## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
**Members First Credit Union 401(k) Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Members First Credit Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Members First Credit Union 401(k) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Members First Credit Union 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Members First Credit Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Members First Credit Union 401(k) Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

The Members First Credit Union 401(k) Plan (the “Plan”) is a defined contribution plan covering eligible employees of Members First Credit Union (the Credit Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s provisions.

#### Administration

The Plan Sponsor and named Plan Administrator is Members First Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of Board members and members of the Credit Union’s management team. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance and fees. The Plan’s Trustees are Directors or officers of the Credit Union. The Investment Custodian and recordkeeper as of December 31, 2024 and 2023 and for the year ended December 31, 2024 was Voya Retirement Insurance and Annuity Company (Voya). The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Plan Administrator engaged Future Plans (formerly Goldleaf Partners) for administration services as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

#### Eligibility

All eligible employees must be 18 years of age and complete 30 days of service. Eligible employee shall become a participant eligible to make elective deferrals/voluntary contributions immediately upon meeting the requirements.

#### Participant Accounts

Each participant’s account is credited with the participant’s contributions and Credit Union matching contributions, as well as allocations of the Credit Union’s profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants’ accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

# MEMBERS FIRST CREDIT UNION 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Contributions to the Plan

Each year, participants may contribute up to 100% of eligible compensation, as defined in the plan document, through payroll withholdings to several investment alternatives as directed by the participant. The Plan also allows participants to make after-tax Roth contributions. Upon meeting the eligibility requirements, as defined in the plan document, those participants who do not affirmatively elect against automatic contributions are automatically enrolled at a before-tax contribution of 6%. Participants who have attained age 50 before the end of the period are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined contribution plans (rollovers). However, the Plan Administrator reserves the right to refuse acceptance of any rollover which might affect the status of the Plan.

The Credit Union makes both nondiscretionary matching contributions and discretionary profit sharing contributions for employees who have attained age 18 and completed one (1) Year of Eligibility Service. The nondiscretionary matching contributions equals to a percentage of each participant's salary deferral.

Effective as of January 1, 2023, the Plan was amended to change the calculation of employer matches to be 100% of the first 6% of employee deferrals. Employer matching contributions totaled \$834,471 for the year ended December 31, 2024. The discretionary profit sharing formula was equal to 5% of eligible wages, totaling \$292,962 net of forfeitures for the year ended December 31, 2024.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### Payment of Benefits

On termination of service due to disability, retirement or other reasons, a participant may elect to receive an annuity, lump-sum amount for whole or part of his or her account, or have whole or part of the account be paid in equal or substantially equal payments over a fixed period of years or as a fixed periodic sum. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

On termination of service, participant account balances less than \$1,000 will be distributed by the Plan Administrator within a reasonable time following the termination. The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

### Vesting

The balance in each participant's salary deferral and rollover accounts is 100% vested at all times. Employer matching and profit sharing is subject to a graded vesting schedule based on years of service. A participant is 100% vested after five years of credited service.

Participants also become 100% vested when termination of employment is due to retirement (age 65), death, or total and permanent disability.

# MEMBERS FIRST CREDIT UNION 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates plus 1%. Principal and interest is paid ratably through payroll deductions.

### Forfeitures

Forfeitures attributable to employer contributions shall be used to fund any employer contributions and pay plan expenses for the plan year following the year such forfeitures occur. Forfeitures in the amount of \$33,367 were used to fund employer contributions and pay plan expenses for the plan year ended December 31, 2024. There was a balance in the forfeiture account of \$1 and \$2,119 at December 31, 2024 and 2023, respectively.

## **Note 2 – Summary of Significant Accounting Policies**

### Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Custodian and investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

# MEMBERS FIRST CREDIT UNION 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Payment of Benefits

Benefits are recorded when paid.

### Fees and Expenses

Certain administrative expenses, including salaries, accounting, and legal, are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Certain investment-related expenses are included in the net appreciation or depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

### Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 7, 2025 which is the date the financial statements were available to be issued.

### **Note 3 – Unaudited Information Certified by the Custodian**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Voya Retirement Insurance and Annuity Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024; and
4. Notes receivable from participants as of December 31, 2024 and 2023 and the related income on notes receivable from participants for the year ended December 31, 2024.

**Note 4 – Fair Value Measurements**

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The tables below segregate all financial assets as of December 31, 2024 and 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Fixed Interest Account:* The Plan measures the fixed interest account at fair value which is determined using the credited interest rate, account balances and formulas upon which payments may be based, which are observable inputs. These are observable inputs and the Fixed Account has been classified as Level 2.

*Mutual Funds:* Registered investment companies (mutual funds) are valued at the daily closing prices as reported by the Fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded and are considered to be Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### **Note 5 – Fixed Interest Account**

The Plan has entered into a guaranteed interest contract with Voya. Voya maintains these contributions in the Voya Fixed Account, which is a general account product. Voya is contractually obligated to repay the principal and a specified guaranteed interest rate. The minimum guaranteed interest rate is 1% for the life of the contract and the issuer declares interest rates at least monthly. The safety of the interest rate guaranteed under the account is dependent on Voya's claims-paying ability. There are no reserves for credit risk of the contract issuer or otherwise.

### **Note 6 – Plan Amendment and Tax Status**

The Plan utilizes a pre-approved plan document. This document has been filed with the IRS by the document provider for purposes of obtaining a favorable opinion letter. The most recently obtained opinion letter is dated June 30, 2020. While the plan document has been amended subsequent to this date and has not yet received an updated IRS opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

### **Note 7 – Party-in-Interest Transactions**

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the Plan's Custodian; therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Fees incurred by the Plan for the investment management services are included in the net appreciation or depreciation in fair value of the respective investment. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Plan and Voya Retirement Insurance and Annuity Company (service provider) have entered into a revenue sharing agreement whereby the service provider receives revenues from the mutual fund service providers; this revenue is used to offset the service provider's costs of administering the Plan. If the revenue received exceeds the costs of administration, the service provider remits the excess to the Plan. Such excess amounts may be used by the Plan to offset other administration costs.

### **Note 8 – Plan Termination**

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Custodial fees and other operating expenses incurred after the termination date may, at the discretion of the Plan Sponsor, be paid by the Plan.

### **Note 9 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 10 – Nonexempt Transactions**

Certain participant contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and Plan Sponsor. Impacted amounts are reported on the attached supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.
