INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Cuisine Solutions, Inc. Employee Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cuisine Solutions, Inc. Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cuisine Solutions, Inc. Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cuisine Solutions, Inc. Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design,

implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cuisine Solution, Inc. Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cuisine Solutions, Inc. Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cuisine Solutions, Inc. Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

The Nair Group, LLC

Lorton VA, 22079

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) Schedule H, line 4j - Schedule of Reportable Transactions, as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cuisine Solutions, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

1. Plan Description

The following description of the Cuisine Solutions, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

Cuisine Solutions, Inc. (the Company and Plan Sponsor) established the Plan, effective October 1, 1980, as a defined contribution plan for the benefit of the employees of the Company pursuant to the provisions of Section 401(k) of the Internal Revenue Code (IRC, the Code). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Great West Trust Company, LLC (Great West) is the Trustee and record-keeper of the Plan.

Eligibility

All employees who are at least age 18 and have one year of service with the Company are eligible to participate in the Plan. A year of service is defined as 1,000 hours or more worked during the Plan year.

Contributions

Each year, participants may contribute an amount of their calendar-year pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company matching contributions totaled \$281,443 and \$229,151 for the year ended December 31, 2024 and 2023, respectively.

The Company’s Board of Directors may elect, at its discretion, to make additional contributions from the Company’s profits. These contributions are allocated to accounts of participants currently employed at year-end, based on the ratio of each participant’s compensation for the plan year to the total compensation for the plan year of all eligible employees. Contributions are subject to certain limitations. There were no additional discretionary contributions during the years ended December 31, 2024 and 2023.

Cuisine Solutions, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings. Earnings and charges for expenditures are allocated by fund, based on a participant's account invested in a particular fund to all participants' investments in that fund.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their tax deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. Participants vest 20% each year and are fully vested after five years of eligibility.

Notes Receivable - Participant Loans

Plan participants may borrow from the Plan up to the lesser of 50 percent of their vested account balances or \$50,000. The minimum loan is \$1,000 and the participant may not receive any distributions unless the participant is 100% vested. Generally a loan term does not exceed 5 years, unless the loan is for the purchase of a primary residence, in which case the loan term may be longer. The loans are secured by the balance in the participant's account and bear interest as specified in the plan document.

Interest rates on the loans are comparable to market rates. Current interest rates vary from 4.25% to 9.5%. Loans are repayable ratably through periodic payroll deductions. Interest earned, on participant loans for the year ended December 31, 2024 and 2023 was \$22,738 and \$18,068 respectively.

Payment of Benefits

Unless the employee elects otherwise, the payment of benefits is made in a lump sum not later than April 1st of the calendar year following the year in which the employee turns 70-½ or terminates his or her service because of termination of employment, death, retirement or disability.

Forfeitures

Any portion of a participant's account that is not vested will be forfeited as of the end of the Plan year after which either the participant has received payment of his entire vested account balance or has incurred a five-consecutive-year break in service from the Company, unless for reasons of death, disability, or retirement. Forfeitures will first be used by the Plan for payment of Plan expenses. Any remaining forfeitures will be used to reduce any employer contributions. During 2024 and 2023, the Plan used forfeitures of \$0 and \$0 to pay for plan expenses. The amount of unallocated forfeitures in the Plan totaled \$67,206 and \$49,703 at December 31, 2024 and 2023, respectively.

Administrative Expenses

With exception of loan origination fees and redemption fees, all administrative expenses, not covered by forfeitures, are paid for by the Plan Sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Changes in the fair value of investments between years are included in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value and/or prices per share as of December 31, 2024 and 2023. Fixed annuity is valued at the amount contributed into the annuity by each participant and any interest that it has accrued, minus distributions made.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could materially differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Tax Status

The Plan was adopted under a prototype plan sponsored by the Trustee. The Internal Revenue Service (IRS) has determined and informed the Company, by letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The federal annual returns of the Plan are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

5. Information Prepared and Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, the Custodians, Great West Trust Company, LLC, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

6. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosure* defines fair value, establishes a framework for using fair value to measure assets and liabilities, and expands disclosures about fair value measurements. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Cuisine Solutions, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2024 and 2023.

Common Collective Trusts: Common collective trust funds represent interests in pooled investment vehicles designed typically for collective investment of employee benefit trusts. The fair values of these investments are determined by reference to the NAV per unit provided by the fund managers as the basis for current transactions.

Annuity Account (Fully Benefit-Responsive Investment Contracts): Fully benefit-responsive investment contracts held in a defined contribution plan are required to be measured at contract value. Contract value is a relevant measurement because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2024 and 2023, the Plan held fully benefit-responsive investment contracts through Great West consisting of traditional guaranteed investment contracts (GICs). The key objective of Great West annuity is to preserve principal, maintain a stable crediting rate, and provide liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan

- a) all contributions made by or on behalf of the participant that are allocated to a fixed account option; plus
- b) all interest credited to the fixed account on an annual effective basis pursuant to the guaranteed interest rate applicable to the fixed account selected on behalf of the participant; less
- c) any amounts transferred or distributed from the fixed account; less

Cuisine Solutions, Inc. 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

d) any applicable charges described in the group annuity contract schedule of terms and fees.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events may include material adverse changes to the provisions of the Plan or its termination and are not probable of occurring in the foreseeable future. Examples of events that would permit a contract issuer to terminate a contract upon short notice may include the Plan's loss of its qualified status, material breaches of responsibilities, or material and adverse changes to the provisions of the Plan.

The fair value hierarchy method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair and contract value:

December 31, 2024	Quoted Price in Active Markets	Total
Mutual funds	\$ 10,403,388	\$ 10,403,388
Collective trust funds	-	2,620,116
Variable Annuity	-	2,001,658
Fixed Annuity	-	1,753,344
Total investments at fair value	\$ 10,403,388	\$ 16,778,506

December 31, 2023	Quoted Price in Active Markets	Total
Mutual funds	\$ 9,915,451	\$ 9,915,451
Collective trust funds	-	2,166,577
Fixed Annuity	-	1,474,786
Total investments at fair value	\$ 9,522,564	\$ 13,556,814

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Cuisine Solutions, Inc. is the sponsor of the Plan, and as such, executes the normal duties associated therewith. Costs incurred for various administrative functions are paid by the sponsor on behalf of the Plan. There were no financial transactions made between the Sponsor and the Plan.

8. Risks and Uncertainties

The Plan holds various investment instruments, including mutual funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 7, 2025, the date the financials were available to be issued in accordance with ASC 855, *Subsequent Events*. During this period, no other material recognizable subsequent events were identified.
