending on the day before the loan is made. The loans are secured by the balance in the participant's account and bear interest at the prevailing market value for similar loans under terms established by the Trustees in a non-discriminatory manner. Interest and principal must be paid at a minimum of at least quarterly. Generally, the loan including periods of renewals, must be repaid within five years of the original date. In the event of termination of employment for any reason before the loan is repaid in full, the unpaid balance, together with accrued interest shall become due and payable. If the Company acquires either the stock or the assets of another employer, any outstanding loans from any plans which are merged into this Plan may be continued in this Plan under the terms of the loan provisions when the loan was granted.

Hardship Withdrawals. The plan does not provide for hardship withdrawals.

Payment of Benefits. On termination of service due to death, disability, retirement, or for any reason, a participant may elect to receive either a lump-sum, installment payment or annuity contract. If the participant's benefit in the plan does not exceed \$5,000, then the benefit will be distributed in a single sum payment. The amount to be distributed is the amount credited to the participant's accounts in the Plan as of the Valuation Date preceding the distribution. In the event of death the entire amount credited to the participant's accounts under the Plan will be distributed to the participant's beneficiary either in a lump-sum or a single-sum payment of a portion of the account balance, as determined by the beneficiary, with the Trustees' consent.

NOTE A - DESCRIPTION OF PLAN (continued)

Forfeited Accounts. At December 31, 2024 and 2023 there were \$29,606 and \$24,822 in forfeited non-vested accounts. If a participant terminates employment and forfeits a portion of their benefit, and receives a distribution of their balance, the forfeited amounts will be used to reduce the Company's cost associated with the Plan. If a participant returns to work prior to the time of incurring a five year break in service, that portion of their Employer Contribution Account balance which was previously forfeited will be restored to them if they repay the full amount distributed to them.

Plan Expenses. The company (Plan sponsor) pays all of the administrative expenses of the Plan with the exception of participant loan fees.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting. The financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices and observable inputs are used to value investments. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Guaranteed Interest Fund is valued using observable inputs for comparable securities. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis.

Payment of Benefits. Benefits are recorded when paid.

Investments at Fair Value	<u>\$ 7,032,978</u>		

FASB's Accounting Standards Codification, (ASC) 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly such as quoted prices used to value similar instruments in active markets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE D – GUARANTEED INTEREST FUND

As a general account product offered through the group annuity contract, participant principal and interest are fully guaranteed by the general account assets of Great West Life & Annuity. Assets are primarily high-quality, fixed income bonds, with 99% rated investment-grade. If a participant transfers out of the Guaranteed Interest Fund, GWL&A reserves the right to restrict transfers for 30 days. If the Employer

chooses to terminate the product, there may be participant transfer restrictions until the money is paid to the next provider. If there is a Plan Sponsor initiated event (such as, but not limited to, a merger, acquisition or plan termination), a Market Value Adjustment is assessed on Participant distributions for a period of 12 or 36 months, depending on market conditions. These transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

NOTE E - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by Great-West Trust Company LLC effective April 17, 2017. The Trust consists of participant contributions or amounts transferred to the Plan in accordance with its terms, investments and proceeds thereof and earnings thereon, reduced by all payments from the trust. The Company and Plan, have selected the Investment Funds which have been made available as the investment vehicles to be available to participants under the Plan. The Company directs Empower Retirement to invest the assets of the Plan as directed by the participants in accordance with the relevant provisions of the Plan document. In investing the assets of a participant's account, including those assets for which the Trustee has no investment responsibility, Great-West Trust Company LLC will follow the investment directions of the participant. Each participant will have full responsibility for the investment results of his investment instructions. The Company certifies that the Plan shall at all times be maintained in compliance with the investment selection provisions of Section 404(c) of ERISA. Empower Retirement provides third party detailed record keeping and compliance services that relate to the operation of the plan for all employees and plan participants.

NOTE F - PLAN TERMINATION

It is intended that the Plan will continue indefinitely, the Company does reserve the right to terminate the Plan. If the Plan is terminated, the amounts credited to the Employer Contribution Accounts of all the Participants will become one hundred percent vested. The Plan may also be amended at any time.

NOTE G - TAX STATUS

The company established a 401(k) Plan effective January 1, 2007 providing retirement benefits for the Company's Employees. The company adopted the Defined Contribution Prototype Plan and Trust sponsored by Great-West Trust Company LLC. On March 31, 2014 the Internal Revenue Service issued a favorable opinion letter with respect to the acceptability of the form of the plan under the Internal Revenue Code. The Plan adoption agreement was restated effective March 15, 2017. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The plan was restated in December of 2020 effective January 1, 2021. The restatement did not change any plan provisions and was a CYCLE 3 restatement required by the Internal Revenue Service to bring the plan into compliance.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Notwithstanding the foregoing, the IRS may nonetheless audit the Plan to ensure it has been operated in accordance with the Plan document and applicable laws.
